Dear brother Aind,

In a hurry I write these few lines answering the question in your letter of November 29th. Please convey my greetings to the participants of TTC's Christmas celebration on December 22nd.

I beg to inform you that on our opinion you should follow the custom of the past years to dedicate to the staff and employees a Christmas gift as per your choice. We expect that these additional expenditures for the mentioned gifts will not exceed the amount of the last year.

I am closing this letter with personal greetings to you, your family and your staff wishing all of you a blessed Christmas and a happy New Year,

yours,

Dear brother Seeberg,

In continuation of my letter dated 8.11.74, let me write to you the following :-

1) Production :- We have advertised in the local papers for leasing out the production section. Accordingly there are few applications. Governing Body is meeting on 7-12-74. It may take some actions on this time or may wait for more applications.

2) Instructors' dissatisfaction :- Three instructors(Mr. Masih, Mr. Mahato and Mr. Chatterjee) had threatened the management that if their application for revision of pay scale (as Government ITI), will not be considered favourably, they would undergo strike with effect from 16.11.74. Any way they agreed to withdraw their application, but the dissatisfaction is there. Now the Governing Body will be meeting at Fudi on 7.12.74 again to consider about that.

3) TTC Christmas-Day:- We may celebrate institutional Christmas on 22.12.74. As it has become a custom here, staff and employees may expect some Christmas present. Generally due to your generocity last year we could distribute blankets to all workers and mafflers and banions to the students. As we have not included this special gift in our budget, whether we can continue this practice, depends upon your kindness and generocity. Please therefore communicate your action to me as early as possible. I shall be anxiously waiting for your reply.

We all are quite well.

Dear Brother Aind,

many thanks for your letters of July 2nd and August 23rd. I am glad that you received the money through Dr.Walter Horo and the parcel we brought with us last spring. I hope the material is of help for you.

I am very much surprised about the great number of student's applications. I suppose the new group now to be in training and that the examination group finished its training.

At the beginning of September I received the budget 1975 for the Fudi Technical Training Centre showing a deficit of Rps 122.664,76 the compensation of which I hope will be possible by Gossner Mission but I beg to notice that we in Germany expect in 1975 a lower income for the said period too.

In your last letter you did not mention the discussion regarding the new constitution. Naturally I received some information about from Dr.Minz and Dr.Singh but I am very much interested in your opinion concerning this matter.

With hearty greetings I am,

sincerley yours,

Sg

Still we are expecting for rainy season. Cultivation will started late due to want of rain.

Sub :- Budget of Fudi Technical Training Centre, for the year 1975.

Dear brother Seeberg,

Herewith I am forwarding the budget of FTTC for the year 1975. This has been duly passed by the Governing Body met at FTTC Fudi on 19-8-74. The budget shows the total expected expenditure of Rs. 1,43,884.76, expected income of Rs. 21,220.00 and the expected deficit of Rs. 122,664.76 which is being requested from the Gossner Mission. The budget shows Rs. 9,203.16 more than the budgetof 1974. This great difference is due to the present economical condition prevailing in India and the budget has been prepared on the same basis. Dearness has gone up very high. The cost of all materials to be required for our institution has considerably gone up 25% than before.

Explanation of certain S.No. - like

S.No. 2 (D.A.) : seems to be a new item of expenditure, but actually D.A. is being paid at present also, though it has not come in last year's budget.

S.No. 14 Electricity charges :- Under payment had Rs. 12,000/- has been shown on the line of our last year's annual statement. As the old Tarif, which includes the production section, still continues, we are charged from the electric department the minimum grantee charges. It is hoped that Trust Society will lease out the production section from which Rs. 6,500/- will be realised as electric charges. Hence under the remark column it has been shown "income expected electricity charges from persons (Rs. 1,000/-) and from lease holder (Rs. 6,500/-).

S.No. 15 Entertainment :- Against this head expenditure of Rs. 1620/- has been shown whereas in 1974 the amount was only Rs. 720 /-. Rs. 900/- is being requested for film show to students.

Hope with the above explanations the budget will be clear for your information and consideration.

Dear Brother Aind,

unfortunately I could not finish my home-work (Constitution and Fudi internal Rules) this week, but I did a lot of handwriting. I will take it to Berlin, get it type-written and will send the papers to you in time.

Though Miss Dorothea Friederici remainded the Dihi people through telegramme the parcel with the spare parts did not arrive yet. It will defenitely come to the address of Rev. Hecker and I have informed Miss Benghra. She will receive the parcel and you may ask about it after some time. The transportation costs from Delhi to Ranchi should be borne by Fudi TTC. In this parcel Miss Friederici has also packed a small car (toy). It is a present to an South Indian child from a relative in Berlin. Could you kindly send it to the address I have attached to this letter? Thank you.

Miss Benghra has got from me a smaller parcel for you with some films you asked for in October 1973.

Dear Brother,

Yesterday I mailed one letter to you. Again I am compelled to write to you this letter and like to inform you the complications arising with regard to the V.W. Car which is in the name of Dr. T.C. Dell. Now the J.C.C.I. Bombay has lodged a claim of Rs. 17,626/- from us being the value of Bond as counter guarantor signed by the Mr. Schwerk, the then Director, T.T.C. The copy of the letter of claim is enclosed herewith which is self explanatory.

In reply to this claim, I have written to the Branch Manager, The New India Assurance Company Ltd., Ranchi Branch. the copy of which is also attached for your information.

Please advice me in this connection. Next, I like to inform you that I have heard that there are three Sales Tax cases still pending which are from the Time of Mr. Schwerk. I donot know how much we will be liable to pay in these connections. I am very sorry that these cars were not cleared during their time and have become a burden for me. If at all we will have to pay, I shall let you know in due time.

In yesterday's letter, I had mentioned some lines about the present situation of the Church. Now another mishappening took place yesterday. That Phulchand Panna and others filed an injunction suit in the court against the present arrangement. Notices have already been served. Dr. Singh and others have to prove that the action of the K.S.S.S. is constitutional otherwise every thing will be turned down. I do not know how far other concerned former officers react on this. This is only a short information to you.

With brotherly love and Yesushay.

This is to regret that I received your above letter after much delay and my late answer may kindly be excused.

1. I left India for good already on 12 March 1971.

2. Before I left, the Volkwagon Car mentioned in your ran alrady completely out of Order and could no more be repaired due to lack of spare parts.

3. I tried to sell the car to the State Trading Corpn. Calcutta and informed ~~full~~ duly the Controller of Imp. & Exp. in New Delhi of my intention.

4. The whole procedure took so much time that I had to leave India already before everything could be completed.

5. Before I left, I handed the car, all the car papers and correspondence, over to the Director Technical Training Centre Fudi, Dt. Ranchi, Bihar, Certificate of Registration was surrendered.

6. As per my latest information, the car is still lying at Fudi still out of running condition and waiting for final disposal. From the Correspondence in their files you will be able to verify that my above statement is correct. If you like I can request the Director TTC Fudi to hand over the car papers to you.

Hoping this reply will be satisfactory and expecting your final decision regarding the sale of the broken car.

We refer to your letter No.T(2)S/297-73 dt. 19.5.1973 addressed to our Head Office on the captioned matter.

Dear brother Seeberg,

Here below I put the following points for your rememberance and necessary action :-

(i) One time grant of Rs. 3,000/- for advancing loan to the needy boys to be refunded from their Welfare stipends :- It has been experienced that time to time some poor trainees approach to me for monetary help. Please remember that last years your grant of Rs. 600/- helped two boys, who have now completed and are employed in Shri Ram Bearings, Ratu/Ranchi. At present also privately I have granted loans to trainees of FTTC fund which is illegal, though in course of time I realise from them. Therefore my request to you is to enable me to help the most needy students by granting one time grant of Rs.3,000/- Separate A/c. could be maintained for this.

(ii) Grant of Rs. 1,500/- for X.Mas present :- Last year you were kind enough to grant Rs. 1,000/- for this purpose. Out of this amount some small presents are given to the trainees also. This year the number of the trainees is more than last year and besides this the cost of things required have considerably gone up. Hence I place a request for Rs. 1,500/-. Account of this fund is not included in this FTTC Main A/c.

(iii) Electrical materials :- Hoping that you will come to India after some months, we request you to bring along with you the materials contained in the attached list. These materials will help us to repair our KSB Submersible Pumps which are out of order and to run the machines.

(iv) Coloured films :- Please remember the request of Mr. Haque. The idea is to get the photoes of the boys on work and out of which slide pictures can be

Dear brother Seeberg,

Herewith I am writing few lines re: T.T.C. Fudi

(1) M/s. Cromelite (India) Pvt. Ltd. seems to take away their belongings to Calcutta and vacat the workshops they occupy at present. They say that they will start removing after 15th August '73. They have paid Rs. 13,000/- still nearly Rs.4,000/- is due up to July '73. They say that before final removal of things all dues will be paid.

(2) Result: 15 students (13 in fitter trade & 2 in Carpentry) appeared in the "All India Trade Test" held in the first week of July '73. Result is cent percent.

(3) New admission : (a) Carpentry Trade :- Ten boys have been selected. Uptill now only six boys have come. In the meantime second list is issued and none have turned up.

(b) Fitter Trade:- There were 135 applications and 105 turned up for interview and 32 boys were selected. Still 2 seats are vacant as only 30 students have joined. We are expecting two more students.

(4) Supplementary bill :- Please remember about a talk in the Governing body to start a new trade of Welding. The Supplementary budget was prepared and passed by the governing body and as per desire of the governing body the same is being sent herewith for your information and approval. To facilitate the adoption of this new trade action has been taken to send one instructor for further specialised training for a year to Central Training, Dasnagar, Howrah, Calcutta. To this effect correspondence has already been started with the traing authorities. We are waiting for the favourable reply. If this idea is materialized, this new trade

Dear brother Aind,

many thanks for your letters dated Mai 29th and June 25th. Until now I heard nothing about a visit of Mr. Karnani to Berlin. Copy of your letter to Mr. Karnani from May 14th and of the enclosed unpaid bill amounting to Rps 15.050,-- I now have on hand.

Your letter of June 25th with the enclosed budget 1974 was very important for our considerations. Let us hope that the Kuratorium of Gossner Mission will agree to full compensation of the Fudi deficit. In early October when I hope to see Fudi again, I will inform you about the decision. On this occasion we will talk about the possibilities of income for Fudi Technical Training Centre from a successor of Cromelite.

With kind regards,

sincerely yours,

Dear Sir,

Please find the enclosed bill/ re. the above which is being sent to you for your information and necessary action. It is requested that the same bill be paid latest by the 30th May,73.

Following notes are given for your information:-

(I) Lease Rent :-We have received the lease Rent from you up to the month of March ,72 and thus Rent is due from April 72 to May,73.

(II) Electricity Bill :- Due to the closer of the production section naturally high shortage in power consumption will occureAs per agreement with the Bihar State Electricity Board our annual consumption ought to reach certain unit. If that unit is not reached we have to pay the difference in the end of every year. Last year an amount of Ruppes 2147/- was charged extra than it was consumed and this shortage in power consumption occure due to lesser work in your firm. Again this year due to complete closure naturally there will be more shortage in power consumption. Hence the average consumption rate from Jan.73 to May,73 is being charged from you. It is requested that this amount also be paid.

Further I am to point out that after your letter dated 22nd March,73 addressed to me , you have transported three trucks full finished furnitures from here. In future unless you clear up all the dues neither sale nor transportation will be allowed.

Hence you are requested to clear up all dues on or before 30th May,73

Thank you!

Dear Directorsahib,

This is a personal letter though it has some official background. And this is the reason why I am using the Gossner Mission paper. I am writing to you because of Osman Khan. You know him very well and I too. From two letters he wrote to the Gossner Mission during the last weeks I know that his position since the closure of Cromelite is hopeless. It is quite clear to me that he will never get any chance to earn any money for his large family in his old age. This fact strikes me very much. For I personally have benefitted so much during my stay in Fudi through his honest and reliable service in so many situations. Sure there were days, sometimes even weeks, when no special job was available for him and he did just something to fill the time of duty. But on the other hand there were many occasions when we were in need of a man to whom we could trust beyond any doubt and who would stick to the matter no question what time or sacrifice be asked for. These were the times when Mr Thiel and myself and certainly Mr Hertel too were so much thankful to Osman's readyness to serve. Frankly spoken I dare to say that Fudi TTC itself owes thanks to Osman for his work during the last ten years.

Of course nobody would be as stupid to forget that Osman as a strong personality has his remarkable hooks as well. There were times when I was not quite sure whether he was the director or me and when Mrs Schwerk was feeling like her own kitchen servant because of Osman's way of ruling the daily matters of affair. But we all knew that this was never done purposely but because he considered everything in TTC as his very responsibility and was concerned about the wealth of the institution.

My request to you is now whether you may be able to find Osman a job within the framework of Fudi TTC - it be of urgent need or it be just a formal one. He should have the possibility to stay in the modest round hut at the edge of the compound which was built so many years ago for him and the family and has become his real home now - much more surely than the Hazaribagh place where he actually stems from. And he may have the opportunity to earn his lifelihood from the very place he was serving the last years of his life and not depend on somebody's charity. It may be that you find it difficult to place his post in the budget of Fudi TTC because there might be no provision for a post like - say - a daftary or so. I am personally ready to pay to Fudi TTC the monthly amount of his salary in that case in order to avoid any deficit in the Fudi budget. This is some way I would like to offer because it would simply mean repayment of some of the benefits I have received during my stay in India. But for many reasons I do not like to make a direct garnt to any person, not to Osman nor to anybody else because this would necessarily lead to jealousy. If therefore you want me to refund the loss please let me know immediately but in a way which does not give Osman the feeling that Mr Schwerk is paying for him or so. But at any rate - please consider my request kindly and help this old man for the sake of our Lord who is his Lord as well because he himself is helpless as we all are but in a very special way.

Yours in Jesus Christ

Dear Sir,

Take our hearty greetings. Now a days I am keeping o.k. by the grace of God and pray best for you.

The main purpose to write this letter is that as I was working since 1961 in TTC, Fudi / Ranchi at the time of Mr. Thiel. Mr. Hertel transfered my service in 1971 from TTC, Fudi to M/S. Cromelite (India) Pvt. Ltd. Fudi, but now the position is that Cromelite factory has already been decleared closed down from 2nd. January 73. Now I become helpless from all sides. I tried to get my job in TTC, Fudi , but The Director , FTTC, Fudi directly refusing to keep myself with them, as they have no any office bearer.

Now in my old age where I will go to get bread for my big family. As you know that I have four sons, four doughter and We two - altogether We are ten members in my family. Whole age I worked the German sahebs with my best i.e. Mr. Thiel, Mr. Schwerk, Mr. Montag, Mr. Hertel and other guest. I did'nt get any complain with them.

Under the above cercumstances it is my heartiest request to consider my problems. In this last age how I will get bread and what will do for my family. Nither I have much money to do some little bussines nor have a good age to get job else where.

At last it is my good hope to get a better suggestion ~~from~~ and help from you.

With good wishes and good regards.

Yours faithfully.

Dear brother Aind,

With thanks I received your letters dated February 26 and March 28. I hope you dont mind that I answer to them so late in April. Your letters were mainly dealing with the budget and the problems with Cromelite.

Regarding the budget a letter of our office written ten days ago, informed you that an amount of approximately Rps 24.000,- was transmitted to the KSS account in favor of Fudi TTC.

According to my letter of November 24, 1972 the same amount of Rps 24.000,--, meaning the first instalment of the budget 1973, was paid in January 1973. As per the same letter you already know that you will receive through the KSS the next instalment on June 1, 1973 also amounting to Rps 24.000,--.

Furthermore the amount of Rps 6.900,-- paid to Fudi TTC by Mr.Kmitta also is a part of the Fudi budget 1973 because Gossner Mission remitted to Mr.Kmitta this amount in German Marks. The subsidies from Gossner Mission now totally amount to Rps. 78.900,--. Questions regarding the budget 1973 which are still pending we can discuss in October of this year on occasion of my stay in India. If you plan an excursion with the students to Calcutta, you may do it, but under the condition that the expenses are covered by the 1973 budget. Extraordinary expenditures have to pass the proper channels.

You are correct in mentioning the still unsolved problem of depreciation. We too already talked about last year und it seems to be high time to create the depreciation fund. Please, consider this problem to be an item of the agenda for the next meeting of the trust society.

Gossner Mission

Regarding Cromelite we took notice of your informations. Some more informations we received from Mr.Hecker. I know very well that Gossner Mission is not in the position to make any agreements with Mr.Karnani. Moreover we do not intend to do this. During my last visit to Ranchi I nevertheless spent some time with Mr.Karnani, because nobody wanted to solve certain problems. The trust society only was responsible for the training section and the KSS including the Pramukh was too weak to settle the Cromelite Programmes. The KSS Samiti Meeting decided in March 1972 to consign to the trust society the responsibility for the Fudi education section too. Unfortunately this decision was not approved by the full KSS. I hope the new KSS will give the approval.

From the letter of Mr.Karnani to Fudi TTC I learned that Cromelite is ready to pay the rent to Fudi. As far as I understand they are willing to pay the rent after having vacated the premises. On my opinion the director of TTC Fudi should immediately make the bill showing the outstanding positions - rent, electricity etc. - per April 30, 1973. If Cromelite does not pay until this date Fudi TTC has to start steps according to Indian Law and Order against Cromelite in order to get the debts paid.

Please, be kind enough to mail a copy of the said bill also to Berlin. If Mr. Karnani should pay a visit to Gossner Mission I would like to know the financial position.

Dear brother Aind, the month of May is a hot month but I kindly ask you to start the preparations for the budget 1974 as the Kuratorium of Gossner Mission has to prepare the total budget in August and September.

For your information: Mr.Schwerk received the parcel with the drawings.

With kind regards,

sincerely yours,

Dear Brother Seeberg,

I have not heard any thing from you re: my letter No.T(3)S/52-73, d/-26-2-73.In continuation of the same may write the following:-

(a) Excursion :-There is a provision in the budget for this programme In last year's budget the amount was Rs.2,760/- and it was not aviled as the excursion programme could not be fixed. On the other hand this amount was not separated for the coming year in the account. In 1973 budget the provision for excursion is Rs. 2580/-. We are planning to send the boys to Calcutta. The date has been fixed to be 13-4-73. My request is as we had received from the Gossner Mission in 1972 only Rs.58,600/- in place of Rs.78,000/-,we may kindly be given the balance so that excursion and other expenditures like depreciation of buildings etc. and machines etc. can be met .

(b) Depreciation of buildings and machines :-Construction of buildings in TTC.Fudi were started from 1961 (From the very beginning) and the machines were started to be installed from 1963. Since then we have to show depreciation value.Up till to-day no depreciation amount has been separated or shown neither in cash nor in account only. Thus the balance sheet show a huge amount in the asset side. At any time income tax could be levied upon us. Therefor we have to act in this line so that we may not be put into difficulty in future at any time.

(c) Relationship with M/S Cromolite :- You had been already informed about the closure of the work of Cromolite in TTC. and their dues of lease rent. Besides that they are still illegally occupying our production section. From their recent letter to me (the copy of which is encl. for your ready ref.) it appears that Mr.Karnani is planning to come approach you in person in Berlin

Gossner Mission

and try to settle with you there. In this connection may I point out that production section of TTC. will also be leased out to Trust Society. This matter is just on the stage of finalisation.Under this circumstances settlement with Carnani or with any other party will be done by Trust Society. In case if you act on behalf of Trust Society in matters of leasing out the production section to M/S Cromolite it aught to be discussed on that line. I am of opinion that in no case lease rent of 1972 be lessened as it was done ~~in~~ for 1971. Moreover, Lease rent for future be fixed not less than Rs 1500/- pm.

Anxiously I shal be waiting to hear from you. With best regards and comliments.

Sincerely Yours,
For Fudi Technical Training Centre

Re:Your letters No.T(5)S/86-73, T(5)S/87-73 dated 13.3.73 addressed to Mr.Singh and letter No.T(5)S/88-73 addressed to Mr.Karnani.

With reference to the above letters,we have noted the contents and in reply,we would like to let you know that since our materials are lying at Fudi in finished and unfinished manner worth about more than 2 lacs,we should not hand over the charge of the premises to you either in part or in full. Further you should not worry about it when we are ready to pay the usual monthly rent for the premises. In this connection please be informed that we have suffered from heavy losses at Fudi,which forced us to close down it, However we could not blame for this to any body and have shouldered entire responsibilities on us.Now we are thinking some way out to make up the losses and unless we reach to a conclusion,we can not vecate the premises ~~immediately~~ occupied by us.Of course if you are too much eager to take up the premises emmediately then you can do so by paying us the book value of the total meterials lying at Fudi.

Further you have asked for our permission to verify the macines and tools as per the inventry which surprised us much as because before getting any information regarding leaving our possesion of the workshop and saw Mill,how you asked for such kind of inspection or varification?

For your information we may add that Mr.Karnani is likely to visit Germany very shortly and hope everything will be settled there.So,you are requested to bear with the same till then. Mr.Singh is at present alone in Fudi you are requested to see that he is not harrased by some unnecessary letters etc.

Thanking you, we remain,

Yours Faithfull,

Erledigt:.....

Dear Brother Seeberg,

After a long silence I want to write to you the following for your information and action:

1) Your grant of Rs.1000/- for Christmas present to FTTC. staff and workers:- With this amount all staff and workers were presented blankets as continuance of Christmas gifts. All were very happy to receive the same. On behalf of all may I extend heart felt thanks to you. Further may I request you to arrange for 1973 gifts also if you can .

2) Rs.600/- as help for two students (Francis Lakra and Abraham Turan Tiru ):- The same amount was paid in monthly instalments of Rs.25/-each per month to the above named students with effect from January,1972. Due to the failure of crop in 1972,these boys still need help so that they can continue their training which will be completed in July,73. Therefore if total Rs.350/- @Rs.25/- P.M. for each can be further granted,it will be a great help for them. To these boys I am advancing @Rs 50/- each P.M.Out of this amount @Rs.25/-P.M. will be recovered from each of them from their Welfare Stipends.Please therefore consider favourably and let me know your reaction.It is to inform you that I have requested brother H. Hertel also to arrange for this help. I have mentioned in his letter that if he can arrange this will lessen the burden of the Gossner Mission. I hope he may contect you.

3)Information about FTTC. activities:- To ackquaint you with our activities in 1972,I am enclosing the Annual Report of the Secretary and the Director which were placed before the Annual General Conference of the Trust Society.

4) Accounts for 1972:-I am enclosing the Annual Statement of Income & Expenditure for the year 1972 together with the audit report of the Charttered Accountant. I hope you will be ackquainted with our accounts of 1972.

5) Amount of Rs.6,900/-received from Mr. Kmitta:-At the time of leaving Fudi for good Mr.Kmitta left the amount with me. Still it is unaccounted for.Please suggest about that amount. Kmitta angezahlt: 3135.90

6)Rent from M/S Cromolites:- I believe that through Rev.Hecker you might have

Gossner Mission

been informed about the closer of M/S Cromolites work in TTC. from January,1973. Rent from them is still due from July,1972.Up till now they have not handed over charge of the workshops to us. There clear cut position is not known up till now. Some times the representative says that they may reopen their work and some times they say that they will hand over the workshops in the month of April,73. Mr. Karnani has not come here since a long time.

8)Discussion of new trades(Welding and Turner) to open in TTC.:-
We were informed by Rev. Hecker that you are not infavour of increasing more trades and there by to increase the financial burden of the Gossner Mission. Governing Body's idea was that to make the training more lively we have to adopt some most atractive trades in our institution also. Therefore please consider in this line.

8) Carpentry Trade:- For this trade we do not get sufficient students. Therefore the Governing Body decided to start Village Level Carpentry. Six boys have copleted their training and have returned back to their Villages. The Governing Body has decided to help these trainees. Each Church of the Trust Society has to give 1,440/- .We have received this help from CNI. and R.C.Church. ~~EVEI~~ C.E.L.Church has not yet given its share. From August '73 which is the begining of the session ten boys will be again taken for this Village Level Carpentry.

find enclosed

With the above few points here with I close my letter. Be my best regards and compliments to you. Please convey my Yisusahay to your wife and children and Mr.Schwerk. To Mr. Schwerk we have sent some drawings On 27-11-72, we have got no informtion from him whether that percel reached him. If you could inquire and let us know about that we will be much thankful to you.

Encl.:- As above.

Yours Sincerely,

**Report on actions of the Governing Body, F.T.T.C.**
**by Secretary**

The Trust Society which was formed at the end of 1970 has completed its two years' life. At the completion of the 1st year a report was submitted in the meeting of the general body of the Trust Society. So also, this year a report is made to it at the completion of the 2nd year of its life. It is done so with a view to acquainting the general body with achievements and failures, problems and difficulties faced, plans, programmes, policies and actions taken by the Governing Body.

1. No. of meetings:- Last year 6 meetings of the G.B. and 1 joint meeting of the G.B. and the general body were held. Every month one meeting of the G.B. was to be held but it could not be done so for various reasons.

2. Office-bearers and members:-

1. Venerable Archdeacon J.A.Cable, Chairman
2. Sri H. Samad, Secretary
3. Fr. A. Delbeke, Treasurer
4. Sri D. Toppo, member
5. " N. Kachchap, member
6. " M. Soy, member
7. Rev. D. Hecker, member
8. " P.G.Kniss, co-opted member
9. Sri A. Haque, consultant member
10. Rev. C.B. Aind, Director, participant.

At the expiry of each one year, term of office of the office-bearers, comes to an end.

3. Attendance:- In genral attendance of the members and office-bearers was good. But it is reported that there has been some irregularity in the attendance of Sri N. Kachchap.

4. Actions:- a/ Regularisation of the payscale of the Teaching Staff:- Since there was no regular payschle it became indispensable to draw up a regular payscale. Some principles were adopted and then the payscale was regularised. Fr. Delbeke, our treasurer contributed a good deal in this respect. The regularised and systematised payscale was implemented with effect from the 1st of July, 1972.

However the payscale of the Maintenance Staff has yet to take its final shape. There are some hurdles which are to be overcome. I believe it will also be drawn up in near future.

b/ Position of Trust Society:- There has been a very little improvement o. the position of the Trust Society. The basic aim of leasing out the entire property(land, building, machines, tools etc.) of the ~~FTT~~ T.T.C. has not been achieved. At the initiative of the Governing Body negotiations were made wiff the KSS officers. The KSS has a pious wish to lease out. To this effect it has made resolutions. But still the KSS has failed to do its part. Net result is that the property has not been leased out although the Trust Society has become a registered body. This situation has produced some uneasy feelings in the minds of the G.B. Therefore, sooner the lease is finalised the better. On the part of the G.B. it has conducted negotiations and has explicitly expressed its willingness to take over the T.T.C. To this effect it has sent its resolutions to the KSS.

c/ Closure of Production Section:- The Cromelite(India) Pvt. Ltd. has clossed down its work and office with effect from 2nd January'73. But it has not handed over assets to the G.E.L.C. as yet. As such it has become a matter of serious concern. The G.B. has recommended to the KSS to take immediate steps to appoint the Director, assisted by the staff, to take over the production section. Moreover, since the G.B. feels the need of the machine shop, it has expressed its desire to take over the whole production section along with the training section.

Pastor Seeberg, Director, G.M. attended a meeting of the G.B. on 4th March'72. Then he stressed on this that real responsibility for governing FTTC should ~~xxxwith~~ lie with the Trust Society. In this way all concerned want that the proper authority of the Trust Society be established over the TTC. What lacks in earnestness and quick action on the part of the KSS.

F.T.O.

Gossner Mission

d/ Extra fund for running carpentry section:- There was need of an extra fund for carpentry section. All the constituent churches were requested to contribute. The C.N.I contributed the sum of Rs.1,440/- It deserves thnks for the speedy contribution.

e/ Appointment of an auditor:- The G.B. decided to appoint Singhee Brothers, Chartered Accountants, to audit the accounts of 1972 on payment of Rs.250/- only for the job. The accountants have agreed to do the work.

f/ New admissions:- In 1972 out of 31 applicants 25 were selected for fitter trade and two for carpentry. But actually only fifteen took admission for fitter trade. After some time three more enrolled themselves. As such the roll rose up to 18. It is rather embarrassing that trainees are not turning up to avail of the training.

g/ Result of 1972:- Out of 13 boys twelve passed the I.T.I. examination and one of them was placed in the 1st division.

h/ Carpentry Trade:- This trade was opened with 8 students with effect from the 1st of August'72.

5. Plans and programmes:-

a/ Fitter, Carpentry and Masonry are recognised trades for the TTC. Training in the first two trades is being given. Possibilities for re-introducing the masonry trade are explored.

b/ Besides, village level carpentry has been introduced. The first batch in this trade will complete their course at the end of January'73. The G.B. has decided to supply the outgoing trainees with bare necessary tools worth Rs.50/- or so to each.

c/ Cycle repair training was another feature. Although it has stopped now, but the G.B. has a desire to continue it.

d/ Training in refrigeration and air-conditioning has been discussed but no tangible decision has been made.

e/ The G.B. has accepted in principle to start the trades of Turner and Welding.

6. Problems:- Main problems are:-

a/ Execution of lease-deed by GELC to Trust Society.

b/ Financial involvement to be taken up seriously by the supporting churches.

c/ How to make a proper use of the machine shop in order to earn an incomeout of it.

7. Conclusion:- While concluding this report I have to sy that God has blessed us in our common venture and I pray that we may all proceed with courage and confidence to shoulder it and run it in a right direction.

Report of FTTC before the Annual General Meeting of the Trust Society d/-27-1-73.

FTTC. formarly TTC. has two departments, viz, Training and production. Trust Society is concerned with Training department only, because the production department, which has been leased out to M/S Cromolites by the G.E.L.Church, has not yet been given to the Trust Society. Negotiation has been goig on for the leasing out of the production department to the Trust Society.

The following is the brief report of the FTTC:-

1. Establishment:- In FTTC. there are three Sections, ei, (1) Training section, (ii) Maintenance section and (III) Mess section. In the beginning of 1972 the number of staff and workers was 22. In course of time one office sweeper had resigned. At present the total number is 21 only. The work of the office sweeper was entrusted to the compound sweeper who is now fully occupied with works.

There was disatisfaction regarding salary amongst the training staff. It was due to the prevailing low payments. Some amounts were raised in the payscale and also some D.A. was fixed and enforced with effect from July, 72. In the same way new payscale for other emloyees is due to be enforced which is on the way. Nearly from Rs. 4220/- to Rs. 4500/- is needed every month for the payment of salary and D.A.

2. Training:-Three Trades, ei, Fitter, Carpentry and Mason are recognised. At present we have Fitter and Carpentry training only. Mason trade has been given up long ago. Ours is the only institution where mason trade is recognised. Government wanted us to restart the trade, but due to lack of porssonnel and financial involvement, we regretted.

We are thinking to include two more trades, ei, Welding and turner, if we obtain recognition for these trades. In case we start these trades, we will need the machine shop which is still in the possession of Cromolites.

(a) Fitter Trade:-This is the two years course. At present we have

Gossner Mission

30 students in this trade, 13 in the second year and 17in the first year. Last year 15 students appeared in the All India Trade Test and all of them passed.

(b)Carpentry:-We have resterted this trade from February,72. 10 students were admitted for Villa ge level training. In course of time two boys left and another two boys wre taken in their place.At present there are only 9 boys as one has left due to his personal reason. With effect from August ,72 three out of nine have taken the ITI course who will complete their training in July,73. Only six boys have been left for village level carpentry who will leave us from 1st Feb.73.

We are giving stipend of Rs.40/- each P.M..For this we have no provision in the budget.Decision was taken to request the three member Churches of the Trust Society to donate each for three students. Up till now we have received this donation from the CNI. only.

Next batch ,both for Village level training will be admitted in the month of August 73.We have to decide wheth er stipend of Rs.40/-per month ~~to per month~~ to per student be continued.If so we have to find out the money.

(c)Cycle Repairing Training:- With a view to assist interested boys for self employment,we stated cycle repairing training for a month only in different batches. Up till now we have trained 7 boys in different periods.

For the first two boys we are successful in supplying necessary tools through the B.D.O.,Khunti. Training to these boys was given fully with the institutions cost. If this short of training will be continued in near future;it is suggested that provision be made in the budget. We spent Rs.50/-per boy.

3.Job Facilities:- For the passed out boys,we try to arrange for their inplant training.Personally we try to contect all industries round about Ranchi and also we send the list of all passed out boys to the apprencship advisors locating in ITI Hahal and Chaibassa.Shri Ram Ball Bearing Tantu seem to be very co-operative in this line. Some boys of last year have

Gossner Mission

have got places for their inplant training in this factory. All most all have undergone interview in CTI/HEC. Their result is awaited.

4. New admission:- For new admission we advertise in the news papers like, Ranchi Express, New Republic and Indian Natiion and local Church magagines. Applications are called for in the months of May and June and selection is made through our internal committee.

Last two years experience says that no sufficient number of applications were received. Reason is not known why we received few applications. It is requested that through Churches also propaganda be made. Last year informations were given to all most all Parishes of the three member Churches whose adresses were available with us. Some High School s also can be well informed through personal contect. At least personal approach can be made to such High Schools which can be reached easily.

5. Stipend :- We give local merit stipend to those who secure 1st, 2nd and 3rd position in the test examination. Each of them are given Rs. 30/-, Rs. 25/- and Rs. 20/- P.M. Besides this all sheduled tribes and backward class students get Welfare stipend @ Rs. 25/- P.M.

6. Production :- Besides training activities some times we get orders from parties to fabricate iron beds and garden chairs etc. Through such activities we get some frofits. It is suggested that for incentive some percent of the total profit be allowed as incentive allowances to the staff.

7. Skip :- The private Technical Training Centres in different States in India have organised themselves in SKIP (Skills For Progress) of which the head office is in Bangalore. Dear Brother,

Regarding the V.W. as mentioned above may I tell you the following that it is still lying in our TTC. garrage. Many customers approached us. Some of them even went up to pay Rs.5,000/-. But it is hard to dispose it off for the reasons,one it is still in the name of Dr.Dell and second it can not be sold to any Indian National. Mr. Karnani also approached for that. In the begining he burgained a lot and wanted for Rs.3,000/- only. Later on he went up to Rs.4,000/- after that he said that he would even ready to pay Rs.5,000/-. But at that time negotiation was going on with another party. In any case I can not dispose it off unless I shall have some authority from Dr.Dell. In any way for the lying of the vehicle in TTC. also we need some authority from Dr.Dell. Please therefore request him on our behalf to write an authorisation slip saying that the vehicle is kept in TTC.garrage under the care of the Director. I hope this will save our position in connection with the said Vehicle.

Thanking you.

Dear Brother Berg,

Thank you for your letter of 3rd August which was duely received here on 9th August '71. Let me give you some further informations.

Dear brother Aind,

it was nice to receive after a longer period your personal and detailed letter of July 13th. containing some important informations about the continuation of the service in Fudi. I beg to mention some important points:

1. Your financial statements concerning Rps 40.000,- are correct and are in accord with the agrrements with brother Montag he submitted to you. I am quite sure that you will come to an understanding with the Governing Body about half of the sum enabling you to repair the hostel or other houses of the Fudi compound. It is wise to reserve the other half of the sum for repair work becoming necessary in the future.

Holding this sum reserved seems furthermor wise as we are somewhat troubled by a letter from Mr.Hertel mentioning some doubts whether the cooperation with Cromlite will continue on the Fudi compound without any hindering as some disturbances occured. We hope that these disturbances were only momentary and that all is settled in the meantime, the industrial plant is running and the rent due is received from Cromlite in favor of the TTC.

2. I was glad to learn that the Fudi Church on the Rocks is near completion even though some portions of roofing were difficult to get. For you the pastor of the Fudi congregation it must be wonderful to have the new church just vis-à-vis the TTC. Maybe this helps to lessen the old troubles between Fudi TTC and Fudi village.

3. I wonder how the examination of your students in the middle of July came out. I hope the result approves the high standard of the training in the TTC Fudi. I would be glad about for Mr.Haque, please remember me to him. As you are now in the responsibility of our beloved TTC Fudi we are thankful for every report you mail.

With brotherly Yeshusahai greetings I am

sincerely yours,

Dear Brother Berg,

Your letter dated 18th June 1971 re: the subject as noted above was received here in due time. We are very much thankful for that. We express our heartfelt thanks also for the receipt of the amount of Rs. 40,000/- for the purpose as mentioned in your same letter. Excuse me that I am late to acknowledge the receipt of the same.

Out of Rs. 40,000/-, Rs. 20,000/- has been kept in the special a/c and it is with the state Bank of India, Khunti Branch. Another 20,000/- is also with the same bank but in the current a/c Mr. Montag has given some suggestion for its expenditure, but it is not final. The matter was put in the meeting of the Governing Body dated 3.7.71. May be it will be finalised in the next meeting scheduled to be held in 24.7.71. The final plan about the expenditure of this Rs. 20,000/- will be communicated to you in due time.

Brother Berg, I feel guilty for not communicating any news of TTC to you. I was of opinion that news of TTC is conveyed to you by Mr. Hertel. Any way, in future, time to time I shall give you some informations. Up till now six Governing Body meetings were held. Generally it meets once a month. It is thinking to restart Carpentry trade of village level. Also it has been decided to give training of cycle repairing to six persons to be deputed by the three churches. The idea is that these trained persons should start their own shop either in villages or towns.

There is line of thought amongst the instructors, that some more trade should be introduced here. At present we are dealing with fitter trade only. To make our training institution more beneficial and attractive one or two more trades are to be introduced in future.

In the 2nd year there are 12 (twelve) students. For the 1st year (beginning from July, '71), we have selected 30 (thirty) new students but up till now all have not turned up. In the next letter clear cut information will be given.

Besides small local troubles of little importance, every thing is running O.K. Fudi Church is towards completion. Subject: Building and Reconstruction Works within TTC.

Dear Brother Aind,

These days, you probably will have received a special subsidy by Brother Montag which is determined for the necessary reconstruction and repair works within the TTC.

I want to confirm to you that half of this amount is fixed to be put into the building reserves which you are able to collect by renting the work halls to the firm of Cromelite. It is good to know that this fund will thus be increased by the Gossner Mission since it is determined for special emergency cases on the TTC compound.

The other half of this present subsidy may be used immediately for desirable or necessary reconstruction or amelioration works of the students' hostels, messes etc. Certainly you will have to make suggestions to the Board, and it will certainly be glad to approve them because it is an unforeseen possibility.

I was very glad to learn that the new church for Fudi village and TTC on the rocks has now been accomplished and could now be consecrated. The Gossner Mission will be grateful for a written as well as photographed report on this event.

Hoping that you as far as your family and your work ise concerned are alright, I am

Yours sincerely

Dear brother Berg,

I received the information from you about the grant of loan for the purchase of Ambssador Car first by Cable message on 15.1.71 and then by your letter dt. Jan. 13,1971 on 21.1.71. Let me express my heartfelt thanks for this good news and prompt action.

Car can be obtained through foreign currency within a short period from the Government quota. For this we will have to apply to the "Controller of Motor Cars, Government of India, Ministry of Industry, Department of Heavy Engineering, Udyog Bhawan, New Delhi". To follow this procedure we need the following:

1) Certificate from you saying that for the purchase of Ambessador Car, D.M. ..... has been granted by the Gossner Mission, to the Technical Training Centre Fudi, P.O. Fudi, Dt. Ranchi/Bihar. The same amount has been transferred to the "National and Grindlays Bank Limited Calcutta" or to any other Bank in India which deals with foreign Exchange.

2) Certificate from the Bank concerned which will deal the foreign Exchange in connection with this amount.

The above certicates are necessary to prove that payment can be made by foreign currency.

Hearty greetings to you, your wife and pastor Seeberg and his family.

With best compliments.

Sincerely yours,

Dear brother Aind,

This morning brother Montag returned safely to us, transmitted your personal cordial greetings from Fudi and started his report about personal and business matters. Within the next days we will ask many und will learn a lot. I was very glad that he was able to report about the change having taken place on the basis of the new Trust Society. Dear Brother Berg,

This letter will come to you by hand through Mr. Montag, whom I have instructed to discuss the contents with you in more detail.

You are aware that TTC has finally been separated and that the training programme is now being administered by myself as Director under a trust society formed by the three Churches in Chotanagpur. Up to this time all the vehicles owned by the TTC came under one owner. The present position is as follows:

1) The seven tonn Mercedes Truck has been taken over by Mr. Hertel for the building programme.

2) The Matador Mini Bus has been sold to the firm of Cromelite Calcutta for a price of Rupees 25,000/- The majority of this money has been utilized to cover the workers compensation.

3) The V.W. Mini Bus is in hopless condition and will be sold for the best possible price

4) The Ambessodor Car must be put at disposal of Mr. Hertel in order that he can continue to run the building section.

All this means that the new Fudi Technical Training Centre will be left without a vehicle. Apart from the fact that the work of the Training Centre necessitates frequent visit to Ranchi there is the fact that Fudi is at least 10 Km from the nearest medical aid, and as we are responsible for the Welfare of at least 50 boys it can not be reasonably expected that we remain without the possibility of transporting any emergency case which may arise to the nearest medical help.

I am therefore requesting you to grant Fudi Technical Training Centre a loan of Rs. 25,000.00 to enable us to purchase an Ambassodor Car immediately. This loan can be repaid by the latest September 1971 from moneys which we can expect to receive from Mr. Hertel, through the profits in the buildings being undertaken by him. Mr. Hertel will confirm this.

With the hope that you will do all you can to grant this request and transfer the money as speedly as possible.

My kindest regards to you, your family, Pastor See Berg and all friends in Berlin.

As we have 16 mm projector, time to time Hindi films were shown. Also time to time cultural programmes were arranged where mostly the boys used to take part.

We have a common room equiped with a radio set and instruments of indoor games. On Saturdays and Sundays the boys used to go their for recreation and enjoyment.

Besides all these, daily news papers in Hindi and English are made available for the boys in the library. Also time to time Technical books and Hindi Novels were being added in the Library. Many boys took interest in reading these books and new papers.

4th Annual report of F.T.T.C. by Director.

Thank Almighty God, who enabled the institution to step in its fifth year under F.T.T.C. Trust after completion of the fourth year successfully. To acquaint the members with the life and activities of the institution nearly almost all points are covered in the report of the Secretary. As such, to avoid duplication remaining few points are only mentioned here to add to the news and informations narrated by the Secretary.

SKIP :- Our institution is the member of the SKIP (SKILLS FOR PROGRESS) family, an organisation of all private Technical Schools in India, Bangalore being its head quarters. It has some scholarship scheme known as "Matching Grant Scholarship" under its disposal, granted to such schools which has their own scholarship fund of about Rs. 5,000.00. Due to the lack of our own scholarship fund, we could not avail of this matching grant. However an out right grant of Rs. 1,426.00 for three students @ Rs. 475.00 each was granted to us.

V.W. Car No. BRV 1999 :- It was reported last year that the Joint Controller of Imports and Exports, Bombay had a claim for Rs. 17,620.00 for violating the bond. The Car is in the name of Dr. T.C. Dell and was being used by T.T.C. still this demand stands against us. On representation two months time was given to sell the Car to S.T.C., Calcutta. This could not be materialised as yet. Two persons from S.T.C., Calcutta have to come to Fudi for inspection of the Car. Again request was made to Bombay Office for extension of the period for sale to S.T.C., Calcutta. Reply is awaited.

Vacant Quarters :- Since the closer of M/s. Cromelite 11 living quarters are vacant. We know that unoccupied quarters deteriorate very soon. If possible suitable persons be allowed to live on rental basis.

Sales Tax Cases :- It was reported last year that three old Sales Tax Cases against old T.T.C. are pending. Amount of demand is unknown. After one date the department seems to be silent. These cases may be revived at any time.

Mess :- Due to the enormous increase in the price of food commodities, to run a Mess became a problem. The present monthly expenditure of the mess comes nearly about Rs. 3,860.00 and the income comes about Rs. 2,760.00 (contribution from students @ Rs. 40/- p.m. per student). There will be the deficit of about Rs. 1,000.00 p.m. Hence from now we have to think whether rate of fee will be raised from the next session or to subsidise the Mess from any other sources.

Christmas Gifts :- Since a long time all employees and trainees used to receive Christmas Gifts before the close of the intitution for Christmas holidays. This has become a short of custom. Special fund was being granted by the Director, Gossner Mission. During last Christmas holidays, as the information to continue the practice came late, Christmas Gifts could not be distributed.

In the end may I thank all the officers and members of the Governing Body for their able guidance and administration.

(C) 4th Annual Report

by

Secretary, FTTC, Fudi/Ranchi

---

Dated, 27th Jan.1975.

Let us thank God and praise Him for his blessings and guidance in maintaining the Fudi Technical Training Centre under the Trust Society. The FTTC took over charge of it from 1st January, 1971. It has entered its fifth year with the 4th Annual Report to the General Body of the Trust Society.

I have great pleasure in presenting this 4th Annual Report to the Genral Body which has assembled here to get a peep into the polices and actions of the Governing Body in the past one year.

This institute stands approximately on 25 acres of land on the Ranchi - Khunti Road, 18 miles away from Ranchi. The village Fudi has gained importance ever since this training institute has been established here. Credit goes to the Gossner Mission Society of Berlin for establishing it. Thanks to the Society for its insight and benevolence.

The General Body of the Trust Society consists of the following office-bearers and members :-

1. Venerable Archdeacon J.A. Cable, Chairman
2. Rev. D. Hecker, Vice-Chair-man
3. Fr. A. Delbeke, Treasurer
4. Sri H. Samad, Secretary
5. " M. Soy, member
6. " D. Toppo "
7. " J.I.P. Singh "
8. " N. Naik "
9. Rev. P.G. Kniss, Co-opted member
10. His Grace Archbishop P. Kerketta - member
11. Right Rev. Bishop S.A.B.D. Hans - "
12. Acting Pramukh Adhyaksh Rev. Dr. C.K.P. Singh "

For the sake of convenience the Governing Body allows the Director, Rev. C.B. Aind and the Superintendent, Sri A.Haque to sit in each meeting.

In 1974 the G.B. met 13 times. Attendance was quite good in all the meetings. It is a noteworthy fact that each time meeting takes place at different places although the time for it is always the same. In the last four years the G.B. was busy in consolidating the institute by regularising many irregularities and by taking over complete charge. No wonder, it has succeeded in its endeavour. It has a constitution, a legal document of lease-deed and the entire institute with its Training and Production Section at its command and control. The GELC executed the lease-deed on 21st December, 1973, as such the Trust Society came in possession of it legally for 15 years i.e., till 20th December, 1988 on a nominal rent of Rs. 2,000.00 per annum. It is an exhilarating fact to note that the annual rent will be contributed to the Trust Society by the GELC for imparting Technical Training. Thus the Trust Society is not at all at a monentary loss in paying the rent. What a laudable arrangement it is ! The FTTC seems to have all the lack. With the transference of the Production Section in the hands of the Trust Society

contd .....

Gossner Mission

by M/s. Cromelite on 15th October, 1974 the process of taking over the entire institute has been complete. Now like Alexander Selbirk, it can proclaim, "I am the monarch of all I survey".

Establishing ownership is one phase of the totalily of the Trust Society's aims and activities. That being over, now it can plan and execute according to its means and wisdom. This does not mean that the G.B. was engaged all along in acquiring ownership alone. It had to attend to a good many irregularities which were quite strenuous and time-consuming. The payscale was revised Employes have been given the Provident Fund benefit. But the record is so hodge-podge that one year has passed in regularising and ascertaining what amount they will get. This job is still under the process of making it up-to-date. But surely it will be completed this year with the sincere efforts of our Director and Treasurer. The question of incentive bonus was dealt with in several meetings. At last we arrived at a conclusion. Yet another problem of maximum demand charges of electricity has not been resolved, although we have been scratching our heads to solve it. Anyway, we seems to have come to a solution. If it is implemented successfully we shall have a sigh of relief. It was felt in the G.B. that a Depreciation Fund be created. So we decided to set aprt Rs. 3,000.00 per annum each for buildings and machines and opened a Fixed Deposit A/c. in the name of Depreciation Fund in the State Bank of India, Khunti.

Audit of accounts for 1973 was done by Singhee Brothers, Chartered Accountants, Main Road, Ranchi. Suggestion made by them were acted upon. Balance sheet was also drawn up. To avoid confusion a decision was taken to this effect that cash account and bank account be maintained by the Director. In every meeting monthly statements of income and expenditure of all accounts are submitted. They are examined and then accepted. For 1975 a budget for Rs. 1,22,654.76 has been passed and the G.M. has been requested to finance it. It has been added to it that in case some emergent need arises a supplementary budget will be submitted.

Now since the Production Section has been taken over completely, the G.B. has been considering and investigating the best means of deriving income from it keeping in mind the purpose for which it has been established. Earlier we had taken a decision to let it. To this effect advertisement has been made in the Indian Nation, the Aryavarta, the New Republic and the Ranchi Express. Some of the intending bidders have applied.

Consequential to an incident the G.B. was led to create a Welfare Fund. Profit of fields and gardens income is to be diverted to this fund. Moreover, some amount will be deposited in the S/B A/c. and the interest thereof will be put in the Welfare Fund.

It is a know fact that cost of living went up considerably in 1974. Many have been hit hard. Our instructors submitted a petition requesting the G.B. to upgrade payscale and provide other facilities. Knowing that their demands were not fulfilled they served with a notice for pen down strike from 16th Nov. '74. The G.B. met on two consecutive days and with the clever banding of the situation the instructors were brought round. Hence finally they withdraw their notice. The situation has been over come but the problem is still there. Therefore, we feel worried over it.

Contd .....

Gossner Mission

We have taken a decision to introduce Welding Trade. Unfortunately the decision has not materialised for want of a favourable resonse from the Govt. Besides our plan to train Mr. K. Mahto in that trade has also met with reverses. At present only two trades are running vig. Fitter and Carpentry. Number of trainees for the Fitter Trade is 59 and that of Carpentry 10. Total number comes to 69. Thee are 3 instructors, 1 Director, 1 Superintendent and 16 other employees. In this way altogether 90 people are directly benefited in some form or the other by this small institute in a year.

A few years back we faced dearth of trainees at the time of admission. Now that situation has reversed. Last year there were 1325 applicants. Out of them selected 32 for the Fitter Trade and 10 for Carpentry. Very big number of applicants were returned disappointed. When we consider about applicants I have to state that they send their applications from far off places like Patna, Bhagalpur, Monghyr, Vaishali, Saran, M.P., Orissa etc. It goes to prove that the name and fame of the Fudi Technical Training has gone far and wide.

According to churchwise number of admission, last year was as follows :-

| | | | | | | | |
|---|---|---|---|---|---|---|---|
| 1. | R.C. Boys | ... | 8 | 1. | RC Boys | ... | 1 |
| 2. | GELC | ... | 8 | 2. | GELC | ... | 2 |
| 3. | CNI | ... | 8 | 3. | CNI | ... | 6 |
| 4. | Others | ... | 8 | 4. | Others | ... | 1 |
| | Total - | | 32 for Fitter Trade. | | Total | | 10 for Carpentry Trade. |

Result of 1974 :-

Fitter : 15 appeared & 15 Passed

Carpentry : 3 appeared & 2 Passed.

Gossner Mission Society is the founder and the supperter of the FTTC. Without its financial support the very existance of it is likely to suffer a set.back. So long the in-flow of money is allowed by our Govt. We rely upon the G.M. The moment it stops we shall face unaccountable difficulty. This possibility should make us aware and right from now some steps be taken to achieve financial self-dependence.

The FTTC Trust Society has done a laudable work in past years. The G.B. is made up of capable people. With the coming of Sri J.I.P. Singh and Sri N. Naik our strength has increased. Our Chairman, Treasurer and Rev. P.G. Kniss are the actual persons who are guiding the destiny of the FTTC. Their services are indispensable . I wish that they may continue to remain in the G.B. for years to come. All the rest of the members are also quite helpful. The team is well set.

Lastly, I wish the Trust Society may achieve more success in coming years and continue to render invaluable service to the people of this area through this institute.

(d) Report about trainees for - Jan. - June 1975.

In the month of Jan. '75, there were altogether 68 boys :

| | | |
|---|---|---|
| Fitter I | ... | 30 |
| " II | ... | 28 |
| Carpentry V.L. | | 6 |
| Carpentry ITI. | | 4 |
| Total | - | 68 |

Besides Theorical and Practical classes, from this year the boys take part in gardening work also. This programme has been started with a view to earn some thing which can be used to subsidise ~~with~~ Games and Sports. As stated in (a) same kinds of programmes are followed. In the month of June last coaching of hockey and football was arranged which went on for about 15 days. One Government employee from athletic department to conduct games, was here to coach our boys.

As, new session started from 1st August '75, I like to add the following report :-

The final examination was held from 22nd July,'75. 28 boys of Fitter Trade and 3 boys of Carpentry Trade appeared in the examination. Result is awaited.

From 1st August '75 new admission was effected. Up till to-day the 12th August '75, 31 boys for Fitter Trade, 4 Carpentry ITI and 6 for Carpentry Village Level are admitted. One more student in Fitter Trade will soon be taken to make the full No. 32.

Activities of FTTC :- From January '75 to June '75, six meetings of the Governining Body were held. Main subjects discussed were :- Leasing out of Production Section which is still pending, Increment of fee to be effected from 1st Aug.'75 (Fee was increased from Rs. 50/- to 60/- P.M.)

Information about two more items are being given - i.e. (i) About Volkswagen Car No. BRV 1999 (belonging to Dr. T.C.Dell) - The Joint Controller of Imports and Exports, Bombay directed us to sell the Car to State Trading Corporation, Calcutta. We accepted the advice. The STC., Calcutta offered a sum of about Rs. 5,000/- but the Car ought to be taken to Calcutta for delivery. In the mean time we made a request to the Joint Controller of Imports and Exports, Bombay to allow us ~~to keep the Car~~ to retain the car for the use of TTC. The subject is under consideration.

(ii) Sales Tax of old TTC :- Still sales tax cases of old TTC is pending. Time to time notices are served to us. In connection with one of the cases, We ~~applied~~ have applied to the Assistant Commissioner, Sales Tax, Ranchi for final decision. Decision is awaited.

Dear brother Seeberg,

Your letter cited above has been received here in due time. Also I have received an intimation that Rs. 30,000/- has been sent to our A/c. in the State Bank of India, Khunti Branch, and to this effect German Missionery Council, Hamburg informed us through its information slip dt. October 17, 1974. Hope the money may be on the way to be credited in our A/c.

Result :- Now let me write few lines as information - ~~Result -~~ Eighteen students appeared in the final test held in the last week of September, 1974, fifteen in fitter trade and three in Carpentry. Excepting one carpenter all have passed. The fitters have already received interview letters to be interviewed on 11-11-74.

General Situation :- Due to high rise in cost of food commodities and other articles, living condition has become ~~a~~ very hard. It seems, we have to face great difficulty in procuring food grains for the hostel. It seems, cost of rice will be dearer ~~xxxxxxxxxxxxxxxxxx~~ than last year.

Harvest :- Due to draught in many parts of Chhotanagpur harvest will be very poor. In Fudi and round about villages crop is little better.than other parts of Ranchi District. Famine is very probable in Chhotanagpur. Harvest has just started.

Production Section :- M/s. Cromelite have now fully handed over charge of the production section. Governing Body is planning for leasing out the same to any suitable party for a longer period of at least five years.

Drafting of new constitution for the G.E.L. Church :- Now the draft will be in its final shape for which the constitution committee will be seating on Nov. 23 - 24, 74. The church will be divided into seven units (Dioceses) which is yet to be discussed and area to be finalized. For its acceptance, the K.S.S. is scheduled to meet in the first week of Dec. '74. After finalization I shall try to inform you again.

Dear brother Seeberg,

Herewith I am mentioning few lines regarding money transaction of FTTC Main A/c.

(i) Money paid to Dr. C.K.P. Singh :- Up till now two instalments have been received from Berlin. Out of 1st instalments of Rs. 44,117.65, Rs. 30,000.00 has been paid to Dr. Singh. The second instalments came to us the amount of Rs. 27,523.00 out of which Rs. 20,000.00 has been given to Dr. Singh. Hence altogether Rs. 50,000.00 has been given to Dr. Singh.

(ii) Money for FTTC :-

From above statement it is clear that total amount of Rs. 21,640.65 has been credit to FTTC A/c. Further as per your letter to me to deduct Rs. 26,000.00 out of ATC grant through FTTC, it is to let you know that as no money of ATC A/c. has been received as yet, I have received Rs. 26,000.00 from KSS which is last years money outstanding with KSS.

Now as we have to refund loans and advances of last year which is nearly Rs. 23,038.38, and also the loans taken up till now during 1st qr. of this year Rs. 7,180.70 (Total Rs. 30,219.58) small amount will be left with us.

Therefore, may I request you to instruct Dr. Horo of Amgaon to transfer the FTTC money to Fudi Technical Training Centre A/c in State Bank Khunti so that we will not be put in difficulty.

(iii) FTTC General Matters :- M/s. Cromelite has started vacating but with slow progress. Only Machine workshop has been taken over.

Gossner Mission

h, How we can utilize machines, tools, buildings etc. ?:- It is a policy matter. In this regard members were informed of the previous decisions. Right Revd. Bishop Hans suggested that Mr. Subarno, Managing Director, Financial Corporation of India could be of some help to us if he be consulted. Director Pastor Seeberg , stated that building only could be let out but machines be removed. Continuing his statement he siad that idea of training-cum-production was in the minds of beginners, but it failed. Therefore if policy would be formed on that line, the training institute would be ruined in the long run.
At length it was suggested by the general body that the matter be referred back to the Governing Body for letting out buildings and machines section by section or in whole. Fr. Delbeke be requested to make an advertisement in the local paper to this effect.

7. Director's Report - A written report was submitted by the Director also. Following issues were dealt with briefly:-
   a, V.W.Car No. BRV 1999 - Joint chief Controller of Imports and Exports, Bombay has claimed Rs. 17,626/- from the Director, FTTC for violating the bond. Attempt is being made to get exemption from this claim. It was said that the attempt be pursued.
   b, Electricity Maximum Demand charges - It was stated that non-consumed energy be utilized for some productive purpose, for which a suitable plan be prepared.
   c, Mess charge - Amount needed for additional help in meeting the price of rice has been given.

8. Annual Financial Report - Governing Body to deal with the report.

9. Grant for Carpentry trade - Each church be requested to to contribute Rs. 1,440/- for the running of carpentry trade.

10. Appointment of Auditor for 1974 -
    Resolved that Singhee Brothers, Main Road Ranchi be appointed to audit accounts for 1974.

11. Other Matters -
    a, Transfer of Rs. 30,000/- to GELC - Pastor Seeberg placed a request explaining the extra-ordinary situation of the GELC to transfer a sum of Rs. 30,000/- out of FTTC account. The amount was actually meant for the GELC but was sent in the FTTC account.

Annual report of F.T.T.C. by the Director, dt. 9.2.74.

Thank God that after the completion of the three years period under the Trust Society beginning from January, 1971, F.T.T.C. has entered in its fourth year. In running this institution peacefully and smoothly credit goes to the Gossner Mission which has fulfilled her commitment of bearing the financial burden and thereby enabled this institution in producing the skillful labourers mainly of this locality for their economical and social uplift in particular and for the development of the country in general. For its quality production of trainees, this institution is well know to the authorities of factories and industried round about Ranchi and even out side Ranchi. It is worth mentioning that due to our personal contact authorities of the factories like Shri Ram Bearing, Ratu and Usha Martin Black, Tatisilwai interviewed our passed out boys in our place and absorved some of them.

In the beginning of 1973 the number of staff and workers was 23 but from August, 1973 one instructor left us and joined the big concern Bokaro Steel Plant. Still some of our staff members are trying for jobs elsewhere. This is due to the low salary paid and lack of other facilities in our institution. Our monthly expense in salary including D.A. etc. is near about Rs. 4,600/-.

Up till now we are imparting training in fitter and carpentry trades only. During last admission taken place in August, 1973, it is worth mentioning that we had the highest number of applicants so far received in our institution but only 32 students were taken for Fitter Trade. Carpentry is a dying trade for which inspite of our announcements for help of Rs. 40/- P.M. per student, very few applications reached us and only 7 were admitted. This is the same case in other Govt. I.T.I. also. Decision has already been taken to include Welding Trade for which sanction from the departmental authorities is awaited.

Our institution has a plan for giving some practical training to the trainees so that they may be job oriented. With this view small orders from out side are to be taken. Last year very few such orders were accepted as there is dis-satisfaction amongst the staff who failed to receive encouragement from the mangement in granting them at least 40% of the net profit earned from such jobs as their incentive bonus.

During last three years we experienced that some most poor students need financial assistance. If the management could arrange for money to help such most needy students, it would have been a great service to such boys. In 72/73 Director, Gossner Mission very kindly enabled the Director to grant help to two poor boys, who have come out successfully and are under going implant training.

From our passed out boys most of them are absorved by some factories and industries. Very few are still out of jobs. Up till now we have failed to keep contact with the passed out boys, who inspite of our repeated instruction give no information of their whereabout.

P.T.O.

Gossner Mission

There are certain problems with us which are mentioned here for the information and necessary action.

(i) T.W. Car No. BRV 1999 :-

This car is in the name of Dr. T.C. Dell lying off the road in T.T.C. garrage since a long time. Before leaving India for good, the owner had to arrange for the exemption of income tax or to take back the car along with him to Europe. As this was not done, the Joint Chief Controller of Imports and Exports, Bombay has claimed Rs. 17,626/- from the Director T.T.C. for violating the Bond. The T.T.C. Director was the second guarantor correspondences is going on for the exeption of this claim.

(ii) Sales Tax cases :-

There are three old Sales Tax cases against old T.T.C. claim of the Sales Tax department is still unknown. Regarding two cases department is silent now but after the finalization of the third one which has been refered back to the lower court from the appelant court, they may re-start again.

(iii) Electricity M.D. (maximum demand) charges :-

Since the very beginning of T.T.C. as industry every year maximum demand charges were paid, but as the amounts were small in number, it was not felt so much. Since 1971 M.D. charges has gone up very high. Last year we paid Rs. 7,106.50. It is due to less consumption or no consumption in the production section. We have to take definit action whether to change the Tariff or to let it remain as it is. In case we may change the Tariff, ~~or to let~~ another problem may crop in if production section will be re-started.

(iv) Mess :-

Since 1971 mess is run by the students themselves. Difficulty was not felt so long as the cost of living commodities has not increased. Now besides other things cost of rice has considerably gone up. Last year we could supply rice to the students @ Rs. 55/- per md. This year we have to supply not less than @ Rs. 75/- per md. It is felt that some subsidy be granted to the students for rice purchase. I presume that near about Rs. 4,000/- will be needed to help the boys.

Lastly I want to mention about our production section now under M/s. Cromelite (India) Private Ltd. It is now definit that Cromelite will vacate the production section very soon. We have

P.T.O.

Gossner Mission

already received a cheque for the payment of their dues up to January, 1974. Handing over charge has been already started. Therefore Trust Society has to plan for its future use.

I am thankful to all the officers and members of the Governing Body for their guidance and good advices and co-operation.

3rd ANNUAL REPORT OF THE TRUST SOCIETY BY SECRETARY.

It gives me much pleasure in submitting this annual report to the General Body of thr Trust Society when it has assembled to-day to get a glance of the actions of the Governing Body. The Trust Society has completed its three years' life at the close of 1973.

The Governing Body consists of the following office-bearers and members for the 3rd term:-

1. Venerable J.A.Cable, Archdeacon, Chairman.
2. Sri. H.Samad, Secretary.
3. Fr. A. Delbeke, Treasurer.
4. Rev.D. Hecker, Vice-Chairman.
5. Sri. D. Toppo, Member.
6. Sri. N. Kachchap, "
7. Sri. M. Soy, "
8. Rev.Paul G. Kniss, Co-opted, member
9. Sri. A. Haque, Consultant, "
10. Rev.C.B.Aind, Director, Participant.

Among the above office-bearers and members one Sri.N.Kachchap resigned from his membership. His place is to be filled up by CNI. Last year 9 meetings were held. The Governing Body generally meets once every month but sometimes it fails to do so for some inconveniences. Attendance of members was good but I feel sorry to say that I could not give my presence in some meetings for various reasons and inconveniences.

Like any other association or organisation the Governing Body had its achievements, failures and problems. First of all I would like to mention its achievements. To secure legal authority over the institute the G.B. had to struggle hard with the authorities of the G.E.L. Church. This task was so difficult that at one time our Chairman had to say that the Trust Society was not trusted. But we were not to be daunted so easily. In the leadership of our seasoned chairman the matter was pursued doggedly. Consequently, our effort was crowned with success on21.12.73 when the lease deed was executed and registered in the sub-Registrar's office, Ranchi. Thank God for this success. Legally speaking

Contd...2,

Gossner Mission

now the Trust Society is the authority and master of the F.T.T.C. But just as the coin has the other side so also the G.B. has the other task of taking physical possession of the institute by taking over charge of it from the G.E.L. Church. In respect of this the G.B. has already advised the GEL Church to prepare a complete inventory of machines, buildings and other assets and to get it countersigned by the church authorities before handing over. How much time will be consumed in this work is difficult to say. Nonetheless I am led to say that under the efficient and wise gudance of our chairman we shall win another success in the fullness of time.

During the last year the Trust Society secured Memorandum of Association and Rules and Regulations of Fudi Technical Training Centre in the shape of a book. Copies of the same were printed and disributed among all members of the Trust Society. In this way the Trust Society has a book of constitution for firm footing, smooth working and safe guidance.

Last year Director M. Seeberg paid a visit to F.T.T.C. He had an opportunity to participate in a meeting of the Governing Body in which he gave a financial gurantee for 12 to 14 months if favourable conditions prevailed in India. This assurance relieves us of financial involvement for the year 1974. While he was giving out his feelings he said that apart from technical training something be done among trainees so that they might have a sense of feeling of unity and fellowship during and after their training period. The idea of the Director has stamped in the minds of the members of the G.B.

New admission in the institute is an annual feature. In 1973 admissions were made as follows:-

| | |
|---|---|
| From RC Church | 9 |
| " GEL " | 8 |

on result. So it is watched with due keenness every year. I am glad to report on this that we had a cent per cent result. Thirteen had appeared in fitter trade and two in carpentry trade and all passed. In order to give encouragement to carpentry trainees stipend of Rs.40/- per head was continued.

A few appointments were made as need was keenly felt for some of them. To relieve the Director from his work-load a typist-cum-accountant Sri.P.Tiru was appointed. Sri.Osman Khan was appointed as an office peon and Sri.A.Tirkey was made a teacher for Hindi and English in addition to his work of compound supervisory after terminating the service of Sri. B.Dangwar. Our teaching staff which is an integral part of the institute, now and then, comes up to the G.B.with requests for grant of D.A. or enhancement of pay etc. It is a matter of little wonder to confront such a demand. In the previous year we had to think and think over their demand for incentive bonus. Eventually the Governing Body resolved to grant 25% as incentive bonus to the staff and the students on exeess profit. But this decision was resented. Consequently, the matter has been deferred for reconsideration. In the meantime this decision was reached that such jobs from out side be accepted as would help students in training and whatever donations would come for such jobs be utilized in running the institute. Due to acute scarcity andexhorbitantly high prices of commodities the teaching staff put forth for an increment of D.A. The G.B. summarily conceded to it by granting Rs.12/- per head,per month on a flat rate basis.

So far I dealt with actions and decisions but now let us turn our attention a little to problems which came on our way. Firstly closure of production section of F.T.T.C. by Cromelite took place on 2nd Ja.'73. Naturally, after its closure it should have been handed over to the G.E.L.C. But to our utter dismay and anguish it is still lying in its hands. Entire establishment the production section has been thrown into a cold storage. The Governing Body has advised the G.E.L.C.to seek legal advice and take proper steps to get possession of the establishment. It is beyond our conjecture when the problem will be finally settled. Secondly, imposition of income tax has caused fears in our minds. As a matter of fact charitable institutions are to be free from the income-tax.

Gossner Mission

To get our institute free from it all necessary paraphernalia have been completed in time. Result is awaited. Thirdly, <u>starting of Welding and Turner's trades</u> in FTTC has been essential considering job prospects in the country to-day. Therefore, the G.B. made a resolution to start them. Rev. Hecker was entrusted with the work of convincing Gossner Mission to give their consent in this regard. He did it successfully. A supplementary budget was made and sent to G.M. for financing additional expenditure involved in it. Application has been sent to the I.T.I. authorities for grant of sanction to these trades. But thus far no response has been received. Decision has been made to deput one of our instructors to CTI Dasnagar, Howrah, for training and specialization in Welding. Our attempt is still going on.

There are some problems of lesser importance. As such no mention is made about them.

In conclusion I may be allowed to say that God has been kind to us in keeping the Trust Society alive. He has blessed our endeavour in numerous ways. Let us put our faith in Him and pray Him humbly so that He may kindly our path toward the goal of love, prosperity, unity, dedication and service.

In the service of our Lord and Master,

I am, a humble servant of FTTC.

Notes: (1) The electricity charges in the main account, of an amount of Rs. 10352.75 only includes that of the whole TTC compound. But the payment is done only by the Training Section. Some of the amount is collected from the resident of the TTC quarters but not from the CROMELITE.
In my opinion the charges be realised from all the persons or institutions concerned with its use.

(2) An amount of Rs. 10000.00 has been advanced for rice purchase from the Special Account according to the information received by the Director TTC Pudi which is not accounted for.

(3) The payment of loan from P.F. Account is not advisable. It may be discouraged.

Gossner Mission

2nd Meeting of the General Body, F.T.T.C.
at Fudi on 17.12.71.

1. Opening :- Meeting started with a short prayer led by the Chairman, Venerable Archdeacon Cable.

2. Attendance :- (i) Venerable Archdeacon Cable, Chairman
(ii) Rt. Revd. Bishop S.A.B.D. Hans, Member
(iii) Sri P. Kachchap, Member
(iv) " Pankaj "
(v) His Grace the Archbishop, P. Kerketta Member
(vi) Fr. A. Delbeke, Treasurer
(vii) Sri D. Toppo, Member
(viii) Pramukh Adhyaksh, B. Minz, Member
(ix) Sri H. Samad, Secretary
(x) Director, Rev. C.B. Aind
(xi) Sri Haque, Consultant Member

Rev. J. Topno was not present. No apology was received from him. Mr. Wertel returned to his country on 10th Nov. '71. Nothing has been heard asto whether who will succeed him as a member to this body from the Gossner Mission. Sri L. Kujur membership terminated. In his place a new member was to come from the C.T.L. Church. The general body had a quorum therefore it was declared in order. Hence further proceedings took place.

3. Confirmation of previous minutes :-

Minutes of the 1st meeting of the general meeting were read and confirmed.

4. Matters arising out of previous minutes :-

Co-option of Rev. Paul G. Kniss :-
This matter was never brought before the house for execution. Hence it was missed. Resolved that the decission be carried out in New Year.

5. Report from the Secretary :-

The Secretary read a report on the businesses done by the Governing Body during the year. The Chairman remarked it to be a comprehensive report. It was accepted for consideration. Out of the report following points were picked up for further consideration and action.

a) Bicycle Repair Training :- Resolved that the training in bicycle repair be started with effect from the 4th of January '72 on the line of decisions made earlier.

b) Village Level Carpentry :- The Director reported that applicants were not forthcoming for this training in carpentry. The house dwelt upon this issue giving its thought asto why applicants were not responsive to it.

P.T.O.

Gossner Mission

It was pointed out by a good many members that the monthly charge of Rs. 50.00 for mess other fees was the main obstacle. This is to be borne in mind that ten boys are to be admitted for this training. As a matter of fact Rs. 40.00 is meant for messing and the rest for medical, sports etc. It was said that each trainee must pay at least Rs.10.00 p.m. from his pocket. For Rs. 40.00 p.m. stipends be arranged to help them.

Finally resolved that each church be responsible to arrange three stipends at the rate of Rs. 40.00 p.m. for the training in village level carpentry. The training be started from the 1st of February '72.

c) Purchase of a Projector :- The Director reported that the purchase of a projector was under way. It would be purchased from Patel India Ltd., Calcutta. It will grant 5% discount.

d) Appointment of a general teacher :- To teach Hindi and English a teacher was to be appointed. Some applications reached the office for it. But the appointment was held under suspense for the reason that the number of trainees was quite low this year. As a result one instructor is almost jobless. Besides the general teacher to be appointed should have knowledge in accountancy so that he may be able to work as a part time accountant to assist the Director. Taking all the above points in view it was resolved that the previous decision to appoint a general teacher be acted upon in new year.

e) Authority over property :- To facilitate the Trust Society to have full authority and complete control over the property and the Technical Training Centreat Fudi it had requested the KSS of the GEL Church to transfer power and authority to the Trust Society which has been registered. But so far the GELC has not done its job. The text of the resolution of the KSS says that the matter of transferring power and authority to the Trust is postponed till the arrival of Pastor Seeberg, the Director of Gossner Mission. Upon this reactions of members were expressed in numerous ways. The Chairman remarked. "The Trust Society is not functioning as a Trust because it is not trusted. It is just an ad hoc body which is only advisory. Therefore it cannot act effectively. It's position is very awkward and shakey". One remarked, "We regret deeply the inability of the GELC to fulfil the commitment made by Mr. R. Montag and Officers of the Church". The house wanted to know in clear terms what the reasons were due to which the GELC did not transfer authority to the Trust even after a lapse of twelve months. The Pramukh Adhyaksh made this statement that there was no other reason except that the question be decided at the arrival of the Director of Gossner Mission.

P.T.O.

Gossner Mission

After a prolonged discussion on this subject ultimately the house resolved (i) that we request the KSS to implement as soon as possible the statement made by Mr. Montag on 16th August '70 as per minutes page 11 (a) (vide Minutes concerning formation of FTTC)(ii) that the present Governing Body may function for another three months at the end of which a general meeting of the Trust Society be convened to review actions taken.

6. Sri L. Kujur's Substitute :- Resolved that the Trust Society will accept a member to this body from the GELC in place of Sri L. Kujur whom the Pramukh Adhyaksh will nominate and send.

7. Chairman Secretary and Treasurer :-

Alternation

Resolved that the existing chairman, secretary and treasuererwill continue to punction as such till the next three months are over.

8. Absence of Chairman :-

The Chairman informed the house that he would be away from India as he goes abroad for six months. Therefore the question asto who will act as Chairman in his absence was discussed.

Resolved that whenever meeting will take place a Chairman will be elected to preside from among the members present.

9. Budget for 1972 :- Resolved that the budget for 1972 as prepared by the Director be approved. (For detailed information vide copy of budget supplied).

10. Statement of Income & Expenditure for January to November '71 :-

Resolved that the statement be approved as it is (vide statement supplied for details). While examining the statement point was raised concerning Provident Fund Rules of prifate employees recognised by Govt. Resolved that Fr. A. Delbeke be requested to supply a copy of it.

11. Channellising of Subsidy by G.M. to FTTC :- The Director wanted to know how subsidy to FTTC from G.M. be channellised. In answer to it resolved that the subsidy by G.M. be sent to the FTTC direct to avoid delays and harassments as the Trust Society is a legally constituted and registered body.

12. Closing :- The meeting concluded with a short prayer by His Lordship the Archbishop P. Kerketta.

Secretary.

Director C.B. Aind
Fudi Technical Training Centre
Fudi P.O. / Dist. Ranchi / Bihar
India

Dear Brother Aind,

With all good wishes for the New Year, I have to write to you now after Mr. Hertel has been with us during the past week for the first time since his arrival in Germany. Of course we had long talks, and he will be with us again the day after tomorrow to give his report to the Kuratorium.

As you have the accounts of the training department in Fudi for 1971, I would be very thankful if I could expect the settlement of the accounts. Also I am interested to learn what has happened with the Rps. 40.000,-- which you received for extraordinary expenses. As far as I know some decisions concerning this money have been made in the managing board.

I hope that you have saved the balance from 1971 in the regular budget in order to be able to run the institution in January. It is our proposal to bring this balance forward to the new account for 1972. This is only a proposal of course, and the managing board has to decide upon this in its next meeting. The reason for our porposal is that the Gossner Mission always has difficulties in sending the expected subsidy at the very beginning of the new year, though I am very happy to be able to attach a cheque for Rps. 15.000,-- signed by Mr. Hertel to this letter today. So I am certain that the TCC can operate during the first weeks of this year without difficulties.

Some weeks ago we promised the KSS to pay in the amount of Rps. 30.000,-- in favour of the construction or repair of a students' hostel in Ranchi. This payment should go through Mr. Hertel. He told us that he had given the order to settle this matter during the last days of his stay in Fudi, but we have not received any notice regarding this from either you or Ranchi yet.

During my visiting tour to the GEL Church, I plan to be with you in Fudi on Thursday, 24th February. Does this date suit you?

With kind regards,

Sincerely yours,

Sg.

Dear Mr. Samad,

All my good wishes for the year 1972 for you and your work are sent with this letter. I have the pleasure to announce my visit to the GEL Church during the months of February and March, and I am happy to have the opportunity to meet you and to exchange our opinions on different matters then.

As you are the delegate of the managing board to TCC Fudi on behalf of the GEL Church, I would like you to do me a favour in trying to arrange a meeting of the managing board of Fudi during my stay in Ranchi. My arrival date is 21st February, but I will be in the countryside from 25th February to 3rd March. My departure from Ranchi is planned for 12th March. My proposals for the agenda are: 1) Request to the KSS property board for leasing out the Fudi compound to the training department; 2) Direct or indirect payment of Gossner Mission subsidies; 3) Approval of the accounts for 1971.

Betrifft: Finanzen des TTC

Nachdem ich vorgestern auf seine dringende Bitte das von Direktor Aind erbetene Darlehen zur Anschaffung eines Ambassador angewiesen habe, stellt sich mir am Anfang des Jahres 1971 als eines wichtigen transitorischen Jahres für Fudi die Lage so dar:

Sie haben jetzt im ersten Monat des Jahres für Fudi Technical Training Centre unter einem eigenen Konto Rps. 50.000,- empfangen und es werden bald Rps. 25.000,- weitere einpurzeln, die darlehensweise für die Anschaffung des Wagens verwendet werden, aber aus Ihren Baugewinnen - hoffentlich! - im Spätsommer in dieses Konto zurückfliessen.

Da maximal Rps. 80.000,- für die Lehre nach Ihren und Bruder Montags sorgfältigen Aufstellungen erforderlich sind und noch gar nicht in Anschlag gebracht ist, ob der Antrag der Diözese Ranchi an die PSG in London nicht möglicherweise schon für 1971 einen beachtlichen Teilerfolg hat - die Römer sind unsere stille spätere Reserve! - müssen eigentlich die unmittelbaren Finanzen des "neuen Fudi" gedeckt sein.

Nun kommen die kranken Truppen:
In Ihren Konten stehen als Verpflichtung etwa Rps. 32.000,- für Girl's High School in Govindpur, die Sie wahrscheinlich und leider schon von der Church Treasury in Ranchi gezogen haben. Ebenso haben Sie Rps. 24.000,- für die Church on the Rocks in Fudi und endlich Rps. 60.000,- Jubiläumsgabe 1969 Bokaro ./. 11.000,- bis 12.000,- für den Zugangsweg-Kauf dort, die Sie wahrscheinlich haben bluten müssen, also etwa 45.000,- bis 50.000,- als Verpflichtungen in Ihren Büchern. Mit einem Wort: Etwas mehr wie Rps. 100.000,- . Ich kann nur von Herzen hoffen, dass Sie aus dem Bau in Chainpur und durch die Mittelschule in Ranchi so viel verdienen, dass Sie die Verpflichtungen abdecken können.

Bleibt noch übrig, das ich nicht des Näheren weiss, wie hoch der Provident-Fonds aufzufüllen ist, aber das kann vielleicht aus laufenden Realisierungen geschehen, wie es beim Holzverkauf und sonstigen Erstattungen durch die Firma Cromelite geschehen ist.

Jedenfalls hat uns Bruder Montag zur Kenntnis gegeben, dass Sie von den Rps. 180.000,- Jahresmiete der Firma Cromelite nach Beschluss des Governing Board Rps. 12.000,- thesaurieren sollen und nur Rps. 6.000,- für miscellaneous und unforeseen verwenden dürfen. Mit einem Wort: Es wird also aus der Pacht so gut wie kaum etwas in das Budget des Lehrprogramms fliessen; und das ist auch so gut wie gar nicht erforderlich, weil die Gossner Mission (vgl. Anfang des Vermerks) im ersten Monat des Jahres schon nahezu vollständig ihren Verpflichtungen nachgekommen ist.

Gossner Mission

Ich kann diesen Vermerk nur mit der Hoffnung schliessen, dass er Ihnen nicht unnötige Kopfschmerzen bereitet, Sie uns in Berlin vielmehr bestätigen können, dass wir in groben Umrissen die finanzielle Lage richtig sehen. Für das, was Ihre etwaige Umsiedlung nach Ranchi kostet und was in Sachen Minz oder Sokey noch aufzuwenden ist, müssen und werden einige zusätzliche Mittel erforderlich sein, aber auch aufgewendet werden können, doch davon, wie gesagt, später!

Training Superintendent
Fudi Technical Training Centre
P.O. Fudi, Dt. Ranchi
Bihar, India

Dear Mr Haque,

the bearer of this letter has requested me to write this short note of recommendation. He and his friends are on an investigation trip through India and Nepal in order to see by themselves some of the development undertakings which had been built up during the last years. I have suggested that they should visit TTC Fudi on their way. They have been generally introduced into the history and some special aspects of TTC by me but would rather much appreciate to speak to you and other responsible people of TTC with some sound experience. Would you please be so kind and spend some time with my friends telling them freely your own view of what TTC should be like , what it really is and which of its features are outstanding well done or extremely bad - both is of interest. You should not be afraid that anything would be used against TTC. The visitors are our friends and will make use of everything they see and hear for the best of you and TTC.

With kind regards,

yours truely

Lieber Herr Ackermann!

Ich schicke Ihnen heute nur den einen der beiden versprochenen Berichte, nämlich den des Technical Training Centre Fudi. Den zweiten habe ich bisher trotz intensiver Suchaktionen in allen mögihcxen Ecken unseres Instituts noch nicht auftreiben können. Wenn ich ihn aber finden sollte, dann bekommen Sie ihn auch noch.

Sie werden im Bericht gelegentlich Unterstreichungen und manchmal auch Bemerkungen am Rand lesen. Diese stammen alle von mir und sind Gedankenstützen für mich gewesen. Das kann sich auf positive wie auf negative Bemerkungen beziehen, bedeutet also nicht unbedingt, daß das Unterstrichene stimmt. Aber auch sonst werden Sie bei aufmerksamer Lektüre sicher erkennen, daß wir hier ehrlich und freimütig kritisiert werden. Darum schicke ich Ihnen das ja auch.

Einen kurzen Empfehlungsbrief an Mr Haque, den Training Superintendent in Fudi, lege ich bei.

Bitte schicken Sie den Bericht wieder zurück, wenn Sie ihn verdaut haben, es ist unser letztes Exemplar. Alles Gute und viel Erfolg bei Ihrer großen Reise!

Mr
A.M. Haque
Training Superintendet
Fudi TTC
P.O. Fudi / Ramchi
Bihar, India

Dear Mr Haque,

Today I have mailed a book post parcel to you with some catalogues of chucking tools and accessories of the firm Röhm of Germany. I received their prize/list recently and asked for english copies which I believed to be of some value for you or the students. If you don't need them you may throw them away.

How are you? How is the training going on at Fudi? How many students do you have this year and do you admit new candidates after the vacation? Oh, I am not quite sure whether you have still the May vacation as we had in the times past. What is the future of all the large workshops which had been used by Cromelite untill the end of last year? Actually they should be utilized for any production work - in my opinion because that would provide at least some men of the neighborhood with jobs to make money. And the TTC could earn a little contribution to the running expenses and for maintanance of the buildings and machinery. But these are thoughts from far away and I very well know that you are much closer to the problems.

Some times ago I had written a letter to Rev. Aind regarding Osman and some job for him. How is he doing now? Could Rev. Aind do anything for him? Perhaps you may ask at any suitable occasion that you have heard about my letter to him and what action he had taken. I would very much like to help Osman and his family as far as I can from the distance. But I am not the director and can only request and offer my help.

Is your family well? How does Mrs Haque feel in Fudi? Has she somehow adopted to the new invironment off the well-known town of - help! I forgot the name of the place on the Gumla road! You see I am growing older day by day and the Indian times pass away. I still imagine the road in the sun, the house of your father-in-law at the left side coming from Ranchi, not far from a road crossing leading to some other place at the right side. Is this right? My wife still remembers so well your wedding feast with all details. Now and then we are talking about that day (and night) with all the many new impressions we got from India and her age old culture both of Hindu and Mohammedan origin.

All the best to you, greetings from my whole family,

yours

Preisberichtigung ab 10.4.1973

Aus dem sich nun schon seit Monaten drehenden Karussell der Preiserhöhungen kommen auch wir leider nicht mehr heraus.

Über 2 Jahre lang haben wir alle wiederholt auf uns zugekommenen Mehrkosten bei Betriebsmitteln, Stahl, Guß usw., sowie Lohn- und Gehaltserhöhungen, einschl. Porto- und Frachtverteuerungen, aufgefangen bzw. aufzufangen versucht.

Jetzt sind wir, trotz intensiver Rationalisierung in Verwaltung und Betrieb, am Ende unserer Bemühungen. Selbst bei Anlegung strenger Maßstäbe zur Erhaltung der Wettbewerbsfähigkeit sind neue Preise nicht mehr zu umgehen.

Die beil. Liste tritt am 10.4.1973 in Kraft ( weitere Exemplare erhalten Sie gerne auf Anforderung ). Für alle danach bei uns eingehenden Aufträge werden wir die neuen Konditionen anwenden.

Mit freundlichen Grüßen

Herrn
Dipl.-Ing.
Helmut H e r t e l
Technical Training Centre

F u d i P.O./Dt. Ranchi/Bihar
Indien

Lieber Bruder H e r t e l !

Während ich diesen Brief diktiere, ist möglicherweise gerade Frau Sehl bei Ihnen in Indien auf dem Weg zu Schwester Ilse in Takarma eingetroffen und hat die beiden Briefe von P.Seeberg und Herrn Schwerk abgegeben, mit denen Ihr grosser Brief von Anfang Januar, den Bruder Montag mitbrachte, zusätzliche Beantwortungen erfahren hat.

Wir hoffen also, dass es Ihnen wohl geht und die Behandlung der laufenden Probleme sich in vollem Fluss befindet; auch hoffen wir sehr, dass die neue Phase in Fudi ohne weitere und unvorhergesehene Schwierigkeiten sich einspielt. Meinen Brief als erste Reaktion auf den Ihren werden Sie hoffentlich schon vor Frau Sehls Eintreffen erhalten haben.

Und nun zu den beiden wichtigsten Personal-Problemen Minz und Soky:

1.) Minz

Es war zu erwarten - aber ist nun gewiss - dass nach den Ermittlungen Bruder Montags in London der Schlosser Minz in England keine Schule mit Ingenieurausbildung besuchen kann, weil ihm nach europäischen Masstäben die Voraussetzungen dafür fehlen und ihn nur nach Europa kommen zu lassen, damit er hier praktisch arbeitet und ihm etwas "glamour abroad" verliehen wird, dazu wäre die Investition wahrhaftig zu gross. Insofern können wir also die grundsätzlich zugesagte Honorierung Ihrer Herrn Minz gemachten Zusagen im vergangenen Jahr nicht einlösen. Es ist tatsächlich sinnlos, ihn zu einer Ausbildung nach Europa reisen zu lassen, die er nicht antreten kann.

Wir müssen das, was nicht durchführbar geworden ist, zu kompensieren versuchen: Wir bieten dafür Herrn Minz an, auf unsere Kosten (und das hiesse praktisch unter Fortzahlung seines jetzigen Gehaltes) für ein Jahr eine zusätzliche Ausbildung in Indien selber zu erhalten, sei es etwa in Poona oder noch näher liegend in Jamshedpur. Wenn er selber nicht so rasch eigene Vorstellungen darüber zu entwickeln vermag, wäre es wahrscheinlich sehr wohlgetan, wenn Sie selber mit ihm

Gossner Mission

nach Jamshedpur führen und bei TATA für ihn vorstellig würden. Da von der Firma keine finanzielle Belastung für das zusätzliche Fortbildungs-Jahr erbeten zu werden braucht, sondern es sich lediglich um einen geeigneten Platz handelt, sollte das zu erreichen sein. Es gibt da übrigens einen Public Relations-Mann - Mr. Mohanti - der dem früheren Asienreferenten - Mr. Ishida - vom Lutherischen Weltbund sehr verbunden war, der sicher auch hilfreich sein könnte. Die Firma TATA, die dem jungen Minz diese zusätzliche Ausbildung kostenlos vermitteln würde, könnte diese nach ihren Vorstellungen steuern, um ihm dann einen geeigneten Arbeitsplatz anzuweisen, so dass auch damit das Zukunftsproblem unseres Mitarbeiters gelöst wäre, wenn im Fudi Technical Training Centre der nächsten Jahre nur schwer ein Arbeitsplatz für ihn zu finden wäre.

Wie immer, lieber Bruder Hertel, Sie diese Mitteilungen und Empfehlungen aufnehmen, es ist u.E. das Weitgehendste, was wir Ihnen, so wie die Dinge nun einmal gelaufen sind, zum besten von Herrn Minz anbieten können. Ich bitte Sie, in Ihrer Reaktion auf diesen Teil des Briefes nur noch kurz mitzuteilen, wie hoch nach dem jetzigen Monatsgehalt die Jahressumme sein würde, die die Gossner Mission zur Verfügung zu stellen hätte, sowie die Bereitschaft von Herrn Minz mitzuteilen, auf diesen hoffentlich als hilfreich angesehenen Kompromissvorschlag einzugehen.

2.) Mr. Soky

Auch hier sind die Ermittlungen des Möglichen sofort angelaufen und es hat sich herausgestellt, dass das Stipendien-Komitee des Diakonischen Werks im Juni die endgültige Entscheidung über die Gewährung eines zumindest zweijährigen Stipendiums fällen wird, so dass das Stipendium wohl im günstigsten Fall ab 1.Juli 1971 erwartet werden könnte.

Auf der anderen Seite ist nach den Ermittlungen Bruder Montags die London School for Economics bereit, Herrn Soky aber September d.J. in ihren dann beginnenden Kursus aufzunehmen.

Beide Fakten stellen die Frage, was bis dahin:

Da es ja auf der anderen Seite dringend ist, dass unser langjähriger verdienter Mitarbeiter bald unter den neuen Verhältnissen vom Fudi-Compound verschwindet und auch von der Gehaltsliste dort fort kommt, ist unser Vorschlag,

dass er möglichst schon im März aufbricht, wenn bis dahin sein England-Visum zu erreichen ist, was eine Einladung zunächst der Gossner Mission zur Voraussetzung hat. Der Gedanke Bruder Montags ist, dass Soky nach seiner Ankunft in Grossbritannien zunächst einige Monate praktisch in einer Fabrik arbeitet, um sich vertraut zu machen mit dem europäischen Leben im allgemeinen und der Situation in England im besonderen, um dann leichter zum Schulbeginn im September antreten zu können. Da wiederum von jener Fabrik keine Finanzierung bzw. Entlohnung beansprucht zu werden braucht, scheint auch das realistisch.

Gossner Mission

Wir würden also gemäss dem, was Herr Soky selber aufgebracht hat, zunächst die Mittel zur Verfügung stellen; in der nicht unbegründeten Hoffnung, dass nach Gewährung des Stipendiums zumindest die Flugkosten Ranchi-London ganz oder teilweise mitgetragen werden.

In der Hoffnung, dass sich der Plan so durchführen lassen wird, ist diesem Brief eine formelle Einladung der Gossner Mission an Herrn Soky angeschlossen, mit der er sogleich die Erlangung seines britischen Visums betreiben kann.

Ich hoffe, dass auch dieser Punkt so weit klar ist. Soviel für heute. Wir sind gespannt darauf, wie Sie sich in der Wohnungsfrage für den Rest Ihrer indischen Zeit entscheiden werden und ich bin mit herzlichen Grüssen

Ihr Ihnen verbundener

Lieber Bruder J a e g e r !

Ich hoffe, Sie haben eine gute Indienreise Ende des vergangenen Jahres gehabt und hatten nicht nur starke Eindrücke von dem grossen Land, sondern auch durch mancherlei Begegnungen Gewinn für Ihre Arbeit. Vielleicht haben wir Mitte März Gelegenheit, uns darüber ein wenig auszutauschen.

Ich beziehe mich mit diesem Brief auf das Gespräch, das Herr Montag mit Ihnen in der vergangenen Woche wegen des Stipendiums für unseren trefflichen Herrn Soky in Fudi gehabt hat, über den sich im übrigen ja sein früherer Chef, unser jetziger Missionsinspektor Schwerk, geäussert hat. Ein wenig bekümmert uns natürlich, dass die Entscheidung erst im Juni durch Ihr Komitee gefällt werden kann, aber ich will in der festgelegten Prozeduren-Arbeit keine interference anwenden. Wir werden die Zeit zu überbrücken versuchen, wenn das Kommen von Herrn Soky schon früher dringend wünschenswert ist und möglich werden sollte.

Darf ich nun nochmals meinerseits aussprechen, wie viel uns daran liegt, dass dieser treue und charakterlich auf das beste bewährte Mitarbeiter im TTC Fudi in einer längeren Reihe von Jahren die Förderung erfährt, die er verdient.

Mit brüderlichen Grüssen bin ich

Sehr geehrter Bruder Hahn!

Dieser Brief bezieht sich auf ein Anliegen, das Ihnen Herr Robert Montag selbst bei nächster Gelegenheit vortragen wird. Er hat mich gebeten, ihn dabei zu unterstützen. Ich tue dies umso lieber, als ich seine Sache ohne Einschränkungen auch zu der meinen machen kann.

Es handelt sich um Herrn Amrit S o k e y , einen indischen Mitarbeiter des Technical Training Centres in Pudi, mit dem ich während der fünf Jahre meiner Anwesenheit viel gemeinsam erlebt habe und den ich darum sehr gut kenne. Herr Sokey ist seiner Vorbildung nach mindestens graduate, b.sc., wenn ich nicht irre, aber ich meine mich zu erinnern, daß er auch einen master gemacht hat. Er hat bereits vor meiner Ankunft in Indien, 1964, als Lehrer für allgemeine Fächer mit den Lehrlingen gearbeitet, wobei er mit großer Geduld sich des oft sehr niedrigen Bildungsstandards der Adivasijungen angenommen hat, was bedeutete, daß der Lehrerfolg nicht selten in krassem Widerspruch zur Lehrbemühung stand - sehr frustrierend. Als wir aus äußeren Gründen die Lehre für ein Jahr unterbrechen mußten, hat sich Herr Sokey, ohne daß wir ihn darum gebeten haben, nach einer anderen Beschäftigung umgesehen, weiler wußte, daß die Finanzen des TTC zu einer Fortzahlung seines Gehalts nicht ausreichten. Dies verdient hervorgehoben zu werden, weil es an anderen Verhaltensmustern des Landes gemessen ganz ungewöhnlich ist. Als wir unsere Arbeit später erweiterten, war Herr Sokey bereit, wieder in der Verwaltung mitzuarbeiten - diesmal allerdings an leitender Stelle. Ich habe ihn während der letzten zwei Jahre meiner Anwesenheit in Indien systematisch als meinen Stellvertreter "aufgebaut", was sich bei gelegentlicher Abwesenheit während des Urlaubs und sonst gut bewährt hat. Herr Sokey hatte als besondereGabe ein Talent, die vielen sehr verschiedenen Temperamente des großen Mitarbeiterstabes zu respektieren und trotzdem zu leiten. Dabei verlangte die gleichzeitige Anwesenheit deutscher Mitarbeiter (von DÜ und DED) ein besonderes Maß an Fingerspitzengefühl, weil diese ihm unterstellt waren, dies aber gar nicht so selbstverständlich akzeptieren konnten. Ich selbst habe in vielen Situationen von ihm unschätzbare Hilfen bekommen - durch Vorbild, Rat oder auch nur durch die Gelegenheit, über ein Problem zu diskutieren. Er hat sich ohne jede Einschränkung als vertrauenswürdig und äußerst korrekt erwiesen, ohne jemals deswegen in seinen Umgangsformen unfreundlich zu werden. Er ist ein seiner Nationalität

Gossner Mission

bewußter Inder, dem es nicht an Kenntnissen über die Geschichte seines Landes mangelt. Dies verdient betont zu werden, weil es ebenfalls nicht alltäglich ist, und weil es erwarten läßt, daß Herr Sokey zuerst und vor allem für Indien lebt und denkt. Er ist verheiratet mit einer Ärztin, die sich im Gebiet der Hals-, Nasen- und Ohrenkrankheiten spezialisiert hat und praktiziert.

Herr Montag wird Ihnen Einzelheiten unterbreiten, zu denen ich aus persönlicher Kenntnis der Zusammenhänge voll stehe und die ich Ihrer freundlichen Aufmerksamkeit anbefehlen möchte. Verzeihen Sie, bitte, daß ich Sie mit diesem Brief vielleicht bedränge. Ich tue es nur, um jede mögliche Unterstützung für Herrn Sokey zu erlangen.

Mit freundlichen Grüßen und herzlichem Dank für Ihre Aufmerksamkeit,

Ihr

Training Superintendent,
T.T.C. Fudi,
P.O. Fudi,
Dist. Ranchi / Bihar

Dear Mr. Haque,

A few months ago, on 26th April, I sent you a few pamphlets along with a letter in which I asked you for some blueprints of drawings. I have not heard yet whether or not you have received this letter and I hope that the letter has not been lost on the way. May I therefore again remind you to look for the blueprints of the drawings which I had marked on the list attached to the letter. Unfortunately I do not have a duplicate of the list and for this reason I must rely on your help in order to obtain the blueprints. I shall need them soon for some lectures I have to give at the University on community development and its implications on building construction. Thank you for your cooperation.

My wife and all the children are well. Today Thomas(6) entered the First Grade in school thus bringing the number of our children in school to five. Bettina is growing bigger and bigger and not only physically, and this, of course, creates much fun and occasionally some trouble as well. Ulrike is now in the first year of high school, and Frieder is in the last year of primary school. He, however, sonsiders school just a necessary prerequisite to be able to play rugby; he is a true sportsman though a very small one. Mirjam lives in the shadows of the older sisters mostly, but also has a unique personality and gives us great joy. Little Johannes, called Johnny, jumps and bumps like a ball throughout the day. We all remember you well and send you our love. Please convey our greetings to Memsahib and your daughter.

Yours sincerely,

P.S. Enclosed, please find, the Certificate for Osman. Could you please give it to him.

Dear Mr. Haque,

Just the other day I received these pampflets of Messrs. Röhm and this gave me the idea to forward them to you. Perhaps you do not need any of the parts shown in the catalogue, but it may still be more useful for you, rather than for me, to have it on hand.

To my surprise Mr. Kelber dropped in from West Germany yesterday afternoon and was with us for a night. We had long talks and very often remembered the times when you both joined in the work at Fudi. Mr. Kelber is now in charge of coordinating all technical assistance given by the Deutsche Stiftung für Entwicklungsländer to training centres all over the world. He mainly looks after the latest teaching aids and prepares them for distribution to the various centres. I asked him whether it would be possible for him to supply you as well with these materials and he fully agreed to this, but said that a formal request from T.C.C. Fudi should reach his office. Moreover, he told me that you could asked for any literature you would like to have regarding teaching aids, technical matters, etc. The Deutsche Stiftung provides all of these books free of any cost. Of course, most of them will be written in German, but I am sure you would have no difficulty in using them. So if you like, write to:

Die Deutsche Stiftung
D-68 Mannheim
Käthe-Kollwitz-Strasse.

Finally may I put a personal request before you. I very much would like to have a number of drawings which were made during my stay in Fudi. Pastor Seeberg gave me a list of these drawings which has been prepared by Mr. Fernandez if I am not mistaken. I am enclosing a photostat copy and would like to ask you whether you could ask for blueprints of those sheets which I have marked with red ink. I am prepared to pay for labour and materials as well,

simply let me know the cost. They can be sent by surface mail.

Please convey my love to all the teachers who know me and to Rev. Aind and not at least to Osman. His certificate is not forgotten and he will receive it soon.

With kind regards,

Yours,

P. Seeberg

1.) Changeover in Fudi to Trust-Society

The yearly costs for running the Training Centre with 75 boys will be approximately Rps. 80.000,- and although at this moment there are only 50 boys I would like to suggest that from the side of the Gossner Mission they make full arrangements to pay stipends for 75 boys. Added to this it can be expected that the SPG-Mission in London will ~~mean~~ take over part of this stipend amount.

2.) Mr. Minz

Brother Hertel had talks with Mr.Minz on my insistence before I left India. The result of these talks was that Mr.Minz has decided he would like to go to England for a minimum period of 2 years with the vieuw to obtaining a diploma from a technical college. Brother Hertel would like us to make these arrangements as quickly as possible especially being in mind that in the present setup in Fudi there is no place for Mr.Minz. From my side I can only say that it is my opinion that Mr.Minz has not the necessary qualification to start a training course in England, however I am prepared to make inquiries when I arrive back home. The fact that Mr.Hertel has promised Mr.Minz to pay a relative part of his salary during his absence from India will need a great deal of thought from the side of the Gossner Mission, it may very well lead to grieve misunderstandings if such a request is granted, especially when one considers, that during the training period of Mr.Haques in Germany no salary was foreseen for him.

3.) Mr.Soky

has been a very loyal and valuable assistant for many years in Fudi both to Mr.Schwerk and Mr.Hertel. He is a man of fine qualities and in the present setup no place is vacant for him. Mr.Karnani did offer him the post of his representative in Fudi, but it is understandable that Mr.Soky declined to accept. For many months now he has expected to go abroad for a further training period in industrial economics and business management. Much unlike other cases Mr.Soky was prepared to fully accept the financial liability of his training and has even paid into the Fudi account a sum of Rps. 6.000,-- to cover his flight and inofficious expenses. Mr.Soky has also expressed the desire to obtain his further training in England, his qualities are first class so there should be no difficulties in finding a place for him. In vieuw of the foregoing I am convinced that Gossner Mission should in this case do every-thing possible to assist Mr.Soky. I would like to suggest that Dr.Berg approaches "Das Diakonische Werk" who I happende to know has the possibility of granting stipends for such a case. This would mean that even the fare and expenses which have been paid by Mr.Soky could be refunded to him. Under any circumstances it is not possible te treat this particular case in the same manner in which other workers who have been re-changed were treated, namely with a small compensation. I feel certain that Mr.Schwerk will fully endorse my sentiment. Before I left India Mr. Soky had already obtained his passport and I will do all I can to arrange the necessary entry-visa in the U.K. Mr.Soky has made plans to leave India in the later part of February.

Gossner Mission

4.) Assets in Fudi

It is the proposal of Mr.Hertel to pay into the account of the new Fudi Technical Training Centre Society all such money which can be realised by the sale of various equipment, and the profits (if any) from the buildings which are now being completed. I would like to suggest that the Gossner Mission formally informs Mr.Hertel that they are in agreement with such a proposal and therefore an official record exists.

5.) Future of Mr.Hertel

As far as the Trust Society is concerned, and the same as far as the production company is concerned there is no direct place, no designation for Mr.Hertel. At the last meeting of the society I proposed that Mr.Hertel take his place as a member of both the society and the governing body as representative of the Gossner Mission Berlin, this proposal was uninimous accepted. It was also the wish of Mr.Hertel that he would be allowed to retain his title as principal of training mainly for reasons which concern his application to the Indian Government which would enable him to stay in India until November 1971. Although the society granted this permission they made it very clear that they were only prepared to allow him to retain the title and not in practice. To this I would like to comment that the presence of Mr.Hertel on the compound in Fudi could lead to a very dangerous situation as far as the work of director Aind is concerned. We have noticed in the past that it is the practice of our Indian brothers as far as possible pass responsibility over to any European at hand. In the case of director Aind the reverse is probably true, he has expressed very strongly that in the past year his existance as director was in name only. He has very serious objections of being what he himself calls a mere signatory director.and under these circumstances it could be possible that serious misunderstanding could arise between director Aind and Mr.Hertel. The only practical solution is that Mr.Hertel removes his sphere of activities to Ranchi. This makes sense especially als his remaining months in India will be taken up in the winding up of the 2 buildings now in progress/ namely middle school, Ranchi compound and high school Chianpur. The logical suggestion would be for Mr. Hertel to occupy Lal Bungalow. Unfortunately I must agree with his objection/ to this suggestion, he quite rightly claims that he is not prepared to supervise the many repairs which are necessary in the Bungalow. Added to this Mrs.Hertel is awaiting the arrival of her baby around March or April which eliminates any such proposal. Secondly should a new pastor be sent to the Gossner Church he will automatically take up residence in Lal Bungalow and for many reasons including lack of space it would not be possible for two families to take up residence there. It is my opinion that if at all Mr.Hertel leaves Fudi it would be necessary to find accomodation for him outside the Church Compound. This is very possible and he should be able to obtain a very nice

- 3 -

Gossner Mission

house for around Rps. 400,- per month.

6.) Joel Lakra and church affairs

It was possible for me to have a long talk with Rev.Lakra about the activities in which he is now engaged and I find a lot of what he had to say made sense. He has expressed his willingness to seize all his clandestine activities on the condition that the Gossner Mission church set up an earnest committee to discuss the new constitution. He quite likely points out that although KSS had made many promisses in the past no serious meeting meetings had taken place on this subject. He also points out that duringthe time Mr. Minz was Adyaksh of the north west Anchal he, Rev.Lakra, submitted a draft proposal for a revised constitution to the Anchal which was accepted as a basis for future discussions. After Rev. Minz became Pramuk Adyaksh during a KSS meeting the draft of Rev. Lakra was rejected as not being wearwell . Although this may have been true it was , to say the least, not very diplomatic to have thrown out such a proposal draft without at least discussing the proposal in an official meeting. I reported this conversion to the Pramuk Adyaksh before my departure and passed on to him the comments given by Rev.Lakra. Many of which he too considered a possible future discussion basis. It is however my opinion that from the side of the Gossner Mission there is no possible way in which they could help to solve the present deadlock. It would seem to me that Joel Lakra is finding it very difficult to organize his new G.E.L. Church and that the best course of action would be to let him stew in his own juice.

7.) Printing Press

I had many opportunities of discussing the affairs of the Printing Press with Mr.B.Khess during the few weeks I spent in Ranchi and I am still of the opinion that the affairs of the Printing Press are no cause of worry. It may be surprising that Printing Press is running very well and although there are no recieves of capital, on the other hand they are in no way insolvent and still are in the position to finance the stipends for printingclass trainees. I would say that this bright situation is very much due to the personel efforts of Mr.Khess whom I found too very hard working even to the extend of offering his free time, sometimes in the late hours of the evenings and sundays. During discussion with Mr.Khess it appears that he has no interest to do any further training inside India. Although it is probably the desire for all our Indian brothers to make at least one trip outside India, I would say that in his case training in a country abroad, if possible even under the supervision and personal interest of Mr. Mittenhuber would be a great benefit. He also sees the necessety that his namesake Mr.Hermann Khess should receive further training in his own job and considers such training could be found in a good printing press inside India.

Dipl.-Ing.
Helmut H e r t e l
Technical Training Centre

Lieber Bruder H e r t e l !

Nachdem Bruder Montag am Vortag unserer Kuratoriumssitzung wohlbehalten zurückkehrte und die Briefe von Direktor Aind und Ihnen sowie sein umfassender mündlicher Bericht die Fülle der positiven und noch problemreichen Entwicklungen in Fudi deutlich machte - dem Kuratorium wurden im wesentlichen die positiven Entwicklungen dargestellt und mit Dank entgegengenommen - kann ich nun heute anfangen, die einzelnen offenen Fragen in die Korrespondenz aufzunehmen. Das wird nicht an einem Tag geschehen können, aber ich fange an mit Ihrer persönlichen Situation.

Aus Ihrem Brief und Bruder Montags Kommentar ist deutlich geworden, dass Sie hoffentlich eine Verlängerung Ihres Visums erhalten, nach der Bildung der Trust Society auch den Titel "Principal" durch den entsprechenden Beschluss des Governing Boards behalten haben, aber doch Ihre Funktion auf dem Gelände des TTC einschneidend reduziert wurde:
Sie haben die Bücher abzuschliessen, die Bauten Zug um Zug zu Ende zu führen und noch etwaiges Vermögen des "alten TTC" in Geld umzusetzen und so weit möglich und nicht zur Zwischenfinanzierung der Bauten erforderlich, auf das neue Konto des Fudi Technical Training Centre einzuzahlen. Diesen restlichen und ungemein wichtigen Aufgaben bitte ich Sie, sich mit voller Kraft zu widmen.

Unter diesen Umständen entsteht natürlich die Frage, ob Ihr Bleiben auf dem Fudi-Compound noch erforderlich ist, ob nicht sogar erleichternd es unter den neuen Gegebenheiten ist, wenn Sie sich von dem gewiss schönen Platz zurückziehen; einfach um Ihrerseits frei zu sein für die Rest-Aufgaben und dem neuen Verantwortlichen die volle Freiheit des Handelns zu ermöglichen. Wahrscheinlich werden Sie auch von Ranchi aus leichter Ihre Bau-Aufgaben dirigieren können als von dem doch etwas abseitigen Fudi. Mein dringender Vorschlag ist darum - und deshalb betrifft dieser erste Teil Sie selber und greift die Probleme Sokey, Minz etc. heute noch nicht auf - sich in Ranchi mit allen finanziellen Konsequenzen eine angemessene und angenehme Bleibe zu suchen. Bruder Montag war der Meinung, dass das durchaus möglich sei, wenn man nicht die erforderlichen Kosten scheut. In den 6 bis 7 Monaten, die Sie ab 1.3.1971 etwa noch in Chotanagpur sein werden, soll es uns nicht zuviel sein, wenn Sie auch im Blick auf die Situation Ihrer Familie eine für indische Ver-

Gossner Mission

hältnisse nicht geringe Miete für ein Haus am Stadtrand Ranchis aufwenden. Schon die Tatsache, dass Sie Ihrem Direktorium diese dringende Empfehlung Ihrer Heimatleitung mitteilen können, wird sicher dankbar aufgenommen werden, ob nun ein schneller Wechsel erfolgen kann oder nicht, denn Sie sollen nicht das erste beste Angebot annehmen müssen, sondern wo Sie und die Ihren sich nach menschlichem Ermessen wohlfühlen können. Die Möglichkeit,nach dem 15.3. in den Lal Bungalow überzusiedeln habe ich dabei ausgeschlossen, weil Bruder Montag sagte und Sie es auch schrieben, dass Sie sich mit diesem Gedanken an das reparaturbedürftige Gebäude nicht befreunden könnten und daran ja auch etwas getan werden muss, wenn das neue Dozenten-Ehepaar möglicherweise doch schon im Laufe des Sommers kommen könnte. Geben Sie also ruhig Rps. 400,- oder noch etwas mehr monatlich aus und räumen Sie Ihre Wohnung in Fudi aus, das wäre unsere dringende Bitte und meine Empfehlung.

Es ist durchaus einzusehen, dass nach Ihrem möglichen Auszug Direktor Aind Ihre Wohnung übernimmt und er sein Haus dem Manager von Cromelite überlässt, aber das sind ja Entscheidungen, die Sie nicht mehr unmittelbar zu treffen brauchen, sondern das liegt in der Verantwortung des Direktors.

Wir haben mit Dank davon Kenntnis genommen, dass das Governing Board des "Fudi Technical Training Centre" Sie als Representative der Gossner Mission unter seine Mitglieder berufen hat. Wir geben gern unsere Zustimmung dazu und freuen uns, dass Sie während Ihres restlichen Aufenthalts in Indien in dieser Verantwortung noch weiterhin die neue Fahrtrichtung Fudis mitbestimmen. Wie Sie überhaupt wohl auch nach Ihrer Umsiedlung nach Ranchi, die hoffentlich bald möglich sein wird, nicht nur einmal in der Woche in Fudi sein müssen, um die erforderliche Abwicklung der Aufgaben Zug um Zug vorzubereiten.

Lassen Sie es heute mit diesem ersten wichtigsten Teil des Echos auf alle schriftlichen und mündlichen Berichte genug sein. Dass Sie unter Umständen die Hoffnung haben, in Verbindung mit den Erlanger Wissenschaftlern nochmals wieder für 2 Jahre nach Indien zurückzukehren, um auch persönlich wissenschaftlich weiterzukommen, hat uns natürlich sehr interessiert. Darüber wird dann zu reden sein, wenn Sie mit den Ihren wahrscheinlich im Herbst hier eingetroffen sein werden. Bis dahin ist aber noch genügend zu tun, hoffentlich bei voller Gesundheit und voller Konzentration der Kräfte des Leibes und der Seele. Indem ich besonders Ihrer lieben Frau für die letzten Wochen vor der Ankunft Ihres zweiten Kindes die herzlichsten Grüsse und Wünsche übermittele, bin ich

I h r

P.S. Dass Direktor Aind die der Gossner Mission gehörenden Möbel übernimmt, halte ich fast für eine Selbstverständlichkeit in der Erwartung, dass Sie ein möbliertes Haus mieten können. Sonst muss man transitorische Regelungen versuchen, indem Sie die wichtigsten Möbel noch für 6 bis 8 Monate nach Ranchi mitnehmen, um sie dann zurückzugeben.

Mr.
C.B. A i n d
Director Fudi Technical

F u d i P.O./Dt. Ranchi/Biahr
Indien

Dear brother Aind,

With thanks I received your letters dated February 26 and March 28. I hope you dont mind that I answer to them so late in April. Your letters were mainly dealing with the budget and the problems with Cromelite.

Regarding the budget a letter of our office written ten days ago, informed you that an amount of approximately Rps 24.000,- was transmitted to the KSS account in favor of Fudi TTC.

According to my letter of November 24, 1972 the same amount of Rps 24.000,--, meaning the first instalment of the budget 1973, was paid in January 1973. As per the same letter you already know that you will receive through the KSS the next instalment on June 1, 1973 also amounting to Rps 24.000,--.

Furthermore the amount of Rps 6.900,-- paid to Fudi TTC by Mr.Kmitta also is a part of the Fudi budget 1973 because Gossner Mission remitted to Mr.Kmitta this amount in German Marks. The subsidies from Gossner Mission now totally amount to Rps. 78.900,--. Questions regarding the budget 1972 which are still pending we can discuss in October of this year on occasion of my stay in India. If you plan an excursion with the students to Calcutta, you may do it, but under the condition that the expenses are covered by the 1973 budget. Extraordinary expenditures have to pass the proper channels.

You are correct in mentioning the still unsolved problem of depreciation. We two already talked about last year und it seems to be high time to create the depreciation fund. Please, consider this problem to be an item of the agenda for the next meeting of the trust society.

Gossner Mission

Regarding Cromelite we took notice of your informations. Some more informations we received from Mr.Hecker. I know very well that Gossner Mission is not in the position to make any agreements with Mr.Karnani. Moreover we do not intend to do this. During my last visit to Ranchi I nevertheless spent some time with Mr.Karnani, because nobody wanted to solve certain problems. The trust society only was responsible for the training section and the KSS including the Pramukh was too weak to settle the Cromelite Programmes. The KSS Samiti Meeting decided in March 1972 to consign to the trust society the responsibility for the Fudi production section too. Unfortunately this decision was not approved by the full KSS. I hope the new KSS will give the approval.

From the letter of Mr.Karnani to Fudi TTC I learned that Cromelite is ready to pay the rent to Fudi. As far as I understand they are willing to pay the rent after having vacated the premises. On my opinion the director of TTC Fudi should immediately make the bill showing the outstanding positions - rent, electricity etc. - per April 30, 1973. If Cromelite does not pay until this date Fudi TTC has to start steps according to Indian Law and Order against Cromelite in order to get the debts paid.

Please, be kind enough to mail a copy of the said bill also to Berlin. If Mr. Karnani should pay a visit to Gossner Mission I would like to know the financial position.

Dear brother Aind, the month of May is a hot month but I kindly ask you to start the preparations for the budget 1974 as the Kuratorium of Gossner Mission has to prepare the total budget in August and September.

For your information: Mr.Schwerk received the parcel with the drawings.

With kind regards,

sincerely yours,

Sg.

Dear Friends,

I have heard that the Cromelite people had finished the work in Fudi by the end of 1972. Unfortunately we are too farr away to be able to judge whether this is good or bad. As a member of the Trust Society, however, the Gossner Mission wants you to pay attention to two important matters:

1. Did our friends takes the necessary steps to save the property within the Fudi Compound? As the Cromelite people leave the Compound, it is possible that tools and machines belonging to the Trust Society may also be taken. Was an inventory taken when Cromelite came? And if not, is one how being prepared?

2. Has somebody been appointed to gegotiate about a successor to continue the production work at Fudi? And if there is a reliable company or private person available or interested, who is in charge of negotiations, the KSS or the Trust Society? We regret that the full KSS did not endorse the decision of the KSS Sameti in March, 1972 to lease the entire compound to the Trust Society.

This matter is not only important with regard to the property but also with regard to employment for quite a few families. I would, therefore, greatly appreciate it, if you, dear friends, would take certain steps to insure a better future for Fudi.

Yours sincerely,

Sg

Dear Sir,

Reference to your letter No. 52/73/RA-54 dated 19th Jan '73 and letter received from FTTC Fudi No. T(5)S/4/73 dt. 18.1.73 we are to inform you that as our Factory has been declared closed down. We are trying to vacate the work-shops, but due to the under mentioned reasons we are not in the position to remove all the goods immediately.

1) We have applied for the wagons to despatch the goods in South as per parties order but due to the traffic restriction in South, we didn't get the wagons.

2) We are also trying to get the truck to remove our materials to Calcutta.

3) As the Labour dues is not yet cleared due to the P.F. amount which is deposited by Mr. H. Hertel, and without his signature we are not in a position to draw the amount, and without clearing the Labours dues we can't take out the materials.

4) We have a lot of row materials and ready goods are in stock, it is very difficult to remove within a month or two.

Lieber Herr Direktor Seeberg!

Dieses ist ein B r a n d b r i e f. Nicht unseretwegen - wir haben keine so eiligen Sorgen - aber wegen Fudi! Nachdem aus verschiedenen Gründen das Governing Body von Fudi seit über zwei Monaten sich nicht getroffen hat, war heute eine Sitzung und ich hörte, daß Cromelite am 1. Januar aufgehört hat und - nun kommen die eigentlichen Schwierigkeiten! - im Laufe der nächsten Monate irgendwann einmal den Betrieb übergeben will. Der einzige, der in Fudi ernsthaft besorgt zu sein scheint, ist Herr H Haque, aber niemand im Governing Body bezweifelt, daß man damit rechnen muß, Cromelite nimmt erheblich mehr mit als ihm zusteht. Wir wissen nicht, ob eine genaue Inventarliste besteht:, bisher gehen der Manager von Cromelite und die Angestellten aus und ein in den Gebäuden, lassen anscheinend laufend Gerät mitgehen, und es ist nichts bekannt, ob und wen der Pramukh Adhyaksh bestimmt hat zur Übernahme und Kontrolle, daßß nichts veruntreut wird. Das ist nun nach dem gegenwärtigen Stand der Dinge Sache des KSS, da die Produktion bisher noch von der Gossner Kirche verwaltet wird. Das Governing Body hat heute allerdings beschlossen, die Trust Society möge sich um einen dreißigjährigen, nicht zehnjährigen Pachtvertrag für die ganze Geschichte, einschließlich Produktion und zu einem wirklich nominellen Pachtzins zu bewerben. Es sind Pläne, die Metallabteilung für Schweißer und Dreher auszubauen, wozu man die anderen Hallen bräuchte. Offensichtlich ist der Markt mit Schlossern ziemlich gesättigt, sodaß man hofft, mit diesen Spezialabteilungen auch wieder mehr Trainees anzulocken. Man bräuchte dazu nur ein paar Spezialkurse für die bereits vorhandenen Ausbilder. - Doch dies sind alles weniger brennende Probleme.

Wichtig ist jetzt vorerst das Eine, daß Cromelite nicht die ganzen Hallen ausräumt. Gegenwärtig ist niemand da, der dies hindern würde. Ich werde selbst mit dem Pramukh noch reden. Wir haben eine Resolution verfaßt, daß der Pramukh den Direktor von Fudi ermächtigen soll, den Betrieb ordnungsgemäß zu übernehmen. Hoffentlich tut er es umgehend. Daher meine Bitte, daß Sie ebenfalls sofort den Pramukh (ohne meinen Namen zu nennen) so stark wie möglich unter Druck setzen, daß er alles dafür tut, daß nicht

stets die drei ältesten Jahrgänge vorübergehend zu übernehmen. Die Fakultät ist mit der Regelung zufrieden - solange Vorrat reicht!!

Gossner Mission

zu viel Schaden entsteht bei dem Geschäft. Ob Stromrechnungen je noch und rückständige Miete eingetrieben wird, Miete für die Zeit bis zur Übergabe, Regreß für beschädigte oder fehlende Maschinen und Geräte- Herr Haque erklärte, die Maschinen seien zum Teil in sehr schlechtem Zustand, eingetrieben wird, das alles werden weder Sie noch ich bei Kenntnis der beiteiligten Personen erwarten. Es sollte aber sicher- gestellt werden, daß sich das Ganze in erträglichen Grenzen hält. Der Father Delbeke meinte, er hätte am 1. Januar sofort die ganze Geschichte abgeschlossen und versiegelt, wenn es den Katholiken ge- hört hätte bis zu einer ordnungsgemäßen Übergabe in Anwesenheit beider Parteien.

Ich hoffe, Sie werden bei der Kirchenleitung mit dem nötigen Nachdruck darauf drängen, daß die Sache möglichst schnell geregelt wird. Übrigens ist übers Wochenende gerade Herr Hans Hummel (Berliner Missionsrat) bei uns. Er war bei der Fudi Sitzung dabei und will am Montag auch noch nach Fudi hinausfahren. Neulich war auch Herr Lindau hier. Beide waren bei Dohrmann bei einem internationalen Aufbaulager.

Für heute grüßt Sie und Herrn Schwerk sehr herzlich,

Ihr

+ Building up a Vocational Guidance Service: At the request Vikas Maitri, Xavier Institute, Ranchi is planning to start a Vocational Guidance Service. Mr.U.S.Prasad, a specialist in Vocational Guidance has joined the staff of the Institute recently. Vikas Maitri Members are invited to send their sug estions to Mr.Prasad, Xavier Institute, Box 9, Ranchi -1. (Tel. 22769) The Vocational Guidance Service will hopefully start in February 1971.

The inauguration of the Church of North India in Nagpur on 29th November, 1970 was a very significant event in the ecumenical movement. It is the third example in history of the union of episcopal and non-episcopal Churches, the first being the inauguration of the Church of South India in 1947. On November 1st. 1970 the Church of Pakistan was inaugurated on the same plan as that of the Church of North India. Compared with South India the unique feature of this plan is that it provided for the unification of the ministry right from the start. This means that all the ministers of the united Church are fully accepted by all members.

It was a deeply moving experience to be one of the throng of about 5,000 who gathered in a shamiana at Nagpur and took part with reverent attention in a three-hour service in which by God's uniting grace 6 churches became one. The Council of the Baptist churches, The Disciples of Christ, The Church of the Brethren, the Church of India, the Methodist Church, and United Church of Northern India lost their separate identity and became one in the Church of North India.

Guests from other churches in India and from foreign countries came to pray with the newly united church and to give it their greetings.

## LETTERS TO THE EDITOR.

Dear Sir,

The report of the Panchayat at Bardi is a sample of what could be done concretely in other places. I think Fr.V.Emmrik and myself would be quite interested to get Dr.Nirmal Minz and Fr.V.d.Bogaert to advise us on a similar venture in the Uppar Ghat. To work together for social and economic improvement, let's start doing.

The other proposal of Fr.V.Emmrik, I would like to record regarding "Matric Girls". But I would propose a solid gram-sewika type of training. Could not Bettiah come to the rescue, where they are already training religious sisters of all congregation? This is in a way like the Motherhouse of the "Grihini Schools".

For the Grihast school I would propose the same for Matric passed boys, for which Namkum could help, but on a broader basis than the actual Agricultural Training School, more social workers than mere Agricultural Advisors . They should replace the old fashioned catechist in course of time. Nothing less than two years course is required and field-work as well for both boys and girls. They would form the frame work of our village youth organizations.

Let us see what reaction come in and after some time call a meeting of those interested. Those who mean to do something about it. Thank you.

Dear Sir,

Thank for the Vikas Maitri news. Nothing will please members more than to receive news about the other members activities. There is an astonishing ignorants among ourselves as to what goes on among the others. News of each other is a most effective means of bringing us together.

## चर्च आफ़ नार्थ इंडिया

२० नवम्बर १९७० को नागपुर में चर्च आफ नार्थ इंडिया का उद्घाटन बड़े समारोह के साथ मनाया गया जो एकता अन्दोलन का सार्थक घटना है । इतिहास में यह धर्माध्यक्षीय और अधर्माध्यक्षीय कलीसियाओं के संगठन का तीसरा उदाहरण है । सर्वप्रथम १९४७ में चर्च आफ साउथ इंडिया का उद्घाटन हुआ । चर्च आफ नार्थ इंडिया की योजना को लेकर ही १ली नवम्बर १९७० को चर्च आफ पकिस्तान का उद्घाटन किया गया । दक्षिण भारत की तुलना में यह योजना अद्वितीय है क्यों कि यह प्रारम्भ से ही मंत्रालय (मिनिस्ट्री राइट) में एकता का प्रबन्धक है । इसका अर्थ है कि यूनाइटेड चर्च के सभी मंत्रनलय सभी सदस्यों द्वारा ग्राह्य है ।

इस समारोह में ५०,००० व्यक्ति उपस्थित थे जिन्होंने ३ घंटे की धर्मविधि में भाग लिया । ६ कलीसियाओं का समूह "चर्च आफ नार्थ इंडिया" के निर्माता हैं - द काउन्सिल आफ बप्तिस्त चर्च द डिसैपल्स आफ क्रिस्ट, द चर्च आफ ब्रदेन, द चर्च आफ इंडिया द मेथोडिस्ट चर्च और यूनाइटेड चर्च आफ इंडिया । इसी शुभावसर पर ९ नये बिषपों का अभिषेक हुआ साथ ही साथ ६ अंगलिकन बिषपों की नियुक्ति का समर्थन किया गया ।

यह समारोह सार्वजनिक सभा, धर्मविधियों तथा सांस्कृतिक कार्यक्रमों को स्थान देते हुए तीन दिन तक मनाया गया ।

## स्थानिक खबरें

विकास मैत्री का वृहत विभाग :- समाज कल्याण विभाग ने १०,००० छोटानागपुरी महिलाओं की मांग की है । तीनों कलीसियाओं की महिलाएं मिलकर, महिलाओं की उन्नति के लिए कार्य कर रही हैं । सिस्टर अंजेला "ट्रेन्ड सोसल वर्कर" महिलाओं को इस कार्य में आगे बढ़ाने में सहायक हैं । निर्मला कालेज की सिस्टरों ने प्रशिक्षण का कार्यभार अपने हाथ में लिया है ।

अखिल बिहार ख्रीस्तीय शिक्षा सम्मेलन - यह सम्मेलन पहली बार पटना में ११ से १२ दिसम्बर तक अयोजित किया गया था । इसमें उपस्थित सदस्यों की संख्य १४० थी । विकास मैत्री के कुछ सदस्य भी उपस्थित थे ।

जागृति आदिवासी महिला औद्योगिक सहयोगी संस्था - यह एक नयी संस्था है । सदस्यों की संख्या २० है । श्रीमान एन० कच्छप, श्रीमान एम० भौमिक और श्रीमती भौमिक इस संस्था के कार्यक्रम को चलाने में सहायक हैं ।

ख्रीस्त जयन्ती के उपलक्ष में मिशनरी सिस्टरों द्वारा कोढ़ियों तथा स्लम ( गंदी वस्ती) के बच्चों के लिए ख्रीस्तमस ट्री मनाने का अयोजन किया गया था । यह अवसर बहुतों को हर्षित किया ।

"वीमेनस वार्ल्ड डे प्रेयर" १५६ देशों में मनाया जाएगा। छोटानागपुर की महिलाएं भी इसमें भाग लेंगी जो मई महीने में होने वाला है।
