Dr. Wulf Schaefer

Dear Wulf:

You are quite right. In the pandemonium of things to be done immediately on my return to America I overlooked your request for a letter of recommendation. I hope the enclosed will serve the necessary purpose. In any case, my best wishes for your finding an appointment such as you desire.

It was a very great pleasure to see you again in Athens and to make the acquaintance of your good wife. My best regards to you both,

Sincerely,

*Charles H. Morgan*
