Dated 2nd. August, 1986

To
Rev. Dieter Hecker
Director Gossner Mission
1 Berlin 41
Handjerystrasse 19/20
West Germany.

Dear Sir,

I thankfully acknowledge your kind letter of July 7, 1986 on the subject of additional grant for repairs of building and machineries of the Fudi-Technical Training Centre.

I am herewith furnishing particulars asked for as under

(a) Number of students during the last five years -

	Fitter Trade		Welder	Carpenter
	1st. Year	2nd Year		
1982	32	30	12	x
1983	32	30	13	6
1984	34	30	13	5
1985	40	29	15	x
1986	40	25	15	x

(b) Educational qualification for admission for Fitter Trade -
for Welder Matric pass and above
for Carpenter Under matric
" "

Fitter Trade Training for two years others are for one year only.

Average number of applications received during last four years is about 500 (five hundred).

Fitter Trade is the most popular Trade. According to Govt. regulations we are permitted to admit only 16 in each section in fitter i.e. for two section we admit 32. We are also permitted to admit up to maximum of 40, hence it is that during last three years we had more than 32.

contd ... P/2.

Carpenter Trade proved unpopular so we abolished it temporarily.

- (c) Mode of Selections - Entrance examination is held and after weeding out those failing to secure qualifying marks a certain number of student is selected for personal interview.

When the selection committee after considering various criteria makes final selections. 75% of seats are reserved for scheduled Tribe and Castes. Balance of 25% of seats is filled up with non-tribal-non-christian applicants.

Care is taken to see that parity is maintained in the admission from different Trustee Churches.

Applicants it may be noted come from all sections of the Society majority being from non-Tribals.

- (d) Rs 20 per month is charged as fee and their food expenses come to about Rs 110 per month per student. Tribal boys get scholarship of Rs 55 per month from the Welfare Dept. Govt. of Bihar. Students manage their Mess. They also do manual labour for maintenance of the compound in free time.

- (e) As students do not write back about employment follow-up records have not been possible. But this much can be said that the centre has good name and our results are very good.

The trainees generally get jobs in ancillary industries in and around Ranchi Rly. Department and in other places.

- (f) Production - Since wood work from private parties and fabrication job and wood work from private parties and from some Govt. Departments. We earned net income of

Rs 10,000 in 1984
Rs 12,000 in 1985 and
Rs 20,000 in 1986 (expected)

This unit is being attended to by the Principal Shri. B.N. Chatterjee in addition to his usual assignment. As the job work will increase some one in full charge of the unit will have to be employed. You will recall that a one time aid of an amount between Rs 1,00,000 to Rupees one lac will go a long way in near future.

^ 50,000
^ way to make
it self

I shall be happy to furnish other information that may be needed further.

With regards,

Yours sincerely,

Liebe Frau Bothe!

Haben Sie vielen Dank für Ihr obengenanntes Schreiben und die ergänzenden Anfragen. Bevor ich morgen für drei Wochen in Urlaub gehe möchte ich Ihnen doch noch eine vorläufige Antwort schicken. Wir haben in Indien angefragt nach den genauen Zahlen wie sich die Schüler auf die drei Sparten verteilen. Es ist eine zweijährige Ausbildung. Somit werden jedes Jahr die Hälfte der Schüler wieder neu aufgenommen. Die Prüfung wird von der Regierung gemeinsam mit anderen Absolventen von öffentlichen Schulen dieser Branche abgenommen. Soweit mir bekannt ist, brauchen die Trainees kein Abitur, sondern Mittelschulreife. Die Stellen werden meist frei ausgeschrieben, d.h. vor allem in der Gegend von Chotanagpur, wo hauptsächlich Adivasis wohnen. Die Studenten sind demnach auch überwiegend Mitglieder der dortigen Ureinwohner vom Stamm der Mundas und Oraons. Ein großer Teil unter ihnen gehört einer der drei großen Kirchen, d.h. der Lutherischen, der Katholischen und der Kirche Nordindiens an. Es sind aber immer auch eine ganze Reihe Hindus und Moslems mit dabei. Auch der Lehrkörper ist gemischt, d.h. nicht alle Dozenten sind Christen. Der Unterricht erfolgt wie überall in Chotanagpur in Hindi. Die Schüler müssen im Internat wohnen, da das Ausbildungszentrum auf dem flachen Lande ist und kaum jemand so günstig wohnt, daß er bei den dortigen Verkehrsverhältnissen jeden Tag zum Ausbildungszentrum kommen könnte. Für die Kosten der Verpflegung bekommen die meisten Studenten, wenn sie als Adivasis zu den benachteiligten Gruppen gehören, ein kleines Stipendium, das für das Essen und ein geringes Taschengeld ausreicht. Von der Institution her müssen die Gehälter der Dozenten, der Unterhalt der Gebäude, das Arbeitsmaterial und die Verwaltungskosten finanziert werden.

Sie haben Recht mit Ihrer Vermutung, daß die 20.000 Rupien nur die laufenden Instandsetzungskosten abdecken. Die notwendigen größeren Reparaturen sind darin nicht enthalten. Die Gossner Mission wird selbstverständlich für die nächsten Jahre den bisherigen jährlichen Zuschuß von 40.000,- DM beibehalten. Der Antrag an den Ökumenisch Missionarischen Weltdienst bezieht sich nur auf die darüber hinaus zusätzlich notwendigen Aufwendungen.

Sobald wir aus Indien genauere Informationen über die Zusammensetzung der Studenten in den verschiedenen Ausbildungsjahren haben, werden wir Ihnen diese weiter melden.

Mit einem freundlichen Gruß auch an Herrn Blöcher und guten Wünschen für Ihre Arbeit bin ich

Ihr

Lieber Herr Hecker,

vielen Dank für Ihr Schreiben vom 10.06.1986 mit den ausführlichen Antragsunterlagen.

Herr Blöcher befindet sich noch bis Anfang Juli in Äthiopien; er wird sich nach seiner Rückkehr sicherlich mit Ihnen in Verbindung setzen. Eine gewisse Wartezeit läßt sich ohnehin nicht vermeiden, da unser Ausschuß nur zweimal im Jahr tagt. Die nächste Sitzung ist Mitte November.

Nach der Lektüre Ihres Antrags drängten sich mir spontan einige Fragen zu den Schülern auf. Sie nennen zwar die Gesamtzahl von 100 bis 120 pro Jahr und die drei Berufssparten, in denen die Ausbildung erfolgt. Wie aber verteilen sich diese 120 Schüler auf die drei Sparten und auf die beiden Lehrjahre? Welche Eingangsvoraussetzung müssen die Schüler mitbringen? Nach welchen Kriterien werden die Schulanfänger unter den Bewerbern ausgewählt? In welcher Sprache folgt der Unterricht? Und wo wohnen die Schüler?

Das Budget 1986 schließt mit einem Defizit ("Funds required") von Rs 384.413, was ungefähr DM 75.000,- entspricht. Für Reparaturmaßnahmen sind Rs 20.000 $\hat{=}$ DM 4.000,- angesetzt, weshalb ich vermute, daß es sich bei diesem Betrag nur um die laufenden Instandhaltungsmaßnahmen handelt, nicht aber um die notwendig gewordenen größeren Reparaturen. Ich gehe deshalb davon aus, daß die Gossner Mission, unabhängig von unserem Zuschuß, ihren jährlichen Betrag von DM 40.000,- auch für die drei Antragsjahre leisten wird.

Mit freundlichen Grüßen

Dear Mr. Topno,

We had remitted DM 10,000.-- by telegraphic transfer to the FTTC-Account in April . We got a letter from Rev. Teee, that this amount had not yet arrived in August this year. We did not hear anything from EMW, that it had been sent back, so we assume, that it might have arrived in the meantime. Our plan this year is to increase by 20% the Rupee amount of 1985. Since the exchange rate has gone up considerably last year there is a rest of DM 5,000.--, which we shall remit today. Since the exchange rates are not foreseeable, we would appreciate if you could inform us immediately after the arrival, if the total annual amount has been reached. Otherwise we would send a supplement transfer to cover this.

We shall put up a security funds here with the amount saved this year due to the favourable exchange rate of the Rupee for us, so that we will have a buffer, if the development turns round the other way in the coming years.

Hoping to see you soon to talk about these issues as well,

I remain,

Dear Mr. Topno,

Thank you for your letters no. 489/86/KSS-78(A) and no. 516/86/KSS dated 14.7.86 about the subsidy for Fudi. I would like you to bring the following information to the notice of the Governing body. Possibly, there could also be a meeting with the G.B. during our visit to Chotanagpur in October/November this year.

I raised the point of salaries during our last meeting, since we cannot feel satisfied, if church employees in the technical or medical area are paid much less than in other public institutions. Out of this your proposal came to give a revised payscale with a considerable increase not just about 20%. There has been an increase of 1984 to 1985, so that a new increase will be at about 40-50% as compared to 1984. Gossner Mission could do this without difficulties, if Fudi were the only institution in this situation. There will be however the hospital in Amgaon and the BEL with much higher amounts of grant in a similar situation. Furthermore, there was a very strong feeling in our Kuratorium, that it is not a good habit, that Gossner Mission continues increasing her grant and there has been no visible attempt to be more self supporting with local funds for the time being, since this would also create tremendous problems in case that grants could not be given some day for political or technical reasons.

I do welcome therefore the two additional own sources, i.e. income from production and the contribution of Rs. 18.000,-- from the three member churches and we do take this commitment very serious. In case, that this contribution will not come, our Kuratorium will understand this as a lack of interest of the constituent churches of the Fudi Trust and it may not be possible to keep up our commitment for the regular increased fund. If you think it necessary, I am ready to adress the three churches concerned directly and explain it to them. On the long run, I think, Fudi should try to get some government grants to get a real sound local financial foundation.

So far our longterm ideas. The meaning of the Kuratorium vote for a 20% increase for 1986 only was to stress, that we do expect more efforts for self support. We have planned however to give this grant for the coming years as long as other sources are not available in the interest of the

/-2..

employees, although it is not in line with our policy, and the G.B. should better keep this in mind. At present the exchange rate is very good for us in Germany, so that last years' increase was nearly completely due to this change. We shall remit a 20% increase on last years' Rupee amount. If from our budget in DM something is left, this should be put aside as a security in case of an opposite development in exchange rates. Please do advise us, if you can do this in India without difficulties from the income tax office or if we better should do it in Germany itself.

We have also sent an application for a grant to our Cooperation of Missionary Institutions of about Rs 150.000,-- for the coming three years for repairs, reshaping of maintenance, in order to improve the conditions of the whole outfit, so that during this time some funds for repairs and extra maintenances could also be saved from the actual budget. But these savings should be used for making the institution more independent in future, not to create new regular habilities.

Summing up, I want to say once more , that we are very keen to see, that FTTC becomes more self supporting and we would like to see some progress in this line in the coming years. In the interest of the employees, however, we do agree to bear the additional costs upto a total of Rs. 240.000,-- annual grant. For repairs, special maintenance and improving the buildings we hope to get additional funds and will inform you as soon as we get the decision, which will be at about October or November.

Wishing you all the best, I remain

Yours sincerely,

Dieter Hecker

Rev. Dieter Hecker,
Director, Gossner Mission

Dear Rev. Hecker,

Greetings.

I refer to your letter of 29.5.86 and earlier one of 5.12.85 .

Doubts have arisen in the minds of the G.B. members as to the real import of your information regarding 20 % increase over remittances in 1985. We have received about Rs. 40000 more in 1986 than in 1985. This you say is for 1986 only and is meant to pay 20% more of the basic salary to the F.T.T.C. Staff.

You will recall that when you visited F.T.T.C. some time in March 1986 in course of discussion you felt concerned that the payscale of the staff in comparison to the Govt. scale is very ~~low~~ *low*.

You accordingly offered to consider the possibility of increasing the grant by 20% so that with income of about Rs. 12000 from ~~Production~~ production unit plus Rs. 18000 contribution from three Churches (@ Rs. 6000 per church) the pay scale could be revised to bring the same to 80% of the basic pay as per Govt. Scale.

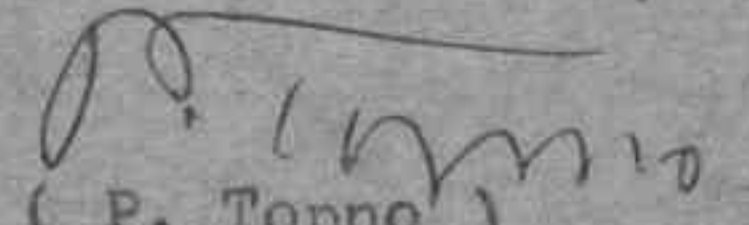

On receipt of Rs. 40000 for 1986 the G.B. thought of revising the basic pay, this year. But then doubts arise that if we revise the pay scale we can pay only for 1986 with Rs. 40000. Unless we got the increase of Rs. 40000 which is roughly 20% of 1985 receipt) for other years also the revision- (raising the basic pay by 20%) would be meaningless. The contribution of Rs. 18000 from churches is not forthcoming. Income from production unit might be maintained at this level in other years also.

Confirmed I am therefore requested to seek your clarification as to whether 20% increased subsidy which is about Rs. 40000 over 1985 receipts will be confirmed for other years also or whether it is for only 1986 and stopped from 1987 onwards.

An early reply will highly oblige.

Yours sincerely,

Re.: Application for an additional grant for repairs for Fudi from
Evangelisches Missionswerk Hamburg

Dear Mr. Topno,

We have just made an application for additional grants for Fudi for the repairs of the waterbank and overhauling of the buildings in general. For this we need some background informations:

- a) How were the members in the recent (3-5) years of students in the different sections of Training?
- b) What are the entrance requirements?
- c) What is the number of applicants normally?
- d) How are the students selected (from which communities do they come)?
- e) How is their scholarship and their contribution to FTTC?
- f) How are their perspectives to get a job?
- g) How is the progress in taking up production again in the last few years?

It would be helpful for us, if you could answer these questions and also add any informations, leaflets, reports relevant to this topic.

With all good wishes,
Sincerely yours,

Dieter Hecker

Herrn Blöcher

10.6.1986

Sehr geehrter Herr Blöcher!

Hiermit beantragen wir einen Zuschuß für das Technische Ausbildungszentrum in Fudi/Indien für 1986 in Höhe von DM 50.000,--, für die Jahre 1987 und 1988 ist ein Zuschuß von DM 40.000,-- vorgesehen.

Begründung :

Das Fudi Technical Training Centre wird seit seiner Gründung im Jahre 1961 von der Gossner Mission unterstützt, da es der indischen Kirche bisher nicht möglich war, neben ihren anderen Aufgaben die Kosten dafür aufzubringen. Unser Zuschuß war über die letzten Jahre hin konstant bei etwa DM 40.000,-- im Jahr. Höhere Beiträge sind für uns in den kommenden Jahren ebenfalls nicht denkbar, da wir in den vor uns liegenden Jahren auch so ein Defizit kaum vermeiden können.

Der Grund für den Antrag liegt darin, daß 1.) eine Erhöhung der Gehälter der Ausbilder unumgänglich ist. Während in den ersten 10 Jahren ihre Gehälter etwa denen von entsprechenden Regierungseinrichtungen entsprachen, sind sie inzwischen auf etwa 40% dieser Gehälter abgesunken (je nach Alter und Qualifikation etwa 400-500 Rs. monatlich, im Vergleich zu Anfangsgehältern von ca. 1.200 Rs. monatlich bei den Indian Technical Institutes im Bundesstaat Bihar. - Eine Erhöhung der Gehälter war überfällig, ist aber von der Gossner Mission nicht zu leisten. Örtliche Mittel sind zur Zeit noch nicht in entsprechender Höhe verfügbar. (Jährlicher Mehrbedarf von ca. 20.000,-- bis 30.000,-- DM).

2.) Seit dem Beginn wurden jeweils kleinere Reparaturen regelmäßig vorgenommen. Jetzt sind allerdings größere Investitionen nötig, um die Gebäude und Einrichtungen wieder für die nächsten 20 Jahre herzurichten, vor allem die Wasserversorgung und Dachreparaturen, die zum Erhalt der Bausubstanz nötig sind. Einmaliger Gesamtbetrag DM 30.000,-- (unser Vorschlag auf 3 Jahre gestreckt).

3.) Nach der Rückkehr des letzten ausländischen Mitarbeiters (Helmut Hertel, jetzt Dienste in Übersee) im Jahre 1972 wurde die Produktionsabteilung zunächst vermietet, weil das Risiko eines Defizits mit dem damaligen Management zu groß war. Wegen Standortschwierigkeiten (Lage auf dem Dorf, ohne Infrastruktur) ist dies bald zu Ende gegangen. Mit dem neuen Leiter seit 1983 sind erste Schritte unternommen worden, um die Produktion mit festen Aufträgen (überwiegend von kirchlichen und öffentlichen Einrichtungen für Fenster, Türen, Betten und Möbel) wieder aufzunehmen. Bei entsprechenden Investitionen für Material und Gehaltsvorfinanzierung können bis zu s. 50.000,-- Nettogewinn erwirtschaftet werden. Benötigte Summe: DM 20.000,--

/-2..

Perspektiven:

Es laufen Verhandlungen darüber, wie die Eigenfinanzierung von FFudi nachhaltig geändert werden kann. Dazu kommen drei Möglichkeiten in Frage:

- 1.) Direkte Beiträge der beteiligten Kirche. Diese sind seit 1986 mit Rs. 18.000,-- eingeplant, können noch etwas gesteigert werden, aber realistischerweise keinen Hauptanteil der Kosten abdecken.
- 2.) Die Produktionseinnahmen sind seit 1984 bereits wieder in kleinem Rahmen angelaufen durch freiwillige Arbeit von Instructors und Studenten. Nur so waren die niedrigen Tariflöhne überhaupt zu halten, weil die Nebenarbeit per Stücklohn zusätzlichen Verdienst ermöglichte. Von den ProduktionsKapazitäten her scheint eine Einnahme von 50.000,-- Rs. im Jahr gut möglich. Die Produktion sollte aber langsam gesteigert werden, um plötzliche finanzielle Risiken zu vermeiden. Die Frage der Besteuerung muß dazu ebenfalls sorgfältig geprüft werden.
- 3.) Das FTTC arbeitet zwar nach dem Lehrplan der Regierung in Bihar, schickt die Studenten auch zu den staatlichen Examen (mit jeweils über 90% Erfolgsquoten in den letzten Jahren), aber da es keine Institution ist, die dem allgemeinbildenden Bereich angehört, ist es schwer, staatliche Unterstützung zu bekommen bei kirchlicher Trägerschaft, ganz im Gegensatz zu den über 100 Primary-, Secondary- und High-Schools, sowie dem Gossner College. Die Verhandlungen müssen aber weitergeführt werden um Zuschüsse und Teilfinanzierungen.
Auf diese Weise ist zu erwarten, daß innerhalb der 3 Jahre die jetzt angefallenen Mehrausgaben von indischer Seite übernommen werden können. Unser Vorschlag wäre, daß bereits 1987 und 1988 Rücklagen für die Eigenübernahme der Kosten für die Zeit danach gebildet werden sollten.

Daher sieht unser Antrag an das EMW folgendermaßen aus:

1986	DM	20.000,--	Zuschuß zu den laufenden Kosten, vor allem Gehälter
	DM	10.000,--	Reparaturzuschuß
	DM	20.000,--	Investitionen zur Produktionsaufnahme
1987	DM	25.000,--	Zuschuß zu den laufenden Kosten
	DM	15.000,--	Reparaturen
1988	DM	30.000,--	Zuschuß zu den laufenden Kosten
	DM	10.000,--	Reparaturen

Enclosed please find a copy of application in the prescribed proforma for the allotment of land for construction of a church building, a pastorage etc. at New Delhi, which has been submitted to the Desk Officer(Lands), Govt. of India, Ministry of Urban Development New Delhi for favour of your kind information and necessary action. We expect to get the land of 1500 Sq.Yds from Government immediately after the application has been processed in the Ministry.

The cost of the land would be about Rs.2,48,000/- plus Registration costs. Presently we have Rs.50,000/- in hand for this purpose. The remaining amount has to be arranged through other sources. The K.S.S. and Gossner Mission may urgently consider to make the remaining amount available to the congregation.

SHORT REPORT ON "THE GOSSNER EVANGELICAL LUTHERAN CHURCH
IN CHOTANAGPUR AND ASSAM AND ITS ACTIVITIES IN DELHI".

The Gossner Evangelical Lutheran Church in Chotanagpur and Assam with its headquarters at Ranchi was started in 1845 by the German Christian Missionaries. The church was declared autonomous in 1919 by its central committee of representatives and took over the charge of the administration from the foreign missionaries in 1921, the church was registered under Section XXI of the Societies Registration Act 1860. The aims and objects and the activities of the church are guided by the constitution of the church ~~adopted~~ with effect from July 1, 1960.

The Gossner Evangelical Lutheran Church had, in the begining, started working among the tribals of Chotanagpur, but has now extended its activities in the states of Bihar, Orissa, West Bengal, Assam, Arunachal Pradesh, Andaman & Nicobar, Madhya Pradesh, Utter Pradesh, Haryana, Rajsthan, Punjab and Delhi. As per the records published by the church for the year 1984, the church has the following organisational figures:-

1. Number of families	72152	11. Schools :	165
2. Number of baptised :	338212	12. Teachers :	1060
3. Confirmed members :	196530	13. Students :	50352
4. New members :	10285	14. Colleges :	4
5. Number of congregations :	1395	15. Hospitals/ Dispensaries:	4
6. Number of worship places:	1398	16. Techical School :	1
7. Pastors :	159	17. Publishing House :	1
8. Candidates :	16	18. Press :	1
9. Pracharaks :	950	19. Agricultural Farm :	1
10. Pracheens :	180		

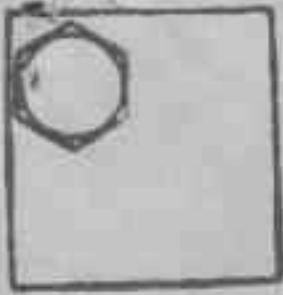

The Gossner Evangelical Lutheran Church New Delhi Congregation (Pracharkpan) which is one of the units of the church was established in New Delhi in 1983 to cater to the religious needs of its members in Delhi and around, whose number in about 500. In the same year a pastor was also posted to New Delhi to look after the members of the church living in Delhi and in the adjoining states of Punjab, Haryana, Rajsthan, U.P., M.P. and J & K. Now New Delhi has been declared the Headquarter of 'Ilaka' of the Church.

As the church members of Delhi do not have any permanent place of worship, they had been worshipping at 2, Mahadeo Road, New Delhi, which was the residence of the then Member of Parliament Shri N.E.Horo. As Shri Horo could not be elected to the Lok Sabha election 1984 the members have shifted the place of worship to Laxmibai Nagar Community Hall on rental basis.

Since 1984 the New Delhi Congregation is trying to get a permanent place of worship and since then has been praying the central Government to allot a building or a plot of land in New Delhi for the place of worship and a residence for the pastor. The Ministry then offered to consider for allotment, if found suitable by the Congregation, a plot of land in Khybar Pass Institutional aria vide Hon'ble Minister, W.& H. D.O.No.J-13015/7/84/ID(DOIV)(461) dated 8-10-1984. However, as this area was not found suitable by the Congregation we appealed to Hon'ble Minister to allot to us a plot or premises in South or central Delhi areas in lieu of the Khybar Pass area vide our letter No.GELC/ND/GENL//84-LB dated 11-8-1984.

Dear Sir,

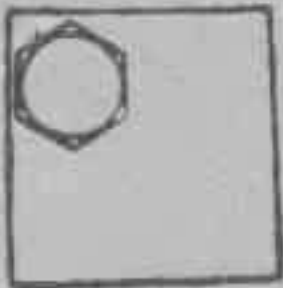

After the G.B. meeting on 22-2-86 Shri. B.N. Chatterjee Principal FTTC told that the subsidy of about Rs 125,000 from the G.M. has been exhausted in payment of salary and meeting other obligations of the centre up to this (Feb.) month.

Just as I was preparing a draft to you for remittance of the balance of the G.M. subsidy. I on checking up with the Accounts Dept. of the KSS learnt that DM 25000 has already been remitted about which information reached KSS Office in January 1986. At the same time I had the disquiting news that KSS A/c. in the Indian Overseas Bank Main Road, Ranchi for collection of foreign contributions (under the FCR Act 1976) stands frozen on account of certain irregularities in respect of KNH Home of Khuntitoly. This means until it is cleared DM 25000 cannot be collected and credited to our A/c.

Bank
I wonder, whether in the circumstances in respect of the above remittance your handing remittance to India Bank could be requested to ~~cancel~~ or with draw the remittance and canalise it though the FTTC A/c. No. 031190032 in the foreign exchange Br. of the State Bank of India Doranda Branch Ranchi.

I would suggest that in future all remittances be sent to our agoresaid Bank.

Sir,

Sub : Allotment of land for religions and cultural purposes

I am to state that the Gossner Evangelical Lutheran Church in Chotanagpur and Assam, Ranchi called GEL Church or Gossner Church in brief- is a registered religious and charitable institution under the Societies Registration Act 1860. The Church operates in the five states of Assam, West Bengal including the islands of Andaman and Nicobar, Bihar, Orissa and Madhya Pradesh.

2. Since last few years the Church has also been functioning in New Delhi where it has a Congregation known as New Delhi Congregation conducting its affairs through a Committee known constitutionally as a Mandli Panch.

The present office bearers of the Panch or Committee of the New Delhi Congregation are :-

- (1) President - Shri N. Mundu
- (2) Vice-President- Shri A. Minz
- (3) Secretary - Shri A. Surin
- (4) Asst. Secretary- Shri J. Topno
- (5) Treasurer- Shri N. Soy.

Since August 1983 a Pastorate with Rev. J. Barun Biswas as the Pastor has been established.

3. Under the Constitution 1960 of the Church the New Delhi Congregation is an integral organisational unit or part of the church and derives its functional powers from the said constitution.

In the course of carrying on its objects and activities the church can either directly or through its units act in the matter of acquisition of properties establishment of religious and charitable institutions in any part of the country.

4. With the establishment of a Pastorate the Church has been able to provide proper ministry to its members at New Delhi and the neighbouring states of the Punjab, Haryana, Himachal Pradesh, Rajasthan and U.P.

5. The question of the manner of consolidating the achievements during the last few years made by the Congregation has been engaging the attention of the Church in the recent past.

The proposal of the New Delhi Congregation for acquisition of a plot of land at New Delhi for construction of a Chapel, a Parsonage and an attached Guest House has been received by the Kendriya Salahkari Sabha (Central Advisory Council) of the GEL Church with approval.

The KSS in doing so assures the Congregation and the authorities of the Works and Housing Ministry of all financial support in the proposed undertaking.

This guarantee is given with reference to the requirements of the column 12 (iv) of the Proforma A- being an application form for allotment of the plot.

The application is hereby endorsed for favourable orders of the Ministry,

Dear Rev. Hecker,

Greetings to you in the name of our Lord Jesus Christ. We are enclosing a copy of PROFORMA-A regarding application for land for constructing Church Building which we are going to submit to the Central Government for the allotment of the land.

As per proforma Col. No. 12(v), once the plot is allotted to us we have to complete the building within two years. Secondly as per col. 12(iv) we may submit the reliable promises of donations for the construction of building. Here we want to get the promises from Gossner Mission Berlin and K.S.S., Ranchi that the expenditures of the proposed building would be met by them. We would submit our application to the Government along with these promise letters. So we request the promisory letter may be sent to us early.

With regard,

Yours sincerely,

Dated November 10, 1985

To

Rev.D.Hecker,
Director Gossner Mission Berlin,
Federal Republic of Germany.

Dear Sir,

Greetings to you in the name of our Lord Jesus Christ. It is a great pleasure to me to introduce the existing situation of New Delhi Congregation before you. We may have different opinions regarding the establishment of New Delhi Congregation but in fact as a G.E.L.Church the inaugural Sunday Church Service was held on 7th of August, 1983, at 2 Mahadev Road at the residence of Mr. N.E.Horo former Member of Parliament. The Pastor's accommodation was also offered by him at the same premises. It was decided by the K.S.S. that a Pastor should be appointed at New Delhi so look after the spiritual needs of the members of G.E.L.Church and also among the members of adjoining states of Delhi. As a result of it I was posted in New Delhi, and Mr. Paulus Topno, the Secretary of G.E.L.Church who accompanied with me to introduce before the Congregation.

As I mentioned before that inaugural church service was held on the 7th of August 1983, at 2 Mahadev Road with a very small number of gathering, but gradually it rose up to 200 at end of 1984. I am very sorry to repeat again when our congregation was running in full swing with it's office at 2, Mahadev Road Mr. N.E.Horo, lost the seat of "Khunti" in the last "Lok Sabha" poll in 1984. This

.... /2

situation affected very badly in the life of New Delhi congregation and we were compelled to leave the premises on 20th of April, 1985. In this critical situation, we prayed to the Bishop of New Delhi, (C.N.I.) to permit us to conduct Sunday Church Service in one of his Church building under the administration of C.N.I. but it was denied by him ignoring the existence of G.E.L.Church in New Delhi. In this situation we maintained the regularity of Sunday Service at the residential premises as it was offered by the church members. Finally we prayed to K.S.S. to grant sum amounts that we may be able to continue Sunday Church Service and other spiritual activities by hiring Government Community Hall. We are very thankful to K.S.S. that our prayer was accepted. Now-a-days we are conducting our Sunday service at Laxmi Bai Nagar Community Hall.

In spite of all difficulties the New Delhi Congregation has its regular Sunday Church Services, prayer meetings, and Sunday School Classes. In addition we have a "Mahila Samaj" and a active Youth Group. The Youth Group has organized a Choir Group so named "Saxi Saleeb" which is one of the best christian programmes in Radio, and Television. In this year in the occasion of "Christmass" they will present one hour special programme for Chhotanagpur area. This programme will be transmitted by FEBA Radio, on 25th of Dec. 1985 at 8.00 to 9.00 P.M. In 1983 we celebrated the "500th Birth Anniversary" of Dr. Martin Luther, with all Lutheran of Delhi. This programme also got importance in Radio, Television and in prominent News papers.

Now we have extended our works amongst the people of lower economic strata not only in Delhi but also in the adjoining states i.e. Punjab, Haryana, Madhya Pradesh and Uttar Pradesh. We also provide social and spiritual services to the bonded labour and the floating construction labour and among Army people, who belong to our church in the Delhi region. At present we have four congregations under Delhi Pastorate i.e. G.E.L.Church, Babupur, Satna (M.P.), G.E.L.Church, Pinjore (Haryana), G.E.L.Church, Okhla (Delhi), and we are expecting four more congregation at the end of this year, at Haridwar, Kalka, Panipath and Mathura. Since 1983 the Delhi Pastorate has provided baptism for 20 persons, confirmation for 8 persons and other socio-religious needs of our people. The most interesting thing is that 6 "Dharma Khojak" were baptized on 27-8-85 at Babupur, Satna (M.P.). In this way near about 500 church members have received spiritual service from Delhi Pastorate.

The financial situation of New Delhi Congregation is not enough to maintain the expenditure of its Pastorat. But we hope within few years the Delhi Congregation will be self supported. In 1982 the Delhi church members had submitted plans of two projects in Delhi, namely "Gossner House New Delhi" and Chhotanagpur Handicrafts Centre" to Kendriya Sahalakari Sabha for its implementation. As a result of it at present we have round about Rs.50,000.00 only in hand for this building fund. I would like to inform you that the members of G.E.L.Church have come from different Anchals. Thus they are representing as a whole in the capital of India. On the other hand Delhi Congregation is the entrance and exit for the friends who come from abroad to visit G.E.L.Church.

We have done lot of correspondence with the Government of India, regarding the allotment of a site for Church building and Pastorate here in New Delhi, and, we have received a favourable response from the Government. I am very happy to inform you that we have received "prescribed form" to chose the site for our Church building. At the same time we have to submit the "Project" showing rough estimate for this purpose which is supposed to be completed within fifteen lakhs. Our plan and project will be forwarded through the K.S.S. to Gossner Mission Berlin. I hope, we will get a fevourable decission to make a model church centre and a model church building in New Delhi. Please convey our greetings to all who remember us in their daily prayer.

"Youshusahay"

Your's in Christ,

J. Borun Biswas.

AUDITORS' REPORT

We have audited the Balance Sheet of Technical Training Centre Fund as on 31-12-1985 and also the annexed Income and Expenditure account for the year ending on that date. The said accounts are in agreement with the books of accounts subject to following remarks:-

1. a) No confirmation from K.S.S. Office for loan was produced before us.
b) No confirmations of loan for Rs.5,700/- on account of subsidiary was produced before us.
2. Previously caution money received was shown as an income. This amount is to be refunded and is a liability not an item of income. The liability outstanding in this account as on 31-12-1985 should have been provided.
3. Depreciation on Fixed Assets:-
Previously depreciation was charged on all assets. We have been informed by the management that the Technical Training Centre was started by taking lease of certain Assets on rent and certain assets were also purchased by the Technical Training Centre which are also included in different heads of Assets.
The assets only belonging to Technical Training Centre should be shown in the Balance Sheet and the balance items should be transferred to lessor and depreciation should be charged on the assets belonging to Technical Training Centre only.
The lease rent should also be provided. However, no lease agreement was produced before us nor the list of Assets purchased by the Technical Training Centre has been produced before us.
4. Amount received from G.E. L. Church :-
No confirmation has been produced before us.

Sub : BUDGET FOR 1986 T.T.C., FUDI.

Dear Rev. Hecker,

I acknowledge with thanks the receipt of your letter No. G.M. dated 19th August 1985.

We understand that you have remitted DM 30,000 for the year 1985 for T.T.C. But I am to inform that this amount has not yet been credited by the bank in our account. Remittance of Rs. 65000 for increase in salary of the staff and workers as per our Budget request for 1985 may kindly be made at an early date.

Mean while I am forwarding herewith the Budget Estimate for the Institute for 1986 (i.e. from 1.1.86 to 31.12.86). This Budget has been considered and approved by the G.B. of the institute on 5.10.85.

It may kindly be ^{Seen} ~~invalid~~ from the Budget Estimate that a sum of Rs. 3,84,430 is required for the year 1986. This may kindly be considered and will be kind enough to release the fund at an early date to run the institute smoothly.

With kind regards,

Yours sincerely,

August 19th, 85

Dear Mr. Topno!

After returning from holidays I found a number of letters dated August 3rd, No. 484/85/KSS-4A and another one from Mr. Chatterjee, Principal of Fudi dated 20th July, No. 357/85-14 A, and an information about the minutes of the KSS meeting dated July 9th with the decision to ~~renew~~ ^{that} the lease of FTTC should be renewed for another 10 years. We are very much pleased about this continuous ecumenical Cooperation for the running of FTTC and do hope, that all churches which participate in the Trust Society will take due interest in the functioning and the improvement of this institution. I am also glad to say, that our impression about the present condition of FTTC during our visit to India was a very good one. So we want to encourage you to continue with these efforts.

As for the finances, I must beg your pardon for the delay of remittance of the second instalment. Our accountant is also new and I assumed, that these remittance would be done automatically, which was not the case.

We shall therefore remit the rest of this years approved grant, i.e. DM 30.000,- by telegraphic transfer. About the Rs 65.000/- additional request, we shall most probably also be able to comply with this. Only we must get it approved by our executive comitee. I shall inform you then.

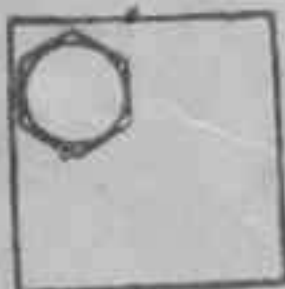

We do need however as fast as possible the figures for the coming years, since we have to plan our budget minimum one year in advance, i.e., our 1986 budget has been made already and will be finalised in November this year. As I understand, through the revision of the pay scale, the grant will have to be higher at a stable level for the following years as well. Could you send us therefore the budget of 1986 and also an estimate, if this can be kept for another two or three years, so that we can plan our budgets for the coming year accordingly. - As for the production section, there were also plans from your side. We shall not be able to give any additional regular grants for that, but if you apply early enough, we might be able to get some additional funds for one time for repairs and starting the production again. For repairs, you should on the long run have a regular funds for depreciation, because there will always be costs. It would therefore be helpful for us to have a calculation for the minimum additional needs for the next 2-3 years. Otherwise we will not be in a position to act on short notice.

Wishing you all the best,
I remain
Yours sincerely

Dieter Hecker

Dear Sir,

We are very much thankful to you for sending us 10000 D.M. (Part payment) of the 1st instalment for the year 1985.

Now we request you to please send the rest amount of the 1st instalment along with the 2nd instalment also. We are facing much difficulty for running the Institute to due to lack of money.

This year the admission is over . About 300 students came for interview. From 1st August new session will start. Now we are to start Furniture production which are the demand of the local mission schools with the help of 4 Carpenters on daily wages.

We hope that you will be happy that our saw mill is also running.

Thanking you for your kind co-operation and needful action please.

Yours sincerely,

Date July 09, 1985

Minutes of the KSS meeting held on 25-29 June, 1985

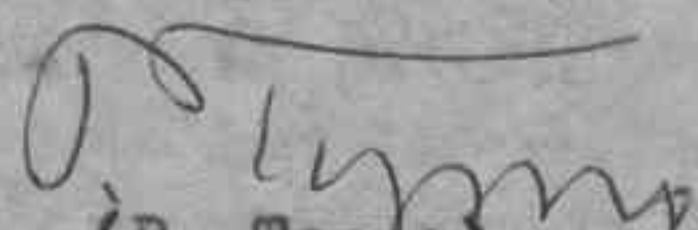

Item No. 18 - FTTC Trust - Expiry of lease to Renewal of lease -

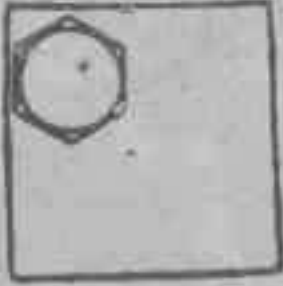

The Sabha was informed that the lease of the FTTC to the Trust expires on 31-12-85. The members were also informed of the talks the Samiti had with the Director Gossner Mission on April 2-4-1985 meeting in the course of which he had suggested the desirability of continuing the ecumenical venture.

After due deliberation Resolved that the lease be renewed for a period of ten years.

Dear Rev. Hecker,

Greetings in His precious name.

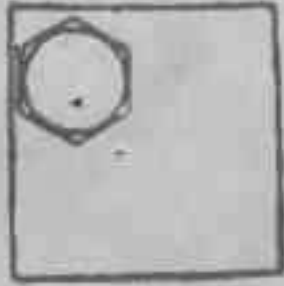

This is in continuation of my letter No 676/84/KSS-49 Dated Dec 12, 1984 wherein request was made for early remittance of the balance of the subsidy so as to enable the Centre to meet salary and other expenses (copy of the letter is enclosed).

2. Your kind attention is invited also to my No. 288/KSS-225/PA Dated June 1, 1985 (copy enclosed). Balance sheet has since been audited. It is the same as the unaudited one sent to you i.e. the draft (unaudited) was found correct (copy is being sent).

Annual report of the Secretary approved by the G.B. was approved by the Annual General Meeting held on 27th July 1985.

Similarly the Budget for 1985 approved by the G.B. was also approved by the A.G.M. on 27.7.85.

3. The KSS in its meeting held on June 25-29-1985 agreed to renew the lease to the FTTC Trust for ten years from 1-1-86 to 31-12.1995 vide item No. 18 Dated June 25-29, 85. The Trusree churches of FTTC Trust informed of it in the meeting. They were also urged to contribute Rs 6000/- each. The ~~Gossner~~ Centrea budgeted contribution of Rs 12000 is also assured. So the proposed increase in the salary of Instructors and other staff is also assured if the GM makes available an increase in ~~xxxxxx~~ subsidy of Rs 65000/-

4. Rs 40000/- received from GM as its first instalment of the year 1985 is exhausted. Unless the balance is remitted soon the Centre will be in difficulty which it is already in.

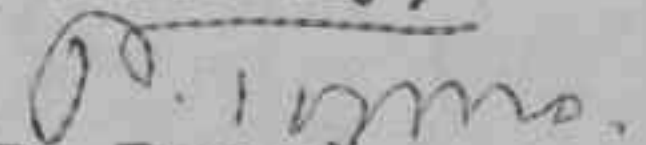

5. This year a few more students are being admitted in fitter and Welder Trade. As no trainee students for carpenter Trade were available the AGM in its meeting on 27-7-85 decided to discontinue the Trade. It may be stated that during the last seventeen years there were only three students on the average four years there were no students at all. It is therefore proposed to terminate the services of the Instructor Shri A. Masih. Minutes of the AGM meeting and other documents will follow soon.

This letter disposes of the query posed in para 5 of your letter of 22.7.85 to the Pramukh Adhyaksh on Fudi (along with on Amgaon).

I understand the Principal Shri B.N. Chatterjee has already written to you about urgent remittance of the balance of the subsidy.

With kind regards,

Yours sincerely,

Dear Rev. Hecker,

Greetings in His name.

I am to state that the subsidy received from G.M. for 1984 has been exhausted. Salary and other expenses for the month of December 1984 have been paid.

Now for January 1985 onwards there is no fund left. I therefore request that the first instalment for the subsidy for 1985 may kindly be remitted at an early date.

Feasibility of remittance of a higher amount for 1984 budget based on our Budget for 1984 may kindly be considered.

Budget for 1985 which will be same except for increments of salary will be sent.

Revision of pay scale on account of inflation is due this year. This may also be kept in mind.

Another thing I would like to mention is that so long Shri. S.C. Ekka has been the Gossner Mission nominee in the Governing Body of the FTT Centre. It has been found that on account of the time of meeting of the G.B. (2 P.M.) which is convenient to all but not to him was unable to attend the meetings.

We therefore suggest that Shri. C.S. Tiga of Debadih/ be appointed the Gossner Mission nominee in the Governing Body for 1985 if there is no objection by the G.M.

I shall be thankful if your consent is received at an early date.

Wishing you a Happy Christmas.

Dear Sir,

Greetings in His name.

2. I enclose herewith the audit report of the F.T.T.C. for 1983 following other documents for 1984 are also submitted :-

- (1) Unaudited income & Expenditure and Balance Sheet.
- (2) Annual report of the Secretary as approved by the Governing Body.
- (3) Budget for 1985 as approved by the Governing Body.

3. On the Receipt side of the Budget in the first item itself ~~except~~ ^{expected} receipt from the G.M. has been put at Rs 225000 which means an increase of Rs 65000. You will recall that both at Fudi and at Ranchi the question of enhancement of salary of staff by reasonable amounts was discussed. All agreed that that present scale was low. The expected amount of 65000 from G.M. will cover nearly 60% of the Govt. pay scale (basic) of Instructors in Govt. I.T.I. As we understood you the G.M. was prepared to consider the request for increase in subsidy by Rs. 65000 favourably.

The Churches contribution of Rs. 18000 plus Rs. 12000 being expected income from production unit will cover 20% thus bringing the scale to 80% of the ~~the~~ Govt. scale (vide copy of an annotated agenda item 8 (b)).

Minutes
Extract from the ~~Samiti~~ of the Samiti of the KSS held on 2-4 April 1985 held at 9 A.M.

Item No. 13 - Lal Bungalow - The Samiti having been reminded of its decision to make thorough repairs of the bungalow to convert it a guest house and having decided to give notice to the CASA to vacate by 31-5-85.

Resolved that the G.M. who may be well disposed to entertain request for fund for necessary repairs and furnishings, be requested for such sum as may on proper estimate be found necessary for the purpose.

Item No- 14 - F.T.T.C. matter :

Maintenance and development of the Centre restarting production unit and raise in the salary of staff were some of the matters discussed in the meeting. The Director G.M. wondered as to why the Trustee churches did not contribute their share as was done a few ~~days~~ ^{years} back and hoped that (i) reminders should be issued for contribution so that raise in in pay of staff and other workers could be met that (ii) The Budget of the FTTC will include receipts of such contributions from churches.

Informed of the fact that lease of the properties including the Training Centre of the Trust will expire by the end of the year, the Director expressed concern that in the event of a decision against renewal of the lease the last 15 years ecumenical enterprise will be snapped.

He assured of the continued support at the existing level of help it not of higher level.

AUDITOR'S REPORT

We have examined the annexed Balance Sheet of TECHNICAL TRAINING CENTRE, FUDIT, RANCHI as at 31st December, 1984 and the Income & Expenditure Account for the year ended on that date which are in agreement with the books of accounts maintained by the said trust/institution.

Subject to our separate observation of even date we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of the audit. In our opinion, proper books of Accounts have been kept by the trust/institution so far as appears from our examination of the books.

In our opinion and to the best of our information and according to the explanations given to us the said accounts give a true and fair view :-

- (a) in the case of the Balance Sheet of the state of affairs of the above named trust/institution as at 31st December, 1984 ; and

Dated July 27, 1985

Rev. Dieter Hecker
Director Gossner Mission
Handjerystrasse 19-20
1000 Berlin 41 (Friedenau).

Dear Rev. Hecker

Greetings to you in the name of our Lord Jesus Christ. By now you must have lost hope of any letter from New Delhi. I am sorry that I could write this letter after such a long gap.

The situation of our congregation in New Delhi in these days is not good. We are facing difficulties from different directions. Since we left 2, Mahadeo Road in the 1st week of April 1985, we had been trying our best to get time in some of the protestant churches including that of Church of North India. But none of the church could give time to us. I am enclosing a photostated copy of reply of the C.N.I. Bishop of Delhi for your perusal. Under the above circumstances we continued our church services in the residences of our members till 2-6-1985. Shifting of places of worship from one place to another made our church gatherings very thin. This also affected our church collections.

From 9-6-1985 we started booking of a Community Hall for every Sunday for our Church Services. For this we are paying Rs. 75/= per Sunday as rent which also includes the rent for chairs etc. Accommodation for our pastor is also a big problem for us. Presently we are paying Rs. 450/= per month as rent for his accommodation. This arrangement is for the month upto November 1985, after that we have to search for another accommodation. Besides above expenditures we have to arrange for the pastor's pay, allowances and touring allowances. We find that on the one side our church expenditures are rising very high on the other hand we have yet to mobilise our church members for any united effort. Not only that, most of our church members have now been affected by city life and do not find much attraction towards church. But we hope through prayers and

protracted efforts we will be able to build the Delhi congregation a strong and active congregation.

From June '85 one more congregation has been put under the charge of Pastor of Delhi. There are about 30 members of our church at Okhla. They have come to Delhi as labourers from Ranchi District and are staying at one place. They have now started regular church services in the evening of every Sunday. Our Pastor is regularly visiting them for their sacramental needs. So now our Pastor has to look after Satna (M.P.), Pinjore (Haryana), Okhla (Delhi) and Delhi congregations. But we have yet to organise them properly.

Rev. Biswas was on one month leave and has returned to New Delhi on 12-5-85. His wife joined him on ~~12-6~~ 12-6-85. Both of them are in good health. From 18-7-85 to 24-7-85 both of them were on tour to Pinjore congregation. They have returned safely. Mrs. Bahalen Mundu is not keeping well since last one year. She often gets swelling in her body and she is weak. Due to her sickness she is finding it difficult to take active part in church activities. Her sickness has also affected my church involvements.

The greetings sent to our congregation from Rev. Droege, Rev. Hansen and your family members have been conveyed to the church members. We shall be very glad if the situations of our congregations are also told to them and our warm greetings conveyed to them.

With much regards

Yours sincerely

N. Mundu

Dear Sir,

Greetings in His name.

2. I enclose herewith the audit report of the F.T.T.C. for 1983. Following other documents for 1984 are also submitted :-

- (1) Unaudited income & Expenditure and Balance Sheet.
- (2) Annual report of the Secretary as approved by the Governing Body.
- (3) Budget for 1985 as approved by the Governing Body.

3. On the Receipt side of the Budget in the first item itself ~~except~~ receipt from the G.M. has been put at Rs 225000 which means an increase of Rs 65000. You will recall that both at Fudi and at Ranchi the question of enhancement of salary of staff by reasonable amounts was discussed. It was agreed that that present scale was low. The expected amount of 65000 from G.M. will cover nearly 60% of the Govt. pay scale (basic) of Instructors in Govt. I.T.I. As we understood you the G.M. was prepared to consider the request for increase in subsidy by Rs. 65000 favourably.

The Churches contribution of Rs. 18000 plus Rs. 12000 being expected income from production unit will cover 20% thus bringing the scale to 80% of the Govt. scale (vide copy of an annotated agenda item 8 (b)).

Minutes
Extract from the ~~Samiti~~ of the Samiti of the KSS held on 2-4 April 1985 held at 9 A.M.

Item No. 13 - Lal Bungalow - The Samiti having been reminded of its decision to make thorough repairs of the bungalow to convert it a guest house and having decided to give notice to the CASA to vacate by 31-5-85.

Resolved that the G.M. who may be well disposed to entertain request for fund for necessary repairs and furnishings, be requested for such sum as may on proper estimate be found necessary for the purpose.

✓ Item No- 14 - F.T.T.C. matter :

Maintenance and development of the Centre restarting production unit and raise in the salary of staff were some of the matters discussed in the meeting. The Director G.M. wondered as to why the Trustee churches did not contribute their share as was done a few ~~days~~ ^{years} back and hoped that (i) reminders should be issued for contribution so that raise in in pay of staff and other workers could be met that (ii) The Budget of the FTTC will include receipts of such contributions from churches.

Informed of the fact that lease of the properties including the Training Centre of the Trust will expire by the end of the year, the Director expressed concern that in the event of a decision against renewal of the lease the last 15 years ecumenical enterprise will be snapped.

He assured of the continued support at the existing level of help it not of higher level.

AUDITOR'S REPORT

We have examined the annexed Balance Sheet of TECHNICAL TRAINING CENTRE, FUDI RANCHI as at 31st December, 1983 and the Income & Expenditure Account for the year ended on that date which are in agreement with the books of accounts maintained by the said trust/institution.

- (1) During the Course of our Audit we found that Cash Book has not been periodically balanced. This indicated that cash balance has never been physically checked by any responsible Officer of the Institute. This resulted in mistake on 27-10-83 on this date a sum of Rs. 3,450.85/- paid to Electricity Board for Elec. Charges, by cheque but recorded as cash payment. On Correction of this mistake at the end of year the closing cash balance increased by Rs. 3,450.85.
- (2) One F.D.R. bearing No. 240883 dated 11-1-79 for Rs. 20,000/- with state Bank of India Khunti has been drawn on 19-12-83 before its maturity (Dated 11-4-84) and refund of this has been recarded in C.B. as a sum of Rs. 10,130/- as against deposited sum of Rs. 20,000/-

Subject to above we have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of the audit. In our opinion, proper books of Accounts have been kept by the Trust/Institution so far as appears from our examination of the books.

In our opinion and to the best of our information and according to the explanations given to us the said accounts give a true and fair view :-

- (a) in the case of the Balance Sheet of the state of affairs of the above named trust/institution as at 31st December, 1983 : and
- (b) in the case of the Income & Expenditure Account of the net deficit of its accounting year ending 31st December, 1983.

Dear Rev. Hecker,

Greetings in His name.

I am to state that the subsidy received from G.M. for 1984 has been exhausted. Salary and other expenses for the month of December 1984 have been paid.

Now for January 1985 onwards there is no fund left. I therefore request that the first instalment for the subsidy for 1985 may kindly be remitted at an early date.

Budget Feasibility of remittance of a higher amount for 1984 budget based on our for 1984 may kindly be considered.

Budget for 1985 which will be same except for increments of salary only be sent.

Revision of pay scale on account of inflation is due this year. This may also be kept in mind.

Another thing I would like to mention is that so long Shri S.C. Ekka has been the Gossner Mission nominee in the Governing Body of the FTT Centre. It has been found that on account of the time of meeting of the G.B. (2 P.M.) which is convenient to all but not to him to attend the meetings.

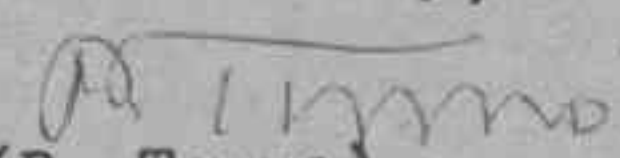

We therefore suggest that Shri C.S. Tiga of Debadih/be appointed the Gossner Mission nominee in the Governing Body for 1985 if there is no objection by the G.M.

I shall be thankful if your consent is received at an early date.

Wishing you a Happy Christmas,

Dear brother Hecker,

Please find herewith enclosed
a document prepared by the principal of the T.T.C.,
Fudi. This is the document about which I already
mentioned to you. This should be for the present taken
as information preparing you and one who may visit
the GLEC next year to have a detail discussion at
Fudi to work out a plan for the future of the institution.
I have not examined the correctness of the figures
mentioned on the paper, but the thought expressed is
important and worth considering.

Yours sincerely,

Dear Rev. Hecker,

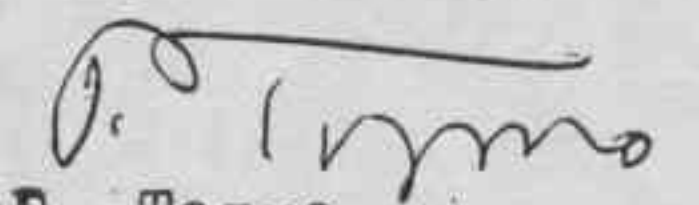

Greetings in His name..

The other day Sri B.N. Chatterjee, Principal of the Fudi Technical Training Centre told me that the staff of the Centre were getting Christmas gifts in shape of Ganji (banyan) or mufflar every year. This ^{was} ~~were~~ upto 1975 and was stopped from 1976 onwards. The amount involved was about Rs. 4000.

I do not know the circumstances leading to the stoppage of the practice. If the same was stopped on account of change in the policy there is nothing to be said; but if it is a case of forgetfulness to remind or provide for in the budget, I request you to kindly consider if it can be revived. May be for next season since it is too late this year.

With regards,

Yours sincerely,

Dear Sir,

We thank you very much for your August 9, 1981 letter to Mr. Kriebel concerning the second instalment for TCC. Because Mr. Kriebel has been on mission tour in West-Germany in these days I will give you a prompt reply to your letter which we received today.

On September 9, 1981 Mr. Kriebel has sent the announcement of several amounts to the Pramukh Adhyaksh. We have transfered the money (DM 20.000,--) for Fudi Technical Training Centre on the same day to the account of GELC. In the meantime you should have received the money.

With kind regards,
Yours Sincerely,

Ref.: - Remittance of 2nd instalment of subsidy.

Dear brother Kriebel,

Please send the 2nd instalment of the subsidy for T.T.C. Fudi so that it could reach to our Khunti Bank within October, lest financially we have to face difficulty.

The final year students have appeared in the "All India Trade Test" held in the month of July, 81. Result is still awaited. New batch of students have been admitted and the class has been started with effect from 1st August, 81.

Dr. Bage arrived here safely and is planning to convene the extraordinary KSS meeting to be held on 25th and 26th September, 1981. Hope the situation arisen by the resignation of the pramukh Adhyaksh will be set right.

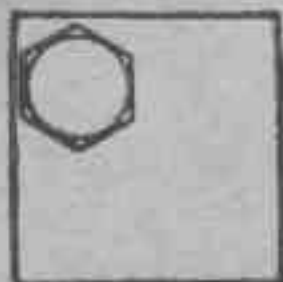

Hope you will replace the overhead and Relay of Refrigerator given to you by Dr. Bage and send it to me at any suitable and convenient time.

With best regards,

Yours Sincerely.

Dear brother Kribel,

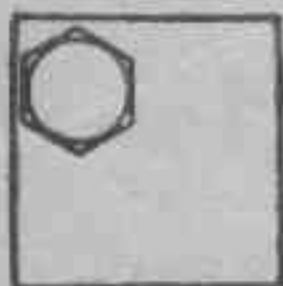

Thanks for your letter dt. 2.1.80 which reached us on 10.1.80. Through that letter we came to know that you have sent D.M. 40,000 as last instalment for 1979. To this effect our Bank has not received any information and therefore no money can be paid to us. Thus we are facing monetary difficulty since December, 1979. We have taken loan from different sources which is as follows :-

- | | | | |
|------|------------------------|-------------|---|
| I. | from Depreciation Fund | - 45,000.00 | } For purchase of rice to be recovered in 12 instalments from the mess. |
| II. | from Special Fund | - 16,000.00 | |
| III. | from Depreciation Fund | - 10,000.00 | } For payment and purchase of materials. |
| IV. | from Private person | - 10,000.00 | |

N.B. Loan of Depreciation Fund has been taken from the fixed deposit to be refunded to the Bank with interest of 12%.

The above account has been shown so that the 1st instalment for 1980 be released within January, 1980. In case if it will be delayed, repayment of loan will be delayed and we will be losing money in payment of interest against loan. Please therefore treat it very urgent.

Dear Rev. Aind,

We hereby acknowledge receipt of your letters no. T(3) S/151-79 (dated 27.11.79), T(2)S/179-79 (dated 12.12.79) and T(3)S/180-79 (dated 13.12.1979), which all came on the same day, 28.12.79.

I am happy to inform you that by that time we had already transferred the second instalment for Fudi TTC, DM 20.000,-, bringing the total for 1979 to DM 40.000,-, as usual.

I am also happy to inform you, that for 1980 we have budgeted DM 40.000,- for Fudi TTC. The exchange rate should be at least Dm 1,-- = Rs 4.50, if not better. This means that you can expect at least Rs. 180.000,-.

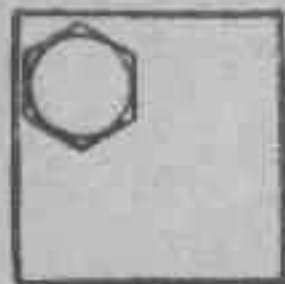

In your budget you ask from Gossner Mission	Rs 160.000,-
in a special request you ask for another	20.000,-
which makes a total of	Rs.180.000,-

This shows, that for this year we are save.

Nevertheless there is the question of the future of Fudi. In 1969 it was anticipated that Fudi TTC should become self-supporting one day. It was also envisaged that the other participating churches would contribute their share towards the cost of the centre. I would very much like to discuss these two points with you on my next visit, and also to meet the members of Fudi trust in order to discuss these questions.

Best wishes for a blessed new year,
yours sincerely,

Re:- Subsidy for T.T.C.

Dear brother,

This is to inform you that for 1979, we have received up to now only D.M. 20,000, vide, letter of your Treasurer, Heide Hohmann, dated 10.7.1979. At present we are short of money and will be in trouble for payment of December, '79 for and other expenses. I did not inform you earlier as in former days, Your office was remitting money with-out any request. Please treat it very urgent. Your letter to this effect is being awaited. Shortly after few days I shall write to you about T.T.C. activities.

As we have poor harvest due to draught, prices of edible commodities have considerably gone up. Also prices of other things required for daily life have been greatly increased.

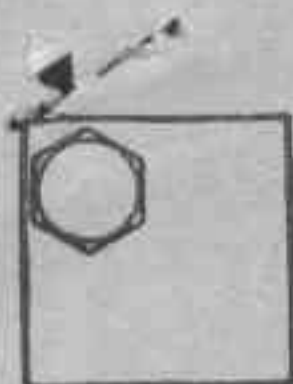

Be our best compliments to you and to your family.

With brotherly love

Sub :- Request for special subsidy to assist
the trainees towards their mess expenses
for the year 1980.

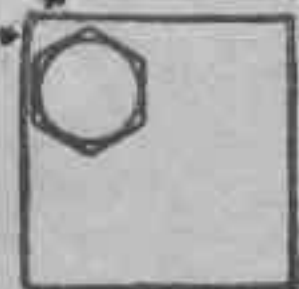

Dear brother,

Your kind attention is drawn towards the subject as cited above, which is being sent to you for your information and favourable consideration and action. This special request is being made on account of the considerable rise in the edible articles affected due to draught this year. To meet the expenses the boys will have to contribute @ Rs.76/- P.M. per head in place of Rs. 50/- P.M. per head, i.e. the increased rate of contribution for running the mess will be Rs. 26/- P.M. per head.

Most of the students are poor and it is being felt that it will be great problem for them to meet the expenses for their mess. Hence this request is being placed before you for your kind consideration. Following is the budget of the mess for 1980 :-

Budget estimate of Mess for 1980.

Sl. No.	Particulars	Expenses	Income	Deficit
			Rs.50/-P.M.per head for 83 students as prevailing rate	
1.	Dal, Curry, Wheet, Sugar etc. P.M. - 3,516.00			
2.	Rice 12 Quintals @ Rs.233/- per Quintal P.M. - 2,796.00	75,744.00	49,800.00	25,944.00

How to meet the deficit of Rs. 25,396.00.

1. Rs. 5,976.00 - to be charged from boys @ Rs. 6/- P.M. from 33 boys.
2. Rs. 19,920.00 - Requested from Gossner Mission @ Rs. 20/- P.M. per head for 33 students.

Total - Rs. 25,396.00

Note :- (i) Upto 1979, students contribution for mess is @ Rs. 50/- P.M. per head and the cost of rice is Rs. 165/- per Quintal.

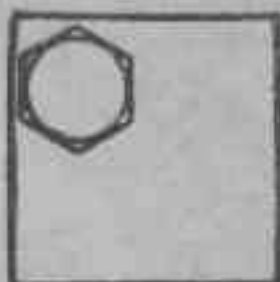

(ii) In 1980, students will have to contribute for mess @ Rs. 76/- P.M. per head and the cost of rice is Rs. 233/- per Quintal.

Hence an increase in mess fee from Rs. 50/- P.M. per head to Rs. 76/- P.M. per head is due to the rise in the cost of rice.

Dear brother Kriebel,

Herewith, I write to you in continuation of my letter dt. 25th July, '78. This is to give you same information about T.T.C. Fudi.

① Result :- out of the 32 students (25 regular and 7 Ex-students), who appeared for the final Examination in Fitter Trade in July, '78, 28 students were declared pass (24 regular and 6 Ex-students). Two students failed, one regular and one ex-student.

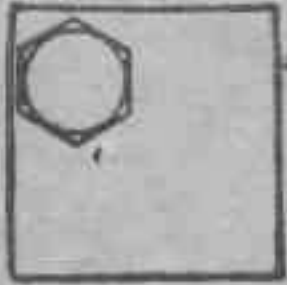

4 students in Carpentry Trade, who appeared for the final examination, all come out successfully.

Amongst the 1st year (Preliminary) in Fitter Trade 28 students appeared and only 14 were declared pass. Out of 14 failure students 11 have rejoined the class.

② In my previous letter, it was reported that Mr. Peter Ekka, Engineer was appointed as Superintendent. From Jan. '79 his services were terminated. Another one, in his place, is to be selected for appointment, to-morrow the 10th March, '79.

③ Leasing out of Production Section :- Now it has been finalised to lease out the Production Section to ToolsMeco, the party of Calcutta. On 26th March, '79 the lease deed will be registered in favour of ToolsMeco.

Re.: Depreciation Fund

Dear Rev. Aind,

as already announced Gossner Mission will grant in the next following five years special contributions for the Depreciation Fund of Fudi TTC.

The first amount of DM 10.000,-- has been transferred to your account.

The Depreciation Fund may enable Fudi TTC to meet larger expenditures in cases of reconstruction and repair of buildings and machinery.

Yours faithfully

Dear Brother Aind,

thank you very much for your report dated June 25th with the attached budget figures 1975. Meanwhile I also received your letter of August 9th.

Regarding the budget statements 1975 I have no comment. Your report about the activities is encouraging. I hope that the classes started in August are satisfying for everybody.

Regarding your letter of August 9th dealing with the disappointing pay scale for workers in Fudi I agree that this matter has to be discussed as soon as possible. It is a matter to be dealt by the governing body which is reluctant in improving the pay scale because the necessary additional money is not available. I can not promise that Gossner Mission is able to bear this additional financial burden. At least we should know the amount after change of the worker's pay scale. Is there any possibility that now some small amounts can be expected from the Catholic Church as well as from the Anglican while quite a few young members of these churches are benefitted by the institution and Gossner Mission without murmuring carried through many years the financial burden alone.

I am sorry that after the departure of the Hecker family there is no representative of Gossner Mission but for the time being I do not know any solution, do you have a proposal?

Dear Brother Aind, this autumn again a group of 25 Gossner friends is going to visit the GEL Church. The programme also includes a visit in Fudi TTC. It is scheduled for Wednesday, November 3rd, as to be seen from the attached programme. May I kindly ask you to do us the favour in receiving and welcoming this group. Thank you so much!

With Christian Greetings,

sincerely yours,

Enclosure

Dear brother Seeberg,

Herewith I like to point out some difficulties and problems which will crop up in very near future and which will hamper the training in F.T.T.C.

That after so many years the officers of the Governing Body had declared a scale of all workers in F.T.T.C. Seeing the new scale, specially, the staff members are dissapointed too much saying that it is too low considering the present scale of other I.T.I's. They have starting to give resignation. The maximum one instructor will get is Rs. 385/- P.M. plus the D.A. to be enforced time to time. Of course this is the subject of the Governing Body, but as Gossner Mission is the founder of the institution in real sense, its future seems to be in dark. If any one staff member will resign means to get a new staff will be really a problem. No new instructors will come in this institution on this scale to start with Rs. 150/- P.M. This will ultimately mean the closure of the institution at any moment.

Before talking with the officers I like to give you this information in advance for your knowledge and reaction.

With best complements.

Yours sincerely,

For Fudi Technical Training Centre

Dear Brother Aind,

the annual subsidy for Fudi includes an amount collected on occasion of a winter festival of the "Johannes Congregation" in Berlin specially for Fudi TTC. I gave Gossner Mission's thanks to the congregation but in view to the high amount transferred I feel the necessity to ask you to write in the name of Fudi TTC to the following address:

Dear friend,

during the last weeks I received several letters and reports from you. After some delay I am now going to answer.

To-day I am dealing with the letter of October 9th 1975 which informed Gossner Mission about the proposed Fudi budget 1976 including a total deficit of Rps 145.803,90.

You may know that the 1976 budget of Gossner Mission was already prepared and passed in early spring 1975 (likewise we have to prepare the 1977 budget already in February/March 1976). It was our handicap that we did not know at that time the exact amount Fudi Technical Training Centre would need in 1976. But if we even would have known the amount of Rps 146.000,-- it would not have been possible to grant 100 % of this deficit. Meanwhile the financial capacity of our churches is also influenced by the growing economical difficulties in Western Europe and in consequence all Mission Boards too. As a result all our 1976 budgets could not at all be expanded but it is only hoped that the amounts for our oversea works may not decrease.

I have to announce that Gossner Mission has foreseen a 1976 contribution to Fudi TTC amounting to Rps 132.000,-- under the condition that our income from churches and friends will amount to the sum expected.

A gap of about Rps 13.000,-- in the proposed budget will result from and it is our advice that the governing body should discuss the solution either by increasing the own income i.e. by leasing empty buildings of the compound or by cutting the proposed expenditures for instance point 5, point 12, point 18 and 23.

- 2 -

Maybe you are lucky enough to have a balance per December 31st 1975 showing a surplus high enough to fill the gap in your proposed 1976 budget.

With kind regards,

sincerely yours,

Martin Seeberg

Dear brother Seeberg,

Following my previous letter dated the 23rd Sept. '75, herewith I am sending one copy of the budget of FTTC for the year 1976. This has been passed in the officers meeting dated 6.10.75.

The total contribution requested from the Gossner Mission is Rs. 145,803.90 which is higher than the budget of 1975. It is due to the following main reasons :-

- (i) The Governing Body has decided to start Welding Trade from Jan. 76 and hence provision of Salary for one more instructor has been made along with D.A.
- (ii) Provision for increment in the salary of all employees and staffs has been made.
- (iii) In item No. 15, Income from Lease Rent has not been shown as Lease is not yet finalised, on the other hand, we have to bear all the costs as per agreement with Electricity Board. When we consume less than the agreement, the Electricity Board charge from us as minimum grantee and thus make up the full amount as per agreement. This is according to our previous experience.
- (iv) In this budget Christmas Gift has been added.

It is requested that the budget be accepted.

With kind regards

Dear brother Seeberg,

Up till now I have not sent the budget of FTTC for 1976. I hope to send it by 15th of Oct. '75 or even little before that. The officers of the Governing Body will finalise it in the last week of September, 1975.

This year up till now we have good rain in Ranchi District. Good Harvest is being expected in our area. One more rain in Dasahra will be sufficient for harvest.

We all are quite well. Hope you to be the same.

Sincerely yours,
For Fudi Technical Training Centre

Dear brother Aind,

Gossner Mission received the financial statements of the Fudi Technical Training Centre accounts. Concerning the figures some explanations are wanted and we kindly ask the governing body or the director for these.

The budget 1974 (dated June 22, 1973) delivered to us showed expenditures of totally Rps 126.721,60, but the statement shows real expenditures of Rps 245.793,97 that is almost the amount of the budget in double. Especially explanations are wanted for the items: Motor Vehicle, Printing and Publication and Miscellaneous which extremely exceed the proposed figures. Still more surprising are the amounts for depreciation. Totally for depreciation Rps 20.000,-- were proposed but actually the statement shows depreciations of Rps 113.771,34.

Concerning the income accounts we miss any entry regarding Loans Refundable, Private Electricity, Miscellaneous Receipts.

With kind regards,

yours,

Sy.

Re.: Budget 1975

Dear brother Aind,

having in mind the high not budgeted expenditures in 1974 I want to remind the Fudi Technical Training Centre of the proposed budget 1975. The expenditures of totally Rps 143.884,76 and the expected subsidy from Gossner Mission of totally Rps 122.664,76 are within the financial possibilities of Gossner Mission. Instalments of this subsidy already were transmitted in 1975: January DM 5.000,--; April DM 15.000,-- and June DM 10.000,--, i.e. almost the total subsidy 1975 was transmitted. Please inform us by letter about the exact amount received in Rupies.

Kind regards,

yours,

Martin Seeberg

 का समाज था जिसको उन्होंने Personal Consumption के लिए लेव दिया
 सब सामानों को। फिर इन्हीं के चलते वहाँ का R.M. म होस्टल उठ गया।
 Mrs. Christian Helga जो जर्मनी से आयी थी उनका welcomet करके
 इन्होंने नही दिया। वहाँ की Mission जनता वून पर पाद्री के नाम पर
 कोई विश्वास नही करती हैं। आज प्रतीत होता है कि Pastor नही बल्कि
 ये Mission के भिन्न पोर हैं। Sir, वहाँ इन बातों को बड़ बिजिए।

Specially → मैं इस लखे को पढ़ाने के लिए जो आपसे help का

उस लड़के को जहाँ तक हो सकेगा पढ़ाते का कोशिश करेंगी; लड़कों की
आप मुझे अपना Student समझ कर इस कार्य में सहयोग देंगे।

अगले पक्ष में मैं आपकी फिर विस्तार से वर्णन करूँगी।
यहाँ के लड़के एवं इस विद्यापीठ से जुड़े गीत मसीह के आति एवं दया
को पाया। इस पक्ष में मैं बतना ही लिख पत्रान्त कर रही हूँ।

अन्त में फिर से आप सबों को मेरा प्यार गीत सदा (Jesus

हैं। Sir, but unfortunately यहाँ का K.N.S. Hostel closed हो गया।
फिलहाल (At present) मुझे काफी तकलीफ हो रही है। इस प्रकार की miserable
situation में होने के कारण मैं आपसे कुछ kind and merciable
Co-operation चाहती हूँ। —

दूसरा बात यह है कि मैं एक

हिन्दु (Hindu) student को पढ़ा रही हूँ जो वर्तमान में Christian हुआ है। यह
राजपूत जाति का है। ईश्वर की महान कृपा के पहचान कर इसके अपने सारे
जीवनोद्धेम मसीहीयों की सेवा के लिए समर्पित कर दिया है। अब इसे सदा के

मैं मुझे देना चाँगी जिसके कारण मैं इसे पढ़ा रही हूँ। वर्तमान में Hostel
बन्द हो जाने के कारण मुझे इसके College (Mashinamul) में पढ़ने रखने
पढ़ने के लिए काफी तकलीफ हो रही है। ऐसी अवस्था में मैं आपसे
personally कुछ सहायता (help) इसके पढ़ने के लिए माँग कर रही हूँ।
वर्तमान के लिए तथा future Theology education in country के
लिए भी। क्योंकि 'मसीह' के स्वीकार के कारण हर तथा समाज से सहायता
के लिए निकाल दिया गया। —

फिर; यहाँ के एक पाद्री साहब

मार्टिन टैट, जो रांची Theological college के Principal रह चुके हैं वे
इसे काफी सलाह रहे हैं एक Pastor हो कर, जिसको आप जानते हैं। इसी
वजह के कारण मैं उसे आपसे पास सँ रखकर दूर में रखकर पढ़ा रही
हूँ। लेकिन वर्तमान यही Pastor Martin के कारण ही यहाँ
का K.N.S. होस्टल बन्द हो गया जिसके कारण इसकी पढ़ने में काफी

The Director, Pastor D. Hecker.
Gossner Mission, Berlin.

Dear Pastor Hecker,

We want to express once again our thanks to Gossner Mission for the donation of Rs. 41877.22. We have been able to repair our dam (Bandh) by this donation. It has also enabled us to start fishery. In 1985 we hope to get some income out of fishery. A pair of cows has also been bought. We could meet some of our current expenses through these cows. In this connection an audited statement of account is being sent for your kind information.

This year we have good rainfall. We were expecting good crops. But our hope is against hope. A crop disease called Gold Fly has occurred. It seems that we will get only one fourth of our agriculture proceeds. We expect great famine in 1985.

In my area on 29.8.84 a serious accident took place at Kalebira twenty miles from Khuntitoli towards Ranchi. Rev. & Mrs. Nirajan Eeka, Arch Deacon, NWGELC, Mr. Bilchus Kujur, Treasurer, NWGELC. Mr. Z.B. Lakra, Secretary, NWGELC, Mr. Emmanuel Kispotta, NWGELC were travelling from Rourkela to Ranchi via Simdega by the newly bought jeep from NELC. They had gone to Orissa to stop leaders and people who were planning to leave NWGELC and to come back to GELC. The driver was drunk. He got his jeep dashed against a heavy load standing truck. The jeep was damaged. Mr. Jolen Samad, member of GELC and leader of Congress party helped them to reach Ranchi. Except Mrs Eeka all received injury. Rev Eeka was admitted to unknown hospital. Mr Kujur was admitted to NEC plant hospital. Mr. Kispotta and Mr. Z.B. Lakra were admitted to RMCH, Ranchi. Mr Lakra was unconscious till September 1/84.

Both Mr. Kispotta and Lakra had serious head injury. This accident has created panic among our friends of NWGELC and they are returning back to parent GELC.

Let me congratulate you when you are ready to lift the burden of Gossner Mission as its' director. We hope and pray that in your tenure of service as director our relation shall cordially strengthened.

In Khuntitoli proper the congregation has started to build a church with its own small resources. The stone wall is almost complete. So far it has cost Rs. 27,000/00. The roof and other material are to cost about Rs.80,000/00. I shall indeed be thankful if you kindly find donors for this purpose. The congregation will raise fifty percent of this amount.

For the Mission Field Church at Baghima near Gumla We have received Rs.45,000/00. from Gossner Mission. The construction of the building is going on. The estimated cost of the building is Rs.80,000/00. We need Rs.34,000/00. to complete the building. Dr. Bage is with you now. Will you kindly have a talk regarding this to find out sources to help us complete the building

Finally may I propose to the Gossner Mission to evaluate Mission Work in India which is being done with the financial help of Gossner Mission. Through evaluation we can see our present need, system of work, success and failure, recruitment of Mission workers etc etc. Every day we are in a changed situation. Our mission policy has to be changed.

Greetings and good wishes to all members of Kuratorium, Mrs Hecker and her two dear sons who are dear to us also

C.C. The Pramukh Adhyaks,
GELC.

Sincerely yours.

Martin Tete

Subject:- Gossner Mission Grant for the Repair of Khuntitoli
Dam.

Dear Sir,

May I thankfully acknowledge receipt of Gossner Mission Grant, D.M.10,000.00. and D.M.320.00 as per letter of Gossner Mission dated 7.12.1981.

We have started repairing work on the 10th of March after receiving the amount on 4.3. 1983. The work will be completed by about the end of May. We shall send information as regards the best utilisation of this amount.

We hope to get three tanks repaired and out of these three tanks we may be able to raise about 10,0000.00 fish.

We have a plan to keep half a dozen cows to begin our dairy farm. They will cost us about Rs.40,000.00-D.M.10,000.00

Our rice fields are also to be repaired. We hope to do this out of the field income. If you know of any Relief Fund, please let us know, even food for work programme in a small way may help us to get our rice fields repaired.

Thank you.

G.C. Gossner Mission.

Sincerely yours,

Martin Tete

Dear Mr. Herenz,

Recently another congregation in Aurich showed interest to correspond with your Sunday School children at Khuntitoli. They sent some letters and photos from their home town Aurich to Khuntitoli, and now they are waiting for a respons from your Sunday School children.

Perhaps they have answered in the meantime. Then everything is ok. If nobody from Khuntitoli has answered yet, then, please, give a short answer to the Aurich children soon, so that they know, that their letters have reached Khuntitoli. If Khuntitoli children are not interested to write to Aurich, then, please, tell the Aurich children, that unfortunately Khuntitoli children have started a correspondence to Berlin already. But at least the Aurich children should get a letter from Khuntitoli.

Thank you very much for your help.

Best wishes for Khuntitoli Sunday School and for the whole congregation.
Cordial greetings to you,

yours in Christ,

Lieber Herr Kriebel!

Zunächst möchte ich Ihnen ein
angenehmes 1983 wünschen.

Wie Sie sich vielleicht erinnern
werden, habe ich im November
vergangenen Jahres mit meinem
Religionskurs Briefe und Fotos er-
stellt, die wir zwecks Gründung
einer Briefpartnerschaft an die
Sonntagschule nach Khimtitoli
geschickt haben. Allerdings haben
wir noch keine Antwort erhalten.
Vielleicht ist es Ihnen möglich,
bei Gelegenheit einmal nachzu-
fragen, da meine Schüler so lang-

To,

The Chairmen,
A.T.C. Managing Committee Khuntitoli,

Subject :- Comprehensive plan and Project for A.T.C.

Dear Sir,

I was anxiously looking forward for the meeting of A.T.C. placed Managing committee but due to some reason or other it could not be held so far. I am loosing patience by now and therefore I, do not like to wait any further but to draw your kind attention towards the subject noted above.

During my stay in West Germany I had a good deal of discussion with the Director Rev. S. Kriebel besides others. I have been asked to obtain a detail plan and project for the revitalisation of the whole A.T.C. complex. This may include provision for overseas expats for a short limited period only. Application along with this plan and project have to be endorsed, by the K.S.S. and the same have to be submitted to an Institution " Dienste in Uebersee, Carock Str. 16, D - 7000. Stuttgart-1. West Germany.

May I, therefore, request you to work out the said plan and project and send it to Stuttgart as to reach the said office Dienste of Uebersee latest by end of December 1980, so that the work may be expected to be started in the year 1982.

Looking forward to hear from you regarding this matter at an early date.

Yours Sincerely,

C.C. I - Pramukh Adhyaksh GEL Church Ranchi.

Dear Sir,

Enclosed please find an application for Rural Community Development Programme with Agricultural Training Programme at Khuntitoli, with a fervent request to you to go through the application and be apprised of the situation I am surrounded by.

You will appreciate that I have tried my best to give factum of things in accordance with the criteria given by you. It is for this that I was very eager to give me an opportunity to invite you here to see and study yourself for better acquaintances of the area and its needs, and I must wish a kind reply from you long awaited.

I am confident that you will help me thereby helping my tribal people who are very poor and needy. From your last letter to me I could just feel that you do know wherefrom a financial support can be had. It occurs to me that the people here being neglected and exploited, need a long term support and I request for your considered opinion on this score. The Church authorities are not yet interested in such programme as they are involved in education and other fields but still I am sure I would be able to do something for the upliftment of these people once funds are made available to me from outside as I have got full support of my Church lay-leaders/members. I hope I will be blessed with your support too along with a personnel of good stature to assist me in day to day works involved.

I hope I will have the pleasure of receiving a reply from you promptly.

With kind regards,

Yours sincerely,

1. Subject: Application for financial support to:

- (1) Rural Community Development Programme at Khuntitoli.
- (2) Agricultural Training School, Khuntitoli.

2. Location: Khuntitoli, P.O.Khuntitoli, P.S.Simdega,
District Ranchi, Bihar (India).

3. Applicant: M.S.Kandulna, Director, A. T. C., Khuntitoli.

4. Description:

(a) General situation: Chhotanagpur in the State of Bihar is a hilly area resided by mostly Tribal people whose existing situation economically and politically is so bad that unless their tenancy holdings are developed into highly productive units, they will be reduced to poverty, rendered landless and live to die as mere labourers. It is the special Tenancy Act which has to this day protected them to be owners of some lands of class II, III and IV and their Class I lands now have gone over to landlords of the area. The development of this region thus requires diversified action, oriented effort of Governmental and non-governmental agencies. Such developments ranges from infrastructural improvement like road, bridges, capital intensive irrigational schemes, improvement of basic and specific education in agriculture.

(i) The needs for farmers training has been realised by all concerned with the development of agriculture in India. It was generally understood that Farmers Training should be done through personnels employed by the Extension Service of Govt.'s Agriculture and Community Development Departments. This kind of training through demonstration has yielded relatively good results in certain backward areas in India. But it has shown its limits in the more backward areas like Chhotanagpur. A farmer in Chhotanagpur is full of doubts over attempts to educate him through urban extension service staff of Government who not only adopt a wrong approach but adopt dictatorship on the farmer who himself already has the idea of his own regarding cultivation as against just educate him the improved practices of cultivation.

(ii) The high yielding varieties programme (for that matter any programme based upon techniques and inputs that would increase

P. O. KHUNTITOLI

Page -2.

yield and ,therefore, income) has given more specific objective and clearer definition to farmers' training and education. In case of farmers and other primary producers the most effective motivation is the economic motivation. The opportunity for a distinct increase in income resulting from investment in improved practices. Since there is apparently lack of communication between Chhotanagpur farmers and the extension workers of Government, it is most essential that some of the farmers themselves receive intensive training and become the advocates for development amongst their own people. There is lack of trained people for running maintaining farm equipments and irrigation pumps.

The Churches in Chhotanagpur have engaged themselves mainly in the field of education - academic and religious.

(b) Specific situation:

The G.E.L.Church with the help of Gossner Mission in Berlin and capital aid from BRUT FUR DIE WELT has established the Agricultural Training and Development Centres at Khuntitoli in the District of Ranchi (Bihar State).

The period of 1960 to 1964 has been the time of establishing the various buildings for the different sections with first stage improvement on 100 acres owned by the farm. The Agricultural Training School was started in 1963.

The total number of trainees for each year since starting has been -

1963/64 : 8 nos.	1964/65 : 8 nos.	1965/66 : 14 nos.
1966/67 : 26 nos.	1967/68 : 18 nos.	1968/69 : 23 nos.
1969/70 : 22 nos.	1970/71 : 15 nos.	1971/72 : 9 nos.

The subsidies received from Germany towards running of the Training Programme had been as follows:-

1966 : Rs.10,692.00	1967 : Rs. 9,296.38
1968 : Rs.18,248.00	1969 : Rs.18,079.00

Since 1969 Gossner Mission handed over the Institution to the G.E.L. Church stopping all aids. In 1970 the aid for the Training School was applied and Gossner Mission had been pleased to give Rs.18,000/= for that year. Till then the income of the farm was not enough to subsidize the Training School with the result that the training programme has to be suspended thereafter. The stoppage of the aid unfortunately was followed by natural calamity - a goat fly attack on seasonal paddy crop covering a large area of Simdega Sub-Division. The centre, under the circumstances, could not be reopened and it is beyond imagination when it can; as the disease is still persisting, and account for heavy losses as against heavy investments being made

every year since its outbreak in 1971. There are no Agriculture Training School nearby. The one at Ranchi is far away at 126 miles from this area and people cannot afford too to get themselves trained there. It is, therefore, essential that the training for Agriculture should survive.

It can be worth mentioned here that all our trainees are employed and engaged in village Societies helping the village people in war footing to combat hunger by growing winter crops as well.

In our opinion the experiment with Friesian Holstein cattle has been a great success. This experiment undertaken in 1965 by Dr. Junghans and Pastor Borutta has succeeded Namkum beyond expectation.

First as to keeping the pure stock, secondly as to crossbreeding (against contrykind who is giving three Litres, they are giving 19 Litres per day.) Thirdly the crossbreed is more resistant to the cattles diseases prevelent in India. ~~They are~~ We are most greatfull to the originator of the idea.

Dear Mr. Kandulna,

I thank you very much you forwarded a copy of the letter from Rev. H.L. Perkins, Australia. If you want my opinion on this matter, here it is:—

I do think that you could do a very useful job in Laos or Vietnam. I also feel that you could be happy to work in other countries. But I know that your own people need your service more than any body else in the world. It does not matter, whether your people and your Church realise this. It does not matter whether you earn thanks or not. You talk the language of Chotanagpuri. Farmers and you have studied their problems. Only people like you are able to find confidence with them. In other places you are a stranger. Chotanagpur is your motherland and the poor people of this region are your brothers. Once you have started to accept this responsibility you are a leader for many many people. You have a difficult task before you, but going away would mean that there is no hope for your own people. Let us not resign, because we could see only slow progress. One day will come, when you will find that Adivasis have been changed to the better.

Kind regards to our co-workers and friends.

Yours sincerely,

Sd/-A.F. Bruns.

15 April, 1975.

Dear Friends,

In the light of the current world food shortage, the World Council of Churches has appealed to its member churches to give serious consideration to this matter. The General Secretary of the World Council of Churches has urged the member churches to treat this issue as a basic human right and approach the problem from the point of view of the oppressed and the poor.

It is evident that Asia is and will be the most hard hit area of food shortage. The territory of Asia is only 1/3rd that of the world territory and yet more than half the entire world population lives in Asia. It is stated that at the present rate of population increase, in the next ten years time the population of Asia will be 2/3rd that of the world population.

Furthermore, the escalating price of oil has made it difficult and impossible for Asian farmers to purchase adequate supplies of chemical fertilizer, thus aggravating the food situation. Existing world trade imbalances as well as certain restrictive traditions in Asia have all contributed towards a worsening of the situation.

The purpose of this letter is to ask you, as a Christian leader, for your constructive opinion on the ways and means of approaching these problems. The Asia Desk of the Commission on Inter-Church Aid, Refugee and World Service (OICARWS) will compile these viewpoints and have intensive discussion on the subject at the forthcoming meeting of the Asia Regional Group, to be held in Bombay from May 29 to June 2, 1975.

I shall be very grateful if you will respond immediately to this letter.

Let me outline the areas in which I seek some concrete information:-

1. Is your country affected by the food shortages? If so, what are the chief causes?
 - (a) areas of shortage
 - (b) distribution methods
 - (c) conditions for storage
 - (d) obstacles in the way of increased production
 - lack of technical knowhow?
 - marketing inadequacies?
 - undeveloped irrigation facilities?
2. What is required, obviously, is a more comprehensive approach to the problem. What is the role of the Church and the Christians in this process?
 - participation in production
 - conscientization of uprooted farmers.
3. World financial resources are still available to meet the food shortage. In what specific areas could these resources be best utilized?

Looking forward to your early response,

Sincerely

C. M. S. Kendulne, Secretary for Asia.

Sir,

I received your letter dated 15-4-1975 in which you invited my constructive opinion of the oppressed and poor Tribal people in this area. I am grateful indeed for the opportunity extended and have the pleasure of giving my reply serialtim below:-

1. Yes, our country is badly affected by the food shortage.
 - (a) Areas of shortage: Four district of Ranchi, Hazaribagh, Palamau and Singhbhum in Chotanagpur Division of the State of Bihar.
 - (b) Distribution methods: Retail Foodgrains Dealers in open market and Govt. Fair Price shops.
 - (c) Conditions for storage: Hoarding of stocks by business magnates supported by corruption practices of the Govt. Supply Wing.
 - (d) Obstacles in the way of increased production :-
 - Lack of Technical knowledge? Yes! in rural area.
 - Marketing inadequacies? Yes! is one of the main main factors of food shortage coupled with existing neither bad roads nor no roads.
 - Undeveloped irrigation facilities? Yes! it is a very big factor. The general mass living hand to mouth-half fed & semi naked, dare not take up Govt. proposed irrigation schemes for wells, tanks etc. also because a portion of the Govt. subsidy if and when granted goes in cash or in kind to the dealing Govt. Staff. The farmers as such fully depend on natural rain.
2. I quite agree with you.

The Church and Christians must --

 - (1) participate in the production by organising farmers who need proper guidance;
 - (11) Conscientization of uprooted farmers by providing them irrigational and other facilities which are needed urgently.
3. The world financial resources, in my opinion, can well be utilised in this area against the following heads:-
 - (i) Agricultural extension project with lift irrigation facilities as public sector projects.
 - (ii) Marketing Project of local products as public sector enterprises.
 - (iii) Small scale industry of local products.

General information: I live and work at the nook of Ranchi District (Southernmost part of the State of Bihar in India bordering the States of Orissa & Madhya

P. T. O.

Madhya Pradesh. It is hilly and abounded by forests. The main inhabitants are tribal people 80% of them having adopted christianity. All of them are agriculturists but only 6% can earn their found the veer requirements, 25% of them get six-months and 60% people do get barely 3 months and the rest are nominal farmers getting almost nothing out of their lands. The people mostly depend upon forest products. Generally every body has a landed property, say, 1 to 7 hectares. June to Oct. is the crop growing period it being the rainy season. Nov. to May can well be regarded as the dry season due to non-availability of irrigational facilities, though water-sources such as rivers, streams, bandhs, tanks, are there. We have lift irrigation experiment in our A.T.C. Khutitoli with the result that we are having double crops and I am now confident that triple crops can also be had subject to proper utilization of the available irrigational facilities. This means that little help can change the whole area's life. The G.E.L. Church members are in considerable numerical strength and therefore much can be done for the betterment of this area through Church agencies which are organised in Units captioned - Parish, Ilaka and Anchal under K.S.S. (Kendriya Salahkari Sabha) at Ranchi, the head office. Incidentally I am glad to mention here that I already have had meetings with the local lay leaders with a view to establish farmers organisation unitwise and to select sites for development to cater for the winter crop that can be had with little investment to start with. I am rest assured that once I am successful in organising this, the people at large will take up cultivating the winter crops which will considerably add to their annual income.

From the foregoing I hope you can just make out how I am trying to improve the lot of the hungry millions in this area and should any opportunity comes I should like to discuss the matter in details about the planning projects for this area.

Hoping to be blessed with your full co-operation.

Yours sincerely,
Sd. C.M.S. Kandulna.

WORLD COUNCIL OF CHURCHES

Programme Unit on Justice and Service
Commission on Inter-Church Aid, Refugee and World Service

GENEVA, August, 1975.

Earlier this year you were kind enough to answer a questionnaire concerning World Hunger and Rural Development, sent to you by the Area Secretary for your region. We are most grateful for your co-operation in this matter.

Our Commission, together with other departments of the World Council of Churches, has been following closely the discussions held during the past few months concerning the 'world food crisis'. You will remember that the General Secretary of the WCC sent a letter to the member churches just before the meeting of the World Food Conference called by FAO in Rome.

As the last meeting of our Commission in June, here in Geneva, a review of the situation was made, a dossier constituted, which was then shared with all the members of the Commission. A small committee, which had studied the dossier, submitted a report to the Commission, and a copy of this report is appended to this letter. The report gave rise to substantial discussion and was received by the Commission, on the understanding that it did not represent the comprehensive and final position of CICARWS on the subject, but simply a piece of corporate reflection. In receiving the report, the Commission reaffirmed its belief that:

- world hunger is, and will continue to be, one of the major problems of the whole world to-day and to-morrow;
- food production is not the only answer to the problem of world hunger ;
- thus what is needed is a comprehensive, long-term approach to the problem ;
- rural community development is helpful in solving the problem.

In sharing this material with you we should like to invite you and your church to continue to give us the benefit of your reflection and experience in projects, programmes and activities in the field of rural development, food production, and other related concerns. We should also like to draw your attention in particular to Appendix-III, Agricultural and Food Production Projects, 1976, since this indicates the degree of interest and involvement in such projects, and may well provide a basis for further thought.

Yours sincerely,

Sd. Jean Fischer,
Deputy Director.

Dear Mr. Kandulna,

How have you been? I just came back from Japan on Sept., 1978 13th. But we had floods at the Institute, therefore all the Institute buildings and houses were under water. Any how I am pleased to write you that the Task Force on World Hunger of the Presbyterian Church in the United States has approved to support financially U.S.\$ 13,000 for five years for the Rural Development programme which was submitted on February 22, 1978.

I am willing to visit you with my friend Mr. Machida between October, 1978. Probably we will be able to stay there for three days after arrival there. We want to see your works and understand your thinking as much as possible. Then I want to write a letter to the Agency to release the funds according to our talks there. Also I wish to meet Board member of A.T.D.C. including Chairman, Secretary and Treasurer. So far I am not sure about the date that when we will be there. But we will be able to come between October 8 to 10th to Khutitoli.

I want to meet also Mr. A. Lakra, High School Teacher in Khutitoli. He has written a letter to me. But it seems that he misunderstand. I want to meet him if possible. Could you tell him about my coming.

Sincerely,

K. Makino
