The Head Supervisor, Lutheran Schools/ Diocesan
Inspector, S.P.G. Mission Schools.

Ranchi, the 26 October, 1955.

Sub:- List of holidays for 1956.

Sir,

I have to quote below an extract on the above subject from notes of discussion held at the Ranchi Camp Secretariate on 11th July 1955 and request you to submit the lists of holidays for primary and Middle Schools under your Mission/Mandal, latest by the 21st November 1955 .

Yours faithfully,

(S. Prasad,)

Dist. Inspector of Schools, Ranchi.

Extract from the Notes of discussion held at Ranchi Secretariat

"4. List of holidays- At present, the list for District Board schools is approved the D.P.I. Besides this list, according to practice coming on from a long time separate list of holidays are prepared for schools under the three different Missions and the Adimjati Seva Mandal and approved by the District Inspector. This has led to considerable confusion. In some cases, the Sub-Inspectors of Schools have objected to the closure of certain Mission Schools on certain dates although these days were included in the list approved by the District Inspector, because the Sub-Inspector was not supplied with a copy of the different lists. It was agreed and decided, therefore, that there should be only one printed list of holidays for the Ranchi district with effect from the next year. The District Inspector should obtain proposals from the three Missions as well as from the Mandal. The printed list should consist of five parts. Part 1 will contain the list of holidays for all schools in general. Parts 2, 3, 4 and 5 will only contain the changes in the main list as far as they relate to the schools under the three Missions and the Mandal. Before finalising the list, the District Inspector may hold a joint discussion with the Mission authorities and the authorities of the Mandal. Copies of the printed list should be sent to all institutions and to all inspecting officers and other concerned."

Sir,

I have to state that reports come to me that of late the Sub-Inspector of Schools, Lonardaga Circle, has been asking the Head Teacher of the said school to fill up a form of application for appointment with the explanation that unless he does so the school will lose its recognition. I do not know the exact situation but I am given to understand that an effort is being made to convert the school in to a Basic School.

The school has received recognition and as such it is eligible to receive all the benefits of D.A. and other facilities. I would appreciate if any proposal for converting it in to a Basic school is taken up with me.

May I request you to kindly enlighten me on this point. Should you decide to talk on it I am ready to come to you.

" I am to refer to your memo no. 1354/J dated the 17th February, 1954 on the subject of non-payment of Government Dearness allowance to the mistresses of Kasturba Balika Vidyalaya, Lohardaga. This Vidyalaya is government-aided Middle seglik fir ~~garks~~ girls Jati Seva Mandal.

Prior to the issue of Government letter no. 74 dated 30.5.53, the dearness allowance to the Mistresses of this school used to be paid through the Lohardaga Municipality. The Chairman told me that the dearness allowance for one quarter has been paid to them in the year 1953. He is also new to the Municipality and could not be sure whether the dearness allowance for the year 1952-53 was entirely paid to the teachers by the Municipality.

After issue of the Government letter referred to above, the dearness allowance to the teachers of Girls' M.E. School are to be paid through the District Inspectresses of Schools. The Lohardaga Municipality has been allotted an amount of Rs. 400/- (half yearly) for payment of D.A. to the teachers. The total amount payable to the teachers by the Municipality under this head comes to ~~how much~~ Rs. 404/13/- only. It is not understood as to how this amount of dearness allowance has been calculated by the Government. The Chairman proposes to draw that amount only but I am told that the Treasury Officer is compelling him to draw Rs. 400/-. The entire affair requires closer scrutiny by the Inspector of Schools, Chotanagpur Division in consultation with the authorities of the Adim Jati Seva Mandal who may be requested by the Deputy Commissioner to get the matter settled once for all"

Dear Sir,

Enclosed please find a report from Rev. S. Surin, local supervisor of Lutheran schools, Takarma Synod against the action of Shri B. Singha, Sub-Inspector of schools, Gumla south Circle, together with my note on it and a copy of the S.E.S' Inspection Note and the explanation of the Head Master of Lutheran Girls' U.P. School Takarma on the Inapection Note.

The said Sub-Inspector visited Takarma Girls' U.P. School on 18 th night and 20 th morning of January, 1954. He inspected the school on 20 th morning.

Considering the circumstances under which he inspected the school, it appears that he was highly prejudiced against the teachers and the local church authorities and naturally his Inspection Note is one-sided and misrepresentation of facts. Besides, some of his actions are being protested as they are ~~lx~~ highly objectionable. Details are in the report itself.

It is, therefore, prayed that an enquiry be held with a view to clear up the prejudice that has been created by his Notes and action in the official circle., and to ensure that the said Sub-Inspector does not show his high handedness in future. It is expected that a public servant behaves in a manner befitting his positio

2. In compliance with resolution dated 18.9.50 of the Board, the first application for recognition of a High School should be submitted to the undersigned who will refer them to the District Education Council as required therein.

It was decided to request the representatives of the missions to caution the teachers not to have any money transactions with any one of the subordinate offices of the Education Department working in the district. Sir,

With reference to your No.3389 dated the 29th September 1953, on the above subject, I have to say that a Matric C.T. alternatively an I.A. will be appointed. The School building and its compound belong to the Church and the school also belongs to the Church. It is redundant to propose to get it registered in the name of the School. I hope the matter has already been explained to you by Rev. J. Lakra and the matters will not come again.

REPORT ON THE QUESTION OF RECOGNITION OF THE
PROPOSED HIGH SCHOOL AT CHAINPUR.

We, members of the Special Board constituted to report on the fitness of the Chainpur Proposed High School for recognition, visited this school on the 8th December 1953.

2. The Headmaster of the school, a B.A., Dip-in-Ed., of the Patna University, furnished us for our scrutiny the information required in the questionnaire sent to him by the Secretary, Board of Secondary Education, along with the letter's No. 14577/11A-5 dated the 20th November 1953. We did not, however, allow ourselves to be confined to a consideration of the replies to the points in the questionnaire, but have carried out an on-spot inspection of the school in order to be satisfied on the standard reached so far by the school and also whether it was trying to make itself a useful institution.

3. In this report we propose to begin with point No. 2 of the questionnaire and give the result of our examination of reply to point No. 1 towards its end. We went round the 10 acres of land which the Lutheran Mission authorities have set apart for this school and saw two blocks of buildings, one consisting of 4 rooms and the other of 6, in actual existence. Of course, final touches to the buildings were still to be given but this work the Lutheran Mission authorities could undertake only after their collection of paddy which the villages contribute as donation to the school from year to year. We also saw two big play-grounds, one within and the other outside the Mission compound. We also found three blocks of buildings being used as hostel, two for boys and the third for girls reading the middle classes of the school.

4. The present staff of the school consists of a trained graduate with 7 years teaching experience as Headmaster, one I.A., having attended a short course of training at a Basic Training school, 3 Trained Matriculates, 1 Shastri, and 3 untrained Matriculates. Except for these three persons, one of whom is likely to be absorbed as a clerk, the staff is qualified. We desire that the replacement of the unqualified hands by qualified ones be considered as a condition-precedent to the recognition of the school. As the present staff has only one trained graduate on it, it will be necessary for the management to appoint another such teacher. We were, however, told by the Headmaster that his betrothed is a trained graduate lady and with their marriage during ensuing Christmas the services of the lady would be available to this school. We, therefore, do not suggest this item to be treated as a condition to recognition.

5. The committee of the school is fully representative of all interests consisting of one non-Christian, aboriginal, one Hindu, one Harijan and one Mohamadan, besides, members of the Lutheran Mission. The composition of the committee impressed us with the breadth of vision of the Lutheran Mission authorities.

6. In fulfilment of a condition of the Board of Secondary Education conveyed in its No. 4438 of the 22nd July 1949, the committee of the school had amalgamated the upper and middle classes with the High school classes it had started. Recognition to its VIII and IX had been given it on compliance by it on this point. It now, however, proposes to retain only the top four classes, i.e., classes VIII, to XI, since the exigency of the present day syllabus makes it difficult for it to introduce diversified courses, while retaining the burden of management of the middle school classes goint with it. We are convinced of the reasonableness of this argument and therefore feel inclined to suggest that the course it seeks to adopt is permissible to it.

7. Notwithstanding the fact that it has been an unrecognised school, pupils have been attracted to it because of its extreme catholicity and tolerance. Its top four classes have on an average 20 pupils each and over one third of them are non-Christians. The neighbouring recognised school called the Lievens Barway High School has on the other hand fifty percent more of pupils on roll but has on no account even one-eight of non-Christians pupils. In the latter school which comprises classes VI to XI, all told there are only 9 non-Christian aboriginals. The fact that the Chainpur Proposed High School has between its three top classes 78 pupils of whom 29 are non-Christians is a proof positive of one thing, namely that the school though run by a Christian Mission, i.e., the G. E. L. Church keeps its door open to everybody and does not induce regimentation which marks every school run by the Catholic Mission.

8. The School has Rs 2117/- in its reserve fund. This amount lies in two Postal Savings Bank Accounts standing in the name of the school. For its current expenses and deposits the school has, however, no postal account. We would lay it down as a condition that such an account should be opened by the school as a pre-requisite to its recognition. The school has a Library of 500 volumes and has one set of Geometrical instruments and a few maps and globes. We would suggest that the Library should be developed and made useful in all branches of study, and that one more set of Geometrical instruments and at least one dozen more of maps be purchased by it forthwith.

9. We would now revert to an examination of point no. 1 of the questionnaire. As we have tried to make out in the foregoing, the school serves an urgent necessity in Chainpur Thana where there is preponderance of Christian population. The Roman Catholic Mission somehow contrived to shift to Chainpur their recognised High school from Kathahi. This action on their part not only jeopardised the existence of the Proposed High School whose recognition we are considering, but also deprived Kathahi not only of a high school but also of a Middle school since it brought with it the Middle school classes of the former Kathahi Middle school. As we have pointed out above, out of a total population of 222 pupils the Catholic High School has just 9 non-Christian Aborigines. On the other hand this Proposed High School has 66 non-Christian Aborigines out of a total of 146 in its eight classes i.e., classes IV to X or 29 non-Christians out of 78 in the three top classes. This is the institution to which the neglected will resort. In spite of the struggle to which it has been put, it has braved all odds and has inspired loyalty in the children in it. Having had to present its candidates for the Secondary School Examination through the Zila School, its result of the current year is definitely encouraging and proves that the teachers have taken their task seriously and have become now experienced for their task. These make us feel that the school should get immediate recognition.

10

10. In conclusion, therefore, we recommend that the school be recognised as a full-fledged High school on its fulfilling the following conditions :-

- 1) it replaces the unqualified hands on its staff by qualified ones.
- 2) it purchases books and teaching appliances worth Rs 500/- immediately, and
- 3) it opens a savings bank account for its current deposits and expenditures.

Ranchi, the 22nd March, 1952.

Sir,

I find that enhanced salaries and subsidiary allowances upto-date have not been paid to teachers and in some cases heavy arrears have accumulated. I am anxious to assess the exact position with a view to expedite disbursement of money. I request you therefore to send to me a statement in the enclosed form as quickly as possible, so that I may direct the Deputy Inspectors of Schools to scrutinise the statement and make payment without any loss of time.

2. The statement should be submitted separately for middle schools and Primary schools.

3. One sheet or more may be used in respect of Schools in a single sub-division.

4. Separate sheet or sheets may be used for different years to which the payment relates.

5. All these statements should be submitted in respect of schools which stood on the list of recognised institutions on the 31st March, 1949 and for which proposition statements were submitted and approved by the Director of Public Instruction, Bihar.

6. Each statement should be submitted in duplicate so that one copy will be retained in this office and another sent to the Deputy Inspector of Schools, concerned.

7. I hope you will take utmost care to see that the statements are strictly in accordance with rules.

Yours faithfully,

Ranchi, the March, 1952.

Dear Sir,

Please refer to this office no. 511 dated the 4th March, 1952, regarding steps to be taken to stop the use of unauthorised books in place of duly prescribed text and hand books in the schools. It has been felt that sometimes some of the publishers and book-sellers and perhaps the teachers too surreptitiously smuggle the use of unauthorised books in the schools and thereby they defeat the Government scheme of having only prescribed text books for use in the schools.

2. In this connection I am to invite a reference to Art. 207, read with Art. 182 of the Education Code which specifically provides for the withdrawal of departmental recognition from a school using unauthorised books in the school.

3. I am now to request you to bring the provision of the article quoted above to the notice of all concerned and take necessary steps to arrest the irregularity committed by the school.

4. Any case discovered by you should be reported immediately to the competent authority for necessary steps. In case of Primary Schools you are yourself competent to take steps.

5. This is both urgent and important.

Yours sincerely,

(G. S. ARAN)

Sir,

I am sending you an extract copy of the Sub-Inspector of Schools, Gumla South Circle inspection report in which he has recommended that IV & V classes of the Eidnias High School Takarma G.E.L. Church be separated from the High School from 1st April, 1952. As it requires higher authorities to handle the matter you are requested to give your opinion.

यदि हाई स्कूल के दो बर्गों को तोड़ दिया जाय तो वे कानून जो हाई स्कूल के चौथे पाँचवे बर्ग में पढ़ रहे हैं इस स्कूल में चले आवेंगे तथा इस अपर प्राईमरी कन्या पाठशाला का नाम केवल अ.प्रा. पाठशाला रख दिया जायगा । मैं सभी प्रश्नों पर विचार कर यही शिफारिश करता हूँ कि हाई स्कूल के चौथे पाँचवे बर्ग १ अप्रैल १९५२ से तोड़ दिये जाय ।

To

The President, G.E.L. Mission, Ranchi.

Ranchi, the 10th January, 1952.

It has come to my notice that your Head Supervisor, Lutheran Schools has circulated a printed list of books for 1952 to be used in Lutheran Schools from classes Infant to VII. The list contains most of the books which are not approved by the Department.

As this is a serious matter I would request you to let me ~~know~~ know why unapproved books have been selected for use in Lutheran Schools.

A copy of this letter is being sent to the District Inspectors of Schools with instructions to see that in no case unapproved books should be taught in schools.

From,

Shri G. Sinha, F. A. (Cantab),
Director of Public Instruction, Bihar.

To

The District Inspector of Schools,
Ranchi, Hazaribagh, Manbhum, Singhbhum & Palamau.
Patna, the 5th January, 1952.

Sir,

It has been brought to my notice that the books "Sulabh Ankaganit" Part I for Class II and Part II for Class III, published by Shri Girija Pustakalaya, Machuatoli, Patna—4 are not taught in all the Zones for which they are prescribed. Two books in Arithmetic named Dilkhora Ganit Part I & II published by Vijayee Bhandar, Ranchi in Oraon have been prescribed for the whole province and their Hindi version also has been prescribed to be used in those schools only where Oraon version is taught. But it appears that the Hindi version of the book "Dilkhora Ganit" is being taught even in those schools where Oraon version is not taught. This is contrary to the standing orders and must be stopped forthwith.

I have to request, therefore, that you will kindly take immediate steps to find out in which schools other than those where Oraon version is taught, the Hindi version of Dilkhora Ganit is being used.

The orders are clear that the Hindi version of 'Dilkhora Ganit' is to be taught only in those schools where the Oraon version is taught. So the Hindi version of 'Dilkhora Ganit' should not be taught in any school where the Oraon version of that book is not taught. Instead of this, Hindi, Urdu and Bengali version of the books 'Sulabh Ankaganit Part I and Part II should be taught in classes II and III respectively in those Zones for which they have been prescribed.

A report on this may kindly be submitted in due course.

Yours faithfully

महाशय,

यह मुझे ज्ञात हुआ है कि सुलभग्रंथगणित १ ला और २ रा भाग श्री गिरिजा पुस्तकालय मछुआटोली पटना—४ द्वारा प्रकाशित जो २रे और ३ रे वर्ग के लिए आप लोगों के जिले के लिए मंजूर है, वह आप लोगों के सम्पूर्ण जिले में पढ़ाया नहीं जाता है। दो पुस्तकें दिलखोरा गणित १ ला और २ रा भाग विजयी भंडार रांची द्वारा उराँव भाषा में पूरे प्रान्त के लिए स्वोक्त है उसी का हिन्दी अनुवाद भी केवल उन्हीं स्कूलों के लिये स्वोक्त है जहाँ कि उराँव भाषा का संस्करण पढ़ाया जाता है, लेकिन यह विदित हुआ है कि दिलखोरा गणित का हिन्दी अनुवाद उस स्कूल में भी पढ़ाया जाता है, जहाँ उराँव भाषा की पढ़ाई नहीं होती है। यह आर्डर के विरुद्ध है और इसे शीघ्रातिशीघ्र रोक देना चाहिये।

मैं अनुरोध करता हूँ कि शीघ्रातिशीघ्र इसका पता लगाया जाय कि उराँव भाषा पढ़ने वाले स्कूलों के अतिरिक्त किन स्कूलों में दिलखोरा गणित के हिन्दी संस्करण की पढ़ाई होती है।

आर्डर एकदम साफ है कि दिलखोरागणित का हिन्दी संस्करण केवल उसी स्कूल में पढ़ाया जायगा जहाँ उराँव भाषा पढ़ायी जाती है और जहाँ उराँव भाषा की पढ़ाई नहीं होती, वहाँ दिलखोरा गणित का हिन्दी संस्करण नहीं पढ़ाया जायगा है। इसके बदले में सुलभ अङ्कगणित I और II हिन्दी, उर्दू और बंगला ही २ रे और ३ रे वर्ग में पढ़ाया जाय जहाँ तक कि इसका 'जोन' है।

कृपया इस बात की सूचना भी मुझे दी जाय।

Sir,

I have the honour most humbly and respectfully beg to state that my daughter Susana Bakhla was a mistress in the Lutheran Middle School Kinkel up to December 1945. After that she was transferred to Bethesda L.P. School Ranchi. While she was a teacher (mistress) at Lutheran Middle School Kinkel, she used to contribute towards Teachers' Provident Fund and the account No. was 47092.

On 8th March she personally applied for the closure of the account which was done and the necessary correspondence had been negotiated with the Accountant General Bihar for the Government contribution which was unaccomplished.

She got married with one Kushal Lakra in the year 1949 and died in St. Barnabas Hospital in 12-1-51. on account of T.B.

I therefore humbly and respectfully beg to request you to be kind enough to make arrangement for the final payment of her Provident Fund Account together with namagers and Government Contribution at a very early date to me and for this act of kindness I shall remain ever thankful to you.

"Sub:- Financial assistance to displaced students studying in primary classes.

I am directed to refer to para 2(b) of the scheme for financial assistance to displaced students and trainees from Pakistan forwarded with this ministry letter No.F.6(18)-RHD/50 dated the 4th July, 1950 and to state that doubt has arisen as to whether the cash grant of Rs 5/- per head per annum could also be given to the deserving displaced students who are covered by the provisions of para 2(e) of the scheme and who are receiving free primary education in accordance with the schemes of free primary education of the various State Govts. The Governments of India desire that the cash grant of Rs 5/- per head per annum should be given to all deserving displaced students studying in primary classes irrespective of whether the cost of their freeships is borne by the State Governments or the Govt. of India.

The cash grant of Rs 5/- mentioned above and the freeships mentioned in para 2(b) of the scheme should, however, be given only to those displaced students who are studying in ordinary type of recognised schools. The displaced students who are receiving ~~and~~ education in expensive and special type of schools are not covered by the scheme and they are therefore not entitled to any assistance.

District Inspector of Schools, Ranchi,

To

The Heads of all Subsidised High Schools, Middle, Basic & Training Schools and Deputy & Sub-Inspectors of Schools in the district of Ranchi.

Ranchi, the 16th July, 1951.

Sir,

The Union Government have been pleased to announce that the period from the 1st July to the 15th August, '51 shall be observed as the Tree Plantation Weeks. It has been decided that special efforts should be made to intensify the activities in Basic schools of all descriptions for planting trees on the school premises in a planned way which may be helpful to the development of a self-sufficient community-life. You will realise that the planting of seedar, sal and bamboo shoots is of special significance as these will in due course provide the requisite raw-materials for wood- and bamboo-work as also for the construction of sheds and shelter which the school and the community need so much. I hope, you are aware of the fact that the cheap bamboo charokhas are going to play an important part in the relief and rehabilitation of the village economy.

In the circumstances, I would suggest the following:-

1. Single-teacher L.P. Schools should plant at least 5 trees, other L.P. Schools at least 10 and U.P. and Junior Basic Schools at least 15 trees and 5 bamboo-shoots.
2. Senior basic, middle, Junior Basic Training, Subsidised High, Post-basic and Basic Training Schools should plant at least 30 trees and 10 bamboo-shoots.
3. Schools having no compound should grow boundary hedges.
4. All concerned should bear in mind that whole-hearted efforts are to be put forth so that the saplings now planted do not die out for want of proper care. The Superintendent of Basic & Social Education and other inspecting officers have definite instructions to supervise the work. I need not stress the point that the efficiency of a school will largely be judged from how it gives affect to this and similar schemes.
5. Besides plantation, every school should make endeavours to create an atmosphere worthy of Van-Mahotsava. To this end, meetings, processions, essay-competitions, dramatic performances, Kavi-sammelans, etc. may be organised. The Sanskrit sammelan in a Basic School may have exclusively a Van-Mahotsava programme in one of its sittings.
6. A report outlining the activities during the period with photographs, if any, should be made through the proper channel, so as to reach me latest by the 31st August, '51 for report to the Director of Public Instruction, Bihar.

Yours faithfully,

It has been reported to Govt. that Xtian Missionaries in the district have been charging tution fee from the stdents in spite of the Primary Education being free in the state. You are requested to report if it is so. Specific cases of fee-collection from the pupils of primary classes should also be reported to me for neccessary action.

You are further requested to give this a wide publicity that schools found contravening this order of the State Govt. will lose recognition with immediate effect.

It is also alleged that some schools realise contributions in lieu of fees. I should like to make it clear once for all that any such collection should not take the form of compulsion which will be interpreted as tantamounting to charging fees and will thus render the schools liable to the for fieture of the departmental recognition.

A reply has to be sent to Govt. very soon and therefore it is necessary that your reply is received immediately. You may discuss the matter with the Sub-Inspector s of schools, such local people as may be considered aseful.

Ranchi, the 12th August, 1950.

Sir,

With reference to your memo no. 3455-J dated 22.7.50 I have to state that I enquired into the matter on 26.7.50 and found that a little extension was made to a building existing from before to provide latrines therein. The building is situated to the south of the Gossner High School building. It is true that the land minus the military building was handed over back to the G.E.L. Church Council. In the light of this fact the extension has been unauthorised if it has been done without permission. The extension has, however, been completed and is small and negligible.

Yours faithfully,

Sd/- S. Thakur.

Dear Sir,

please refer to your No. 1396/1G-1-50 dated the 26th May, 1950 and the true copy of my letter regarding submission of bills in respect of Kinkel and Koronjo schools. According to the true copy it appears that the bills were of Kinkel and Koronjo high schools for the 2nd and 3rd quarters 1948-49. I am afraid I have never submitted any bills for any High Schools. But for Koronjo and Kinkel middle schools bills were submitted on the following dates to the Dy. Inspector of schools in charge of Gumla and Simdega Sub-divisions

Kinkel 2nd Quarter No.792/ dated 21/7/48

Kinkel 3rd ,, No.11135/7G/48 of 11/11/48.

Koronjo 3rd ,, No.11163/7G/48 of 23/11/48.

All the bills were then submitted to Gumla.

I am afraid I could not trace out your letter No. 970 dated 20/4/50 Probably it is not received in my office A copy of the letter may kindly be furnished. Please also refer your No.1266/1G-1-50 in this connection.
