Sir,

Having come to know that the services of a few Mechanics and Fitters etc. will be required in the Rourkella Iron and Steel Factory, I beg most respectfully and humbly to apply for one of the same.

As regards my qualifications I beg leave to state as under:-

- 1) Passed Matriculation Examination from the Calcutta University in the year 1948.
- 2) Joined the construction of the Mayurakshi Project under the Govt. of West Bengal in February '49 as a Khalashi. Thereafter promoted to the post of Welder Mate and subsequently employed as a Mechanic Mate and then as a Generator Operator in Power House Section.
- 3) At the time of taking up of the construction of the Durgapur Barrage by the Damodar Valley Corporation, I was appointed as a Pump Mechanic in the Dewatering section in December '52. For the valuable and satisfactory services rendered by me there, I was appointed as a General Mechanic in the Engine Overhauling Section which consists of various Machinery both Diesel & Petrol. Due to the completion of work there, I have been retrenched in May of this year.

From the above, it may kindly be seen that I have acquired considerable experience in the Operation, Maintenance and Repairing of Generators, Pumps etc.

I therefore, pray that your kind honour may be graciously pleased to offer me with a post suited to my capacity in the above Organisation - a national building Unit undertaken by the Govt. of India.

Two copies of my testimonials are enclosed for favour of perusal.

To The Secretary, G.E.L. Church, Ranchi.

Sir, Respectfully I beg to approach your goodness with this humble petition for favor of your kind consideration and sympathetic orders.

Understanding that candidates are to be recruited for the Government Iron and Steel plant, Rourkela (Orissa) for suitable technical training under your kind disposal, I beg to offer my self as a candidate for the same.

As regards the eligibility of my candidature I have passed the B.Sc. examination of the Utkal University in the year 1953 with Physics, Chemistry and Mathematics as my optional subjects. I am a young man of twenty with a very good physique and capable of doing hard outdoor work. I am here with enclosing the necessary form duly filled up by me and also duly attested and certified by a Gazetted officer. I have also enclosed with the same few testimonials for your kind reference.

I had a keen desire from the very beginning of my student career to undertake technical studies and as a consequence I took science. But the sudden demise of my beloved father restrained me from my aspirations and the question of finance put a note of interrogation for my long expected career.

Under these circumstances I ~~can~~ seek redress upon your kindness and if you will be gracious enough to select me for any suitable training, I solemnly declare that I shall spare no pains in discharging my duties peacefully and for this act of kindness I shall remain for ever as in duty-bound to you.

Sir,

Having come to know that some applications are being invited by you for recommending them for training in Germany to employ them in the factory which is to be established near about Rourkella in the Province of Orissa, I beg to apply for the same for my son, Sarban Topno. I beg to lay before you the following few lines for your kind consideration.

My father, late Prabhudayal Topno was a pastor of G.E.L. Church at Umbulbaha many years ago. During his services the revolution of Birsa Munda started which gave many troubles to the church. Just after it when the German Missionaries left us and went to Germany, the 'Raja' of Kharsawan state began to suppress the Christians of his area. In the same time my father was caught by him and was put to prison. Afterwards he was released and he served the church as a pastor for about twenty years and then he expired.

At present I have been also elected as a member of the church Council. My financial condition is not good. I earn my lively-hood by tailoring and I have to support my whole family by the small income made by tailoring. Any how after suffering many hardships I have been able to attend school my son up to the Matric Standard. But now it is quite impossible for me to make him able to continue his studies further due to financial trouble. This year the age of my son is 18 years.

I, therefore, most humbly and respectfully request you to kindly put the case of my son in special consideration and to recommend him for the above said training. I will remain ever grateful to you for this kind act of yours.

yours faithfully.
