Dear Pastor Ishida,

Thank you for your prompt action regarding myrequest for Pastors' Refresher Course for 1968. In compliance to your letter dated Dec' 14, 1967 regarding the Pastors' Refresher Course, herewith I am submitting the reworked budget.

The request from the LWF is Rs.4,500/- only as given light in your letter as mentioned above. Now, the fooding expense is decreased to Rs.3=50 Ps. (Rupees three and fifty Paise) per head per day instead of Rs.4/-. The total expenditure expected is Rs.8,848=00.

Towards the income head item No.2 "Subscription from Pastors" Rs.2,992=00 will be actually paid by the Anchals through their Ilakas. This time Item No.4 "Registration Fee" is added which was left in previous budget.

About Rs.1,220/- as shown KSS contribution in previous budget is not from the 1968 budget but actually this amount is the balance of the last Refresher Course, which we had this year in the last February. In the reworked budget this amount is shown as balance of last Refresher Course.

I hope the reworked budget will clarify every thing and therefore final sanction of the LWF is solicited.

Wishing a Happy Christmas and Joyous New Year to you.

With regards

Yours Sincerely

(C.B. Aind).

Subject : G.E.L. Church Budget for 1969.

Dear Pastor Ishida,

Drawing your kind attention on the above subject, may I request the following to the DWM/LWF through you. That, since some years the necessity of the presence of the G.M. representative was felt greatly during the budget session of the K.S.S. of the G.E.L Church. This time as Inspector Pastor Seeberg will arrive at Ranchi probably on 2nd February, 1968, the K.S.S. will meet probably from the 6th February, 1968 when 1969 Budget will be taken up. I presume the Budget ~~will~~ for 1969 willbe ready for despatch to Geneva by the end of February,68. Under such circumstances, it will hot be possible for us to send the budget of 1969 before the end of February, 1968. May I request you to arrange such that the DWM/LWF will allow us to do as described above.

I am sorry, that I was absent from India during your visit to Ranchi on 4-11-67. Hope you will excuse me for that.

With brotherly love and Christian greetings.

Yours Sincerely

Subject: Building Programme for the Central in 1967

Dear Brother Aind:

While the Anchals already in the beginning of the year received an amount of each Rps 15.000.--, the Central of the G.E.L. Church has not yet received the contribution for 1967.

In my letter dated 16 Feb. 1967 I mentioned that the G.E.L. Church has still to get Rps 20.000.--.

Today the Treasurer of the Gossner Mission will send this amount to the account of the G.E.L. Church,

Yours sincerely,

Dear Brother Aind:

I am very glad about the good contact between you and us by various letters. I acknowledge receipt of your letter to me dated July 12th, and I gladly agree with you.

Today I write you about another matter, which I still have on my mind, the work of the Board of Evangelism and Literature. I have the consolidated budget estimate for this Board before me, which was concluded in January 1967.

The Gossner Mission is financially participating in these tasks and, as you know, we are especially interested in the development of this work. We are very glad with you, that the Church found a suitable official coworker in Dr. Paul Singh.

The Gossner Mission fulfilled the duties, which it took over, sending till now three instalments of the total amount of 124.411.48 Rps. to the Treasurer of the G.E.L. Church. The biggest part of this amount, namely 104.411,48 Rps., will be transferred by the KSS to the anchals. The amount of 20.000 Rps. is meant for the central work in Ranchi. Also the salary of the director is contained therein, some travelling expenses, and publications. Finally we had there an amount of 500 Rps. for office maintenance and under the rubric "Unforeseen" the total amount of 11.100 Rps. At our meeting in Ranchi we thought, that the director should still get a coworker and a typist because of the importance of his tasks. The salaries for these persons are made available according to the budget.

In the meantime we did neither hear from the director nor from you that such coworkers were engaged. We know, of course, that the Church is careful with new employments in order to avoid new expenses. However, according to our opinion in this sphere of tasks we have no such anxiety. The Gossner Mission declared to be willing to promote the mission work of the G.E.L. Church for an indefinitely long period of time. For this reason the KSS should not be afraid to use the means offered for the mission work.

The anchals will very likely use the amounts listed in the budget. This did not yet happen for the central work. Therefore, dear Brother Aind, I want to encourage you to seek the necessary coworkers for the director and to recommend their employment. I do not send any copies of this letter to the Director of the Board or to any other person, so that you can manage this affair, as you deem it suitable.

With kindest regards, I remain,
Very sincerely yours,

Subject: Foundations of G.E.L. Church Congregations in Hatia,
Your Letters dated June 26th and July 14th.

Dear Brother Aind:

Today we want to write about the problems, pending since years, which you mentioned in your two above cited letters and which concern the preconditions for the foundation of G.E.L. Church congregations, which - finally! - shall be established in the important industry territory of Hatia and shall soon start their services. I really wish your urging and making precise proposals had happened two years ago, when we received a special gift from the Church of Westfalia for this important task. I often thought in a resigning way: the Gossner Church is inert and not really interested in the important task to be timely present with the gospel in the developing and now far advanced industrial district.

Of course, your requests and proposals embarrass us, because we once granted you the acquisition of the important and costly area at Tezpur and then some weeks later at Bokaro. Thus there are more claims in 1967 to the ten-years-building-plan than during the former years, and we will probably give up the hope to start realizing the plans regarding the construction of apartments in the compounds of Purulia and Rajgangpur still in 1967; that means on the second sector of the ten-years-building-plan, which should make investments, we will hardly be able to do anything during this year, and we will have to claim priority for it in 1968.

Thus, dear Brother Aind, the scarce sense of this long introduction is, that we agree with you and will soon send the requested 25.000 Rps. for Hatia. The calculation is clear: you ask for 20.000 Rps. for the purchase of land in Hesag and 16.000 Rps. for the purchase of land in Debadih (36.000 Rps.). As you rightly remarked, the book-keeping department reserved 11.000 Rps. since my last visit in March 1966 and information to Brother Montag about it, so that the calculation reads as follows: 36.000 Rps. less 11.000 Rps. is 25.000 Rps. I hope that you will receive this amount still in August.

The questions, whether or not the respective building plans are favorable for the service of the Gossner Church in Hatia; when and how the construction of congregation centres shall be started, will be decided by the KSS. I suppose, that you will again consult in detail about this with Brother Seeberg on the occasion of his next visit at the beginning of 1968.

I think, that we will suggest to the German churches on the occasion of the jubilee of the Gossner Church in 1969 to give a special contribution for the construction of congregation centres in Hatia and Bokaro.

Subject: Foundations of G.E.L. Church Congregations in Natia,
Your Letters dated June 26th and July 14th.

Of course, your requests and proposals embarrass us, because we once granted you the acquisition of the important and costly area at Tenpna and then some weeks later at Bokaro. Thus there are more claims in 1957 to the ten-years-building-plan than during the former years, and we will probably give up the hope to start realizing the plans regarding the construction of apartments in the compounds of Purulia and Ranchi-Upper still in 1957; that means on the second sector of the ten-years-building-plan, which should make investments, we will hardly be able to do anything during this year, and we will have to claim priority for it in 1958.

Thus, dear Brother Aind, the scarce sense of this long introduction is, that we agree with you and will soon send the requested 25.000 Rps. for Natia. However, the necessary precondition for this is, that the sites will be purchased now as a property of the Gossner Church, before the price of the land will still increase.

We in the Gossner House accompany this letter with our wish and prayer, that the Gossner Church may react promptly in the different spheres of their great tasks, so that opportunities for service given by the Lord may not be missed. Ultimately we are glad, that the President of our dear Gossner Church finally became active in the affair of Hatia.

Betr.: Gemeindegründungen der Gossner Kirche in Hatia
Ihre Briefe vom 26. Juni und 14. Juli

Lieber Bruder Aind!

Wir möchten heute auf die seit Jahren hängenden Probleme zu sprechen kommen, die Ihre beiden obigen Brief ansprechen, und die Voraussetzungen betreffen, daß - endlich, endlich! - Gemeinden der Gossner Kirche im wichtigen Industriegebiet von Hatia gegründet werden und ihren Dienst aufnehmen können. Ich will wahrhaftig so wie Sie jetzt drängen und präzise Vorschläge machen, wäre es schon vor zwei Jahren geschehen, als wir eine spezielle Gabe der Kirche von Westfalen für diese wichtige Aufgabe empfingen. Ich habe oft sehr resigniert gedacht: Die Gossner Kirche ist träge und gar nicht wirklich interessiert an dieser, ihrer bedeutsamen Aufgabe, rechtzeitig in den werdenden und nun schon in seiner Entwicklung weit vorangeschrittenen Industriegebieten mit dem Evangelium präsent zu sein.

Natürlich bringen uns Ihre Bitten und Vorschläge in nicht geringe Verlegenheit, weil wir Ihnen einmal die Erwerbung des wichtigen und kostspieligen Geländes Tizpur und dann einige Wochen später in Bokaro bewilligt haben. So ist der Zehnjahres-Bauplan 1967 so sehr in Anspruch genommen, wie in den letzten Jahren noch kaum, und wir werden wohl die Hoffnung aufgeben müssen, noch in 1967 an die Verwirklichung der Pläne heranzugehen, die den Bau von Wohnungen auf den Compounds von Purulia und Ragjangpur bringen sollten; d. h. auf dem 2. Sektor des Zehnjahres-Bauplanes der Investition vornehmen sollte, werden wir in diesem Jahr kaum etwas tun können und müssen ihm dann 1968 Vordringlichkeit einräumen. Nun also, lieber Bruder Aind, der langen Einleitung knapper Sinn ist der, daß wir Ihnen zustimmen und demnächst die erbetenen 25.000,-- Rps. für Hatia senden werden. Die Rechnung ist klar: Sie erbitten für den Kauf des Landes in Hesag und Debadih 2o.ooo,-- und 16.ooo,-- gleich 36.ooo,-- Rps. Wie Sie richtig bemerken, hat die Buchhaltung seit meinem letzten Besuch im März 1966 und entsprechender Nachweisung an Bruder Montag noch 11.ooo,-- Rps. zurückgestellt, sodaß die Rechnung klar ist, 36.ooo,-- Rps. weniger 11.ooo,-- Rps. gleich 25.ooo,-- Rps.. Ich hoffe, daß dieser Betrag bis Anfang August bei Ihnen sein wird. Die Frage, ob diese jeweiligen Baupläne günstig für den Dienst der Gossner Kirche in Hatia ausgewählt sind; wann und in welcher Weise die Bebauung mit Gemeindezentren begonnen werden kann, unterliegt der Entscheidung des ~~KK~~ KSS. Ich nehme an, daß Sie darüber mit Bruder Seeberg anlässlich seines nächsten Besuches zu Beginn 1968 ausführlich beraten werden. Mein Gedanke ist, daß wir den Deutschen Kirchen, anlässlich des Jubiläums der Gossner Kirche 1969, vorschlagen werden, daß die Errichtung der Gemeindezentren in ~~H-a-t-i~~ Hatia und Bokaro eine besondere Spende zu gewähren. Die unerlässliche Voraussetzung dafür ist freilich, daß jetzt die Bauplätze fest als Eigentum der Gossner Kirche erworben werden, bevor das Land noch teurer wird. Wir im Gossner Haus begleiten diesen Brief mit dem herzlichen Wunsch und dem Gebet, daß die Gossner Kirche auf den verschiedenen Gebieten ihrer großen Aufgaben so zügig und rasch

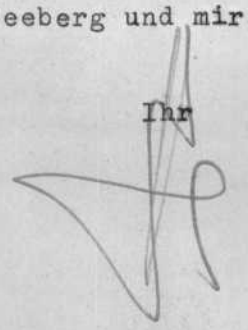

Gossner Mission

reagiert, daß nicht von Gott gegebene Gelegenheiten zum Dienst versäumt werden. So sind wir letztlich froh, daß der Präsident unserer lieben Gossner Kirche in der Angelegenheit von Hatia endlich seinerseits gedrängt hat.

Subject:- Purchase of Land for Hatia Project.

Dear Brother Seeberg,

May I draw your kind attention towards the above subject and say the following.

1. Land at Hesag:- please refer my letter No.305/67/PA-13 dated 26th June'67 where I have mentioned about the same.I am still waiting for the reply of this letter concerning the purchase of this land.

2. Land in Debadih:- This land also come under the Hatia Project. This land is located just near the Northern side of new colony measuring 1 acre 68 decimals.Its cost is settled at Rs.16,000/- (Rupees sixteen thousand).Considering to be a good site in near future,I have agreed to buy this plot.Advance has already been given to the land owner.It will take atleast three months to acquire permission for registration.

3.Small church plot in Harser:- This plot has been visited by you We have nearly about 43 decimals of land there.One small kuchcha chapel is still standing.Step is being taken to release this land from the Waterways division of Hatia Project.There is possibility of getting it back.

In my opinion there should be three corners of big Hatia city from where the Gossner Church can serve its people.These three corners are the places mentioned above under item heads 1-3. In item No.1,as described above the land is available if we can buy with Rs.20,000/-(twenty thousand). Inspite of the good site,I could not dare to advance money for that without having final word from you as requested through my letter as mentioned above in item-1.

I like to hear the opinion of the Gossner Mission about the land in question as mentioned in item 1 after taking steps to buy theland of item No.3.

Through the cash book of KSS. treasury,I come to know that at present there is the amount of Rs.11,000/- for the Hatia project received from Mr.Montag,the then financial adviser.Some time ago it was said in the KSS office either by yourself or by Christian Berg that Rs.30,000/-is available for the purchase of land for Hatia project. Should the Gossner Church expect only Rs.30,000/- or even more than that if you agree to buy plots of both places i.e.at Hesag and at Debadih?

Your early reply is solicited.

With Christian greeting to you and to Director Berg,

Yours Sincerely,

Prarukh Adhyaksh.

My dear Pramukh:

In the absence of Pastor Ishida I want to acknowledge your letter No. 328/67/PA-15, of July 7.

I am afraid that from the point of view of CWM the only possibility is for your church to place the request for Dhanbad on the list again next year. I suppose you have already considered the possibility of referring it to the Gossner Mission since we cannot help in 1968.

Your letter would seem to show that you have not received Mr. Knutson's letter of June 16, regarding the school building at Chainpur, or perhaps you have already answered it. If so we have no copy.

With kind regards.

Sub:-Allotments of Vehicle under "Feed the Children Aid Programme"

Dear Director Geissel,

Your kind attention is drawn towards the above mentioned subjects for your information and generous consideration.

1. That from a reliable source it is learnt that "Feed the Children Aid Programme" with the collaboration of the Evangelical churches in Germany, Calcutta (West Bengal) as its headquarters, is going to be closed from next August'67. It is doubtless to point out the fact that lives of thousands were saved and are being saved by this organisation wherever it extended its helping hands by distributing food stuffs. Though at present no relief scheme is running in the Gossner Evangelical Lutheran churc area, however last year in 1966 its diakonia work was passed spread in some parts of it which was stopped in October 1966. On behalf of all served by this scheme and also on behalf of whole Gossner Evangelical church in India I express the heartfelt gratitude to all Evangelical churches in Germany through you.

2. That you are going to close down the work of "Feed the Children Aid Programm and thereby to stop all your direct relief activities in India with effect from August'67. Under the circumstances I understand that the "Feed the Children Aid Programme" will dispose of all the vehicles now under it and will allot some to individuals or to some organisations either on gift or on nominal price.

3. That Gossner Evangelical Church in Chotanagpur and Assam, Ranchi, India, a second Lutheran church in India, is an autonomous church, at present assisted in its development and uplift schemes by the "Gossner Mission in West Berlin". May I palce before you its dire need of a Zeep and respectfully request you to assist the Gossner church by directing the "Feed the Children Aid Programme" fo allotting one Zeep to its favour either on free gift or on nominal price. Hope, considering this a genuine request, it will be favourably considered.

This short of your kindness will be highly appreciated and I am sure the Gossner church will remain ever thankful to you.

With best regards,

Yours Sincerely

Dear Brother Aind:

Thank you very much for your letter of ~~April~~ June 10th, 1967. We are glad, that Rev. Hemron came to a quick success with the negotiations.

As the prices for real estate in the Bokaro area will probably increase, we shall not lose time. The treasurer of the Gossner Mission has been advised to remit the amount of

Rps. 18.400.--

to the account of the G.E.L. Church. We hope the registration will follow soon. With this the financial possibilities of the Gossner Mission for the building project are nearly exhausted, at least for 1967. Therefore, we ask you to prolong the negotiations for the second plot in Bokaro, if possible, until spring 1968.

We keep in mind, however, that there are still assigned Rps. 20.000.-- for building expenses of the Central Office (see my letter of February 10th, 1967) and for the building of houses in Rajgangpur and Purulia, Rps. 90.000.--. The first amount will be paid by us in due time. The second amount, we hope, will only partly become due in 1967, as the planned activities will probably drag on until 1968.

With brotherly greetings,
Yours sincerely,

Sg

Lieber Bruder Ring

Vielen Dank für Ihren Brief vom 10.6.1967. Wir sind erfreut, dass Rev. HEHRON so rasch mit den Verhandlungen zum Erfolg gekommen ist.

Da die Grundstückspreise in der Bokaro area sehr wahrscheinlich steigen, dürfen wir keine Zeit verlieren. Die Kasse des Gossner Missions hat heute angewiesen worden, den Betrag von

Rps 18 400,-

auf das Konto der G.E.L. Church zu überweisen. Wir hoffen sehr, dass die Registration schnell erfolgen kann.

Die finanziellen Möglichkeiten des Gossner Missions für die Projektplanung im Jahre 1967 sind damit fast erschöpft. Wir bitten Sie, die Verhandlungen für den zweiten Platz in Bokaro möglichst bis zum Frühjahr 1968 zu verlängern.

Es hilft ja nicht, wissen, dass für Besprechungen der Zentrale noch Rps 80 000,- (vgl. mein Brief vom 10.2.67) und für den Häuserbau in Rajgangpur und Purulia Rps 90 000,- (fünf) reserviert sind. Der erste Betrag wird wohl gegen Ende dieses Jahres, der zweite Betrag - so hoffen wir - wohl kaum vor Ende Jahr 1967 fällig werden, und die geplanten Bauten nicht bis in das Jahr 1968 hineinziehen dürfen.

Mit herzlichen Grüßen

Ihr Wischnath

Dear Pramukh Aind:

Re: GELC Subsidy Requests for 1968

It is with pleasure that I write this to inform you of the action which the 1967 meeting of the Commission on World Mission of LWF took at Baden in regard to the requests from Gossner Evangelical Lutheran Church for 1968 subsidies towards its general operating budget:

CWM resolved: That an allocation toward the general operating budget of the GELC be included in the 1968 budget.

The amount approved for this purpose is Rs. 116,917.

Being in the A category of the 1968 DWM/LWF program budget, this amount is assured of a grant on the basis of pledges that DWM will receive. It is advisable, however, for you to let us know well in advance when you require the money in 1968.

As to your requests for capital funds towards two specific projects: the construction of a church at Dhanbad with pastor's quarter and a school building at Chainpur, we were, unfortunately, unable to present them for consideration at the Baden meeting of CWM due to the fact that your letter of April 13th with those requests only reached us in Baden on April 19th, which did not give us, DWM staff, enough time to study and prepare them for presentation. Another matter which added to our difficulty in this connection is that neither of these projects did not seem to accord with your preliminary information on the specific projects in the amount of Rs.22,000, which was found in your letter of February 18th.

For these reasons, I regret to inform you that we have to return back to you the application for funds for the construction of a church at Dhanbad with pastor's quarter, with the suggestion that either you place the request for future consideration of CWM or you look into other possibilities of securing necessary capital funds for this purpose.

Gossner Mission

Gossner Mission

Your request for funds for constructing a school building at Chainpur in the amount of U.S. $ 43,879 will, we have decided, be referred to the CDS/LWF for consideration. By a copy of this letter, I inform this matter to the CDS office, from whom you will be hearing further.

If you have any question in regard to these actions, please let us know.

With kind regards,

Sincerely yours,

Yoshiro Ishida

Dear Pramukh Aind:

I would like, with thanks, to acknowledge receipt of the audited 1966 financial report and the subsidy request for 1968 of the GELC which you sent along with your covering letter dated 18th February (no.15/67).

The audited report is receiving our attention and I will be writing to you in a few days with some comments and questions.

I am pleased to note in your budget for 1968 that the policy of the KSS (July 1966) has been fully kept in mind and that you are making every effort to decrease the amount of subsidy from outside. I should like, however, to raise a few questions on the budget estimate before I proceed to include your subsidy request to the LWF in our agenda for the Commission meeting in April.

1. Discrepancy of the figures: referring to the budget for the Board of Theological Education, I notice that the estimated total expenditure of Rs. 101,659.00, stated in your covering letter, is different from the amount mentioned in the consolidated budget for the same heading (p.4), Rs. 101,959.00. The discrepancy of Rs. 300.00 seems to be due to your omission of the board expense in the statement of your covering letter. In the Board of Theological Education, are you requesting LWF subsidy in the amount of Rs. 35,229.00 or Rs. 35,529.00?

2. GELC contribution: the amount of Rs. 2,000.00, which is listed as a GELC contribution in the budget for Board of Education, should be stated as a government grant.
Your local contribution to the "B" Specific Projects in the amount of Rs. 9,000.00 seems to be far smaller as compared to what you have budgetted for 1967; Rs. 31,200.00. While we wait for your submission of the request for projects, I should like to have your explanation on the local contribution.

Dear Pressure Akha:

I would like, with thanks, to acknowledge receipt of the audited 1966 financial report and the subsidy request for 1968 of the GELC which you sent along with your covering letter dated 18th February (No.15/67).

The audited report is receiving our attention and I will be writing to you in a few days with some comments and questions.

I am pleased to note in your budget for 1968 that the points of the Kuk (July 1966) ban been fully kept in mind and that you are making every effort to decrease the amount of subsidy from outside. I should like, however, to raise a few questions on the budget estimate before I proceed to include your subsidy request to the LWF in our agenda for the Committee meeting in April.

1. Discrepancy of the figures: referring to the budget for the Board of Theological Education, I notice that the estimated total expenditure of Rs. 101,000.00, stated in your covering letter, is different from the amount maintained in the consolidated budget for the same heading (p.4), Rs. 101,950.00. The discrepancy of Rs. 950.00 seems to be due to your omission of the board expense in the statement of your covering letter. For the Board of Theological Education, are you requesting LWF subsidy in the amount of Rs. 75,250.00 or Rs. 75,950.00?

2. GELC contribution: the amount of Rs. 2,000.00, which is listed as a GELC contribution in the budget for Board of Education, should be stated as a government grant.
Your local contribution to the "B" Specific Projects in the amount of Rs. 2,000.00 seems to be far smaller as compared to what you have budgeted for 1967: Rs. 21,200.00. While we wait for your submission of the requests for projects, I should like to have your explanation on the local contribution.

Gossner Mission

3. Theological College: I note that the amount of the requested subsidy from LWF is more than that of 1967. You state that the main reason for this increased request is related to the matter of upgrading the theological college to B.D. level. Could you provide us with more detailed report on this matter and the breakdown of the figure, Rs. 7,500.00 for "additional costs expected for upgrading B.D."? What kind of income is that Rs. 4,000.00 for this item? Is that the income "from other churches"? What are the other churches?

4. Pension Fund: You request Rs. 4,127.00 from LWF toward the Pension Fund for 1968. What is your long-range budget for this fund? Are you not receiving any assistance from the Gossner Mission for 1968? Since this item of subsidy request is, I think, new to the LWF, we need more detailed information on this.

Your immediate attention to these questions would be most appreciated.

With kind regards.

Sincerely yours,

Yoshiro Ishida

Sub.- Building Programme 1965/66.

Dear Sir,

To-day I received a copy of the letter from the Mission Inspector of the Gossner Mission, pastor Seeberg which has been addressed to you on the subject under reference. With reference to the letter I have to attach herewith a report of the Orisa Anchal Treasurer Mr. Hemrom on the money received from the Gossner Mission for building programme. Along with the report of the Treasurer attached herewith I have to mention the following facts for clarification and necessary further information :-

(1) That according to the K.S.Sminutes of 24.3.'66 Orissa Anchal had received Rs.3150.-only and that was through Mr.Montag, the then Financial Advisor of the Church. Accordingly, Orissa Anchal had still to receive Rs.26850.- and not only Rs.26500.- as has been recorded in the minutes mentioned above.

(2)That after 24.3.'66 Orissa has received through K.S.S. Treasurer Rs.13000.- only. Thus the Anchal has received out of Rs.30000.- only Rs. 16150.- and the rest Rs. 13850.- has still to be received for the period 1965-'66.

(3)That the total sum of Rs. 16150.- partly received through Mr.Montag and rest later through K.S.S.Treasury has been spent as follows:-

(i) Rs.2150.- has been paid as part payment for the land purchased at Joldah on the left side of the road going from Rourkela to Amgaon(near Fertiliser Colony).

(ii) Rs.4000.- has been paid to Birmitrapur Congregation for fencing the Compound wall and the work is complete.

(iii) Rs.10000.- With this amount red bricks, sand , and some Cement has already been purchased for constructing compound wall. A small portion has already been constructed.

Rs. 16150/- Total

(4) That the amount of Rs. 15000.- meant for the Year 1967 will also be spent along with the rest of the amount for 1965/66 for completing the Rajgangpur compound wall. The whole compound is a triangular one. The total length of the Compound wall will be 10140 ft. Total cost estimated is Rs. 45,009.62.

With this report may I request to release the rest of the amount due for 1965/66 and pay us also for 1967, because just after my return from the present Pastors' Refresher Class the work of fencing the Rajgangpur comp. will be restarted and will be completed at a stretch. If we shall not do so, the bricks purchased could be stolen by the people from the surroundings.

Yours faithfully,

M Bage

Dear Brother Bage:

Thank you for sending us the revised working budget for 1966 and the letter of September 13 you addressed to me in reference to the budget. We are glad that you have shared the revisdd budget with us as soon as you had worked it out.

Before we give our approval on this I would like to raise a few questions for clarification.

1. I have a difficulty in oomparing the original 1966 budget, which we received in February 1965, and what is stated as "Original Budgetted Expenditure" in the revised budget. The total amount of the expenditures in 1966, of which we had been notified, was Rs. 292,933.68 but now you send us a figure of Rs. 320,784.09. The discrepancy seems to come from the new item of 32. Joint Mission Bd. in the amount of Rs. 64,549.09 in the revised one and an additional amount of Rs. 1,800.00 for the Lutheran Theological College. In the revised one you are ommitting the item of Board of Property (Rs. 38,498.68) which was included in the General Budget of the original budget you sent to us in February 65. We need an explanation on these hhanges of figures.

2. Formerly the local contributions of the GELC were expected to amount at Rs. 89,221,28 apart from Rs. 20,000.00 for specific building projects. In the revised budget we read Rs. 51,430.66 and, besides, we now read the balance carried over from 1965 in the amount of 57,792.67. The balance from the previous year was not stated in the original budget and even if you had included this amount in your churches own contribution the amount of the total income does not coincide with the figure you provided in February 1965.

3. As for the Gossner Mission grants we now have two different figures; Rs. 53,774.00 and Rs. 95,087.31, the latter being the revised figure. Is the revised one the amount to which GMS has finally agreed?

4. In the revised budget is now government subsidy, which was included in the original budget in the amount of Rs. 7,600.00.

Dear Brother Boge:

Thank you for sending us the revised working budget for 1966 and the letter of September 13 you addressed to me in reference to the budget. We are glad that you have shared the revised budget with us as soon as you had worked it out.

Before we give our approval on this I would like to raise a few questions for clarification.

1. I have a difficulty in comparing the original 1966 budget, which we received in February 1965, and what is stated as "Original Budgeted Expenditure" in the revised budget. The total amount of the expenditures in 1966, of which we had been notified, was Rs. 392,932.00 but now you send us a figure of Rs. 350,784.00. The clearepancy seems to come from the new item of 32. Joint Mission 3d, in the amount of Rs. 64,548.00 in the revised one and an additional amount of Rs. 1,800.00 for the Lutheran Theological College. In the revised one you are omitting the item of Rental of Property (Rs. 36,448.00) which was included in the General Budget of the original budget you sent to us in February 65. We need an explanation on these changes of figures.

2. Formerly the local contributions of the GEC were expected to amount at Rs. 89,221.20 apart from Rs. 20,000.00 for specific building projects. In the revised budget we read Rs. 91,430.00 and besides we now read the balance carried over from 1965 in the amount of Rs. 22,752.57. The balance from the previous year was not stated in the original budget and even if you had included this amount in your figures our contribution the amount of the total income does not coincide with the figure you provided in February 1965.

3. As for the Gossner Mission grants we now have two different figures: Rs. 23,774.00 and Rs. 95,096.72, the latter being the revised figure. Is the revised one the amount to which GMS has finally agreed?

4. In the revised budget is now government subsidy, which was included in the original budget in the amount of Rs. 7,800.00.

5. As far as the LWF subsidy is concerned the total amount remains unchanged, but I note that some adjustment of the amounts to various items has been made. Is it correct to assume that apart from Rs.142,338.40 you are expecting Rs. 30,000.00 towards specific building projects to which we have agreed?

I would appreciate your reply to these questions.

Ranchi, the 15th, Sept.'66

Dear Brother Berg,

Please find herewith enclosed a budget proposal worked out for the year 1967 for the Mission Field for which the G.E.L.Church receives financial help from the Gossner Mission Society.

As the budget shows, no provision has been made here for Assam Anchal. This is because Assam is being treated quite separately since last year. On the other hand Udaipur area of the North West Anchal which did not formerly belong to the Joint Mission Board Field has now been included in it.

Because of the revised pay scale the amount required for the same area has increased much. I know how difficult it is to raise money also in Germany for all the works which the Gossner Mission is supporting. Nevertheless, the proposal is being sent to you for consideration. It is good that brother Seeberg is visiting us towards the end of this year. We shall have much to discuss with him and get the matters cleared so that our Joint efforts will smoothly enhance the work done for the glory of the Lord.

With kind regards.

Yours Sincerely,

Subject: Your money letter to LWF / DWM of 17th of June 1966

Dear Brother Bage,

By same mail, I want to reply to your letter sent to Dr. Sovik, as far as we are concerned.

I personally doubt as to whether the Rupee is still in danger after its devaluation now. There may be an increase in price in India which would be very unfortunate for many Million people in your big country. But, the Government of India has to take care that a minimum of food, clothing and housing has to be secured with the present currency. Nevertheless, your decision may be a wise one as to request only such amounts of money which are needed for running costs. I quite understand that you have asked DWM for such a service.

Concerning the Pension Fund granted by the Gossner Mission, starting with DM 20.000,— this year, we think it better to keep this fund here in Berlin and not send it to Geneva. If you want and need money for this purpose, you can always request it from us. At the end of May, we sent you at your request Rs. 10.000,— only , another DM 11.500,— are available to you here and can be sent to India whenever this money is needed urgently. We may act similarly with other funds, so that the finance department of DWM may not be overburdened.

I should be grateful if you informed the KSS about it at its next meeting beginning of July.

Yours Sincerely,

Subject: Financial support for pension fund and church building in Khuntitoli

Dear Mr. Bage,

Although I already sent a letter to the President of the Gossner Church, which was written in German, informing him about two remittances, I like to let you know about it tgoday, too.

At the beginning of June, we have sent:

1. 10.000,-- Rs. as contribution for pension fund
   to the account of G.E.L. Church

2. 10.000,-- Rs. as contribution for church building in Khuntitoli
   to the account of G.E.L! Church.

Please, credit the mentioned amounts accordingly. If you have received more Rupees according to rate of exchange, please credit the surplus amount for church building in Khuntitoli.

Yours Sincerely,

Ranchi, the 17th.June'66.

Dear Dr. Sovik,

You might have already received information that the Indian Government has devalued the Indian rupee by approximately 36 %. One cannot exactly foresee asto what the result of such an action will be. However, we the Officers of G.E.L.C. are feeling a short of insecurity as regards our money which we have with the banks here in India.

Under the cirmstance some of us are thinking to get a certain amount of our Church money now in reserve kept abroad making the D.W.M. / L.W.F. our custodian. We are thinking of the two kinds of accounts, namely our Provident Fund money and also the Pension Fund money. Out of these accounts we want to keep with us only a certain amount which we might need for making payments during the running year and the rest we want to transfer to the account of the D.W.M. As it is not possible to send money from here we think that the amount which we have to receive this year as subsidy for remaining two quarters be kept there in the bank as a fixed deposit for a year to be renewed when it gets matured. We shall then draw the amounts which we have here in the bank as such deposits and take it for operational costs.

The pension fund is quite new. To build up this the Gossner Mission has promised to give to the Gossner Church this year 20000 D.M. Out of this we have asked the Gossner Mission to send 10,000 D.M. only direct to us. This we shall use for making payment during this year. The rest 10,000 D.M. we want to get it sent to Geneva.

This matter will be placed before the K.S.S. in its next session for consideration. In the meanwhile I would like to hear from you whether such arrangement between the G.E.L.C. and DWM/LWF can be made.

Yours Sincerely,

Dear Brother Bage:

You will recall that the GELC had filed the subsidy request to DWM for the operating budget and the building program of the church. It is with pleasure that I inform your church of the action that the Oxford meeting of CWM took with regard to your requests. The following items have been approved for inclusion in the 1967 DWM program budget:

A Budget US$ 32,000 For operating expenses
B+++ Budget US$ 2,200 For building expenses

As you will see, the amount granted is less than what you had requested. For the operating budget the details of the amount granted are as follows:

KSS general	Rps.	51,758.00
Board of Theological Education ..	Rps.	30,571.00
Board of Education	Rps.	10,386.00
Total	Rps.	92,715.00
Board of Evangelism	Rps.	47,746.00
Medical Projects	Rps.	4,800.00
Total	Rps.	52,546.00
Building Projects - Youth Center ..	Rps.	10,000.00

The item in A category is assured of a grant on the basis of pledges already received. The B item has been approved for assistance which will be solicited from the various LWF National Committees, churches, mission agencies and other approved donor agencies. There is no assurance that the fund will become available for it, only our promise to attempt to realize it by raising the necessary funds. The stars on the B project, as you know, indicate priority, three stars being the highest.

As you are aware, DWM can make payment of grants only as it receives funds from its several supporters. In the case of the item in A we expect to receive part of the funds by June 1967 and the remainder by October to

Church Compound,
Ranchi, Bihar,
India.

Dear Brother Bage:

It is with pleasure that I officially inform your church of the action that the Oxford meeting of CWM took with regard to the payment on the building projects of the GELC.

In view of assurance of income CWM has authorized us to make the payment of US$ 6,300 as the building subsidy in 1966, which has been included in our B project list. May we request you, therefore, to provide us with your current building schedule and information about transferring the funds: when and how (the whole sum or a portion as you request) should we make out our check? Upon hearing from you, we shall arrange the remittance.

With best wishes,

Yours sincerely,

Yoshiro Ishida

Subject: Wellesly Square Church - Calcutta
Letters by Rev. Devadas from 16 December 1967

As long as Rev. Devadas was in an acute lawsuit about the church building the Gossner Mission disregarded a comment on principle and supported Rev. Devadas as much as possible in order to secure the continuation of the service in the two Lutheran congregations (Tamulan and Gossner Congregation).

After the decision in favour of the Scottish church the future proceeding should be considered as clearly as possible. The Gossner Mission wants to contribute to that. Although we do not have the judgment in writing and thus cannot analyse it thoroughly, we deem it advisable to give a preliminary comment already today.

I.

We do not know whether or not a revision of the judgment - probably connected with new high law-costs - would be possible and promising. We do not advise it and could not contribute to the costs.

We do not believe that the law-suit winner would drive Rev. Devadas and the congregation out of the church and would prevent the divine service. If the Scottish Church would try to do that, they would have to take the consequences. They would be responsible for the effect of such an ecumenically disgraceful behaviour, which would be an offence for the Christendom before the eyes of the mostly non-Christian population in the biggest city of India.

II.

We deem the Lutheran World Federation, of which the Gossner Church is a member, competent for eventual negotiations with the Scottish Church after the result of the law-suit. The Lutheran World Federation should help the Gossner Church as much as possible.

Gossner Mission

a) A rent for the church could be required from the Scottish Church starting 1 January 1968; the amount of the rent is, of course, unknown. There is no possibility for the Gossner Mission to participate in it; especially as the owner probably will arrange, that the maintenance of the church building has to be done by the Lutheran congregations. These costs will be very high.

b) We do not know, whether or not the Lutheran World Federation still thinks of a possible "Lutheran Centre Calcutta" and therefore is interested in negotiations about the Wellesly Square Church, and we do not interfere. As the lot is small and there is no possibility of any expansion, we doubt, that this idea could be realized there.

III.

We cannot advise the Gossner Church to make any efforts still to acquire the lot and to invest high costs, or to ask the Lutheran World Federation to do it. The reasons are religious:

a) The Scottish cathedral is rather a hindrance than a help for a brotherly congregation life as the Christians of the Gossner Church know and love it. This church is derived from colonial times and still has this spirit and style. The spirit of the Gossner Church is quite different and its congregation in Calcutta would never feel at home there. Certainly, devils can be driven out, and spirits change. However, it will be difficult or impossible to attain such a metamorphose in the Scottish church. One could say now: Dei providentia the law-suit about the church was lost.

b) The Gossner Mission would rather see the high costs of this lot and its church building invested by the Gossner Church and its congregation of Calcutta in a more simple "Congregation Centre" in West Bengal's capital, which is shaken by heavy tensions. Thus it would offer the possibility to become a centre of divine service and deacon service for young, sick, and old people.

The Gossner Mission would be glad to contribute suitably to the financing and establishment of such a centre, as soon as the possibility and the amount of the expenses are known.

Berlin, 27 December 1967

P.S.: I just received the letter from Rev. Ishida of the Lutheran World Federation in Geneva from which I learned that he Rev. Marshall/Edinburgh offered the recommended negotiations (of § 2 of this statement).

Betrifft: Wellesly ~~Road~~ Square Church - Calcutta
Letters bei Rev. Devadas vom 6.12.1967

Solange sich Pastor Devadas im aktiven Rechtsstreit um das Kirchengebäude befand, hat die Gossner Mission von einer grundsätzlichen Stellungnahme abgesehen und Rev. Devadas im Rahmen des möglichen unterstützt, um die Fortsetzung seines Dienstes an den beiden lutherischen Gemeinden (Tamulen- u. Gossnergemeinde) sicherzustellen.

Nachdem jetzt zugunsten der Gossner Kirche das Urteil ergangen ist, sollte so klar wie möglich das zukünftige Vorgehen erwogen werden. Die Gossner Mission möchte gerne ihren Beitrag leisten, obwohl das gerichtliche Urteil uns nicht vorliegt und also ~~eine~~ seine juristische Analyse ~~also~~ fehlt, halten wir es doch für richtig, uns schon heute vorläufig zu äußern.

1.

Ob eine Revision des Urteils möglich und aussichtsreich ist – insbesondere hinsichtlich der damit schon entstandenen Gerichtskosten – entzieht sich unserer Kenntnis. Wir raten von solchem Schritt ab und können uns an den Kosten nicht beteiligen.

Wir glauben uns nicht, daß die Prozeß-Parteien unter Pastor Devadas und die Gemeinden auf dem Gottesdienst vertreten und ihr Gottesdienste entschieden sind. Die Folgen eines solchen Schritts würde die Gossner Kirche zu tragen haben. Sie wäre voll verantwortlich für den ökumenisch katastrophalen Effekt einer solchen Vorgehens, daß damit ein Präzedenz für die Feindschaft vor den Augen der mehrheitlich nichtchristlichen Bevölkerung in der größten Stadt Indiens wäre.

2.

Für etwaige Verhandlungen mit der Gossner Kirche rund dem Prozeß-Ausgang halten wir den Lutherischen Weltbund für geeignet, dessen Hilfsplan die Gossner Kirche ist. Ihr sollten möglichst gute Dienste seitens des Weltbundes angeboten werden.

a) Von der Gossner könnte ab 1. Januar 1968 eine Miete für die Kirche ~~Gehalt~~ gezahlt werden, in welcher Höhe, ist natürlich unbekannt. Die Gossner Mission sieht auch die Möglichkeit sich daran zu beteiligen; aber so prinzipiell, also die finanziellen Möglichkeiten hinsichtlich der baulichen Erhaltung der Kirche in die Überlegung einzubeziehen sind. ~~Dann~~ Diese Kosten werden sowieso fällig.

b.) Ob der Luth. Weltbund auch ins Gedenken an ein Lutherisches Zentrum Calcutta auf die Wellesby Square Church reflektiert und deshalb an Verhandlungen interessiert ist, entzieht sich unserer Kenntnis und wir enthalten uns eines Votums. Die Kleinheit des Gemeindekreises

Protest gegen die Verschleppung von Koreanern

Landesjugendpfarramt Hannover: Notfalls Beziehungen abbrechen

epd Hannover, 21. Dezember 67. Gegen die Verschleppung von Süd-Koreanern aus der Bundesrepublik und ihre Verurteilung in Seoul haben die verantwortlichen Mitarbeiter des hannoverschen Landesjugendpfarramts in gleichlautenden Schreiben an den Bundestag, das Auswärtige Amt und an die Koreanische Botschaft in Bonn protestiert. Ihr Einspruch richtet sich dagegen, "daß alle Prinzipien einer freiheitlichen Demokratie hinter außenpolitischen Motiven zurücktreten müssen, sobald jemand der Zusammenarbeit mit Kommunisten beschuldigt wird".

In ihrem Protestbrief, der auch der niedersächsischen Landesregierung und dem Landesjugendring zugesandt wurde, fordern die Mitarbeiter des Landesjugendpfarramts die Bundesregierung auf, "um der Freiheit der demokratischen Verfassung und um der Menschenrechte willen geeignete Schritte zu unternehmen, um die Rückführung der Koreaner zu erreichen, gegebenenfalls die diplomatischen Beziehungen zu der Republik Süd-Korea abzubrechen und jede Form von Wirtschaftshilfe einzustellen". Die Verschleppung der Süd-Koreaner, die zum Teil schon lange Gastrecht in der Bundesrepublik genossen hätten, und ihre Verurteilung habe gezeigt, "mit welchen Mitteln Menschen zu Objekten politischer Willkür gemacht werden".

In dem von zwölf leitenden Mitarbeitern - an ihrer Spitze Landesjugendpastor Ulrich Renner (Hannover)- unterzeichneten Protestbrief heißt es abschließend: "Es fällt uns schwer, staatsbürgerliche Erziehung und politische Bildung zu betreiben, wenn die Realitäten dem Hohn sprechen." Auf diese Weise werde ein Bild von Freiheit gezeigt, das bei der jungen Generation "nur Opposition und Verdrossenheit gegenüber der Demokratie" hervorrufen könne. "Es ist uns klar, daß mit solchen Mitteln die Auseinandersetzung mit dem Kommunismus nicht geführt werden kann. Unser christlicher Glaube läßt uns gegen diese Unmenschlichkeit und dieses undemokratische Verhalten protestieren."

Religiosität im Spiegel sowjetischer Untersuchungen

Institut für wissenschaftlichen Atheismus: 15 bis 30 Prozent Gläubige

epd München, 21. Dezember 67. Die Zahl der Gläubigen in der Sowjetunion sei unbekannt; sie liege jedoch wesentlich höher, als in den Untersuchungsergebnissen sowjetischer Stellen angegeben wird. Aus der Analyse solcher Ergebnisse gehe weiter hervor, "daß unter den Gläubigen nicht unbedingt Pensionäre und nichtberufstätige Familienmitglieder vorherrschen". Zu diesen Ergebnissen kommt das Münchener "Institut zur Erforschung der UdSSR" in einem jetzt veröffentlichten Überblick über Religion und Atheismus in der Sowjetunion.

Das Münchener Institut stützt sich für diese Feststellungen vor allem auf zwei von der Moskauer Zeitschrift "Nauka i Religija" (Wissenschaft und Religion, Nummer 8/1967) wiedergegebene Vorträge auf der Jubiläumssitzung der Akademie für Gesellschaftswissenschaften beim Zentralkomitee des KPdSU im Mai 1967. In einem Vortrag über "Die Siege der wissenschaftlich-atheistischen Weltanschauung in der UdSSR im Laufe von 50 Jahren" berichtete A. Okulow, Direktor des Instituts für wissenschaftlichen Atheismus der Akademie, über soziologische Untersuchungen, nach denen nicht weniger als 15 Prozent der Stadt- und 30 Prozent der Landbevölkerung erklärt hätten, gläubig zu sein. Nach Okulow heiße das, daß Millionen sowjetischer Bürger in irgendeiner Weise "religiösen Vorurteilen Tribut leisten". Und Dozent H. Baltanow vom gleichen Institut bezifferte den Anteil der Gläubigen für die Stadtbevölkerung von Kasan sogar mit 21 Prozent. Gleichzeitig betonte

er, daß

Gossner Mission

Könnte sie also zweifelsfrei absehen lassen, wie sie [dort] zu entsenden, und eine Aufbewahrungsfähigkeit auf dem Grundstück in Wellesley Square Calcutta nicht gegeben ist.

(3.)

Wir können die Gesamtkosten nicht raten, besonders Aufwendungen jetzt zu unternehmen, bevor wir das Grundstück zu verkaufen und dafür feste Kosten zu übernehmen. Unsere Gründe sind entsprechend geistliche Art:

(oder vom L.W.F. zu übernehmen)

a). Die gottesdienstliche Kathedrale ist eher ein Hindernis als eine Hilfe, [dass] sich ein gemeindliches Gemeindeleben entwickelt, wie es die Gäste der Gottesdienste kennen und lieben. Diese Kirche entspricht der Kolonialen Zeit und atmet deren Geist und Stil. Die Gottesdienste sind von anderem Geist geprägt, und ihre Gemeinde in Calcutta würde sich dort nicht gemeinschaftlich fühlen. Gewiss, Zweifel können ausgeräumt werden und Gäste sich wandeln. Aber es wird schwer, wenn nicht unmöglich sein, diese Voraussetzungen in der Gottesdienste Kirche zu verwirklichen. Zweckmäßigkeit könnte neuen sagen: Dei providentia würde der Prozess um die Kirche verlieren.

b) Die laufenden hohen Kosten für das Grundstück und seine Kirchengebäude lassen die Gottesdienste lieber für die Gottesdienste und deren Gemeinde von Calcutta in einem sehr real öffentlichen „Congregational Center" in der Hauptstadt der von Ihnen so genannten Gottesdienste Westbengalens investiert, das die Möglichkeit bietet, Mittelpunkt der Gottesdienste zum Diakonissen Dienst an jungen, Kranken + alten Menschen zu werden.

Für die Sammlung und Verwaltung eines solchen Instrumentes würde die Gottesdienste Kirche ihren Beitrag aufzubringen leisten, wenn dafür die Möglichkeit und die Höhe der Kosten erhalten sind.

Bischof Scharf besuchte Generalsvikar Adolph

Besprechung von Fragen des Verhältnisses zwischen Kirche und Senat

Das Evangelische Publizistische Zentrum teilt mit:

Im Rahmen der ökumenischen Zusammenarbeit fand am Donnerstagvormittag ein Gespräch zwischen dem Bischof der Evangelischen Kirche in Berlin-Brandenburg, D. Kurt Scharf, und dem Generalvikar der Katholischen Kirche, Walter Adolph, statt. Bischof Scharf hatte Generalvikar Adolph in Erwiderung eines Besuches, den ihm der Generalvikar vor einiger Zeit gemacht hatte, in seinem Dienstsitz aufgesucht. In dem Gespräch wurden Fragen von grundsätzlicher Bedeutung für das Verhältnis zwischen Kirche und Senat erörtert sowie Informationen über den Stand der laufenden Verhandlungen ausgetauscht. Im einzelnen wurden Probleme des Religionsunterrichts, die Stellung konfessionell bestimmter Schulen, die Lage der konfessionellen Krankenhäuser und insbesondere ihre Pflegesätze behandelt. Die Gesprächspartner sehen diesen Gedankenaustausch als christliche und geistliche Aufgabe der Kirche für das Leben unserer Stadt an.

Dear Dr. Berg,

Enclosed please find a copy of my letter to The president G.E.L.Church. As you have already understood the matter I have only to say that I am not at all surprised to hear the judgement. I have never disputed the right of title of the Church of Scotland. What I and my congregation have fought for so far is that this is a place of worship and we claim it as such. It cannot be sold for the purpose as it was done once for a Cinema hall. We fought against such a step and we will continue to fight. We have been worshippers in this Church for decades and we cannot be deprived of this right. Now, that the court has ended the case and the Church of Scotland has no reason to postpone consideration of the proposal for transfer of the property to the Gossner Church, they should be approached to do so. As you understand the matter I do hope that you will do everything under your command to get the Church of Scotland authorities to transfer the property in the name of the G. E. L. Church.

With kind regards and best wishes for the Season,

Yours sincerely,

Dear Sir,

This is to inform you that the judgement on the Ejectment suit has been announced in favour of the Church of Scotland Trust with costs. Now, the Church of Scotland Trust is in a position to transfer the property to the Gossner Evangelical Lutheran Church. In order that the Church of Scotland may not dispose of the property hurriedly to any other party and that in order that our Church may have time to consider the matter, I am taking steps to prefer an appeal against the decree of the court. My congregation cannot agree to the transfer of the property to any other party than the Gossner Evangelical Lutheran Church.

Under the circumstances I request you to kindly take up the matter with Dr. Berg and Pastor Ishida immediatel so that negotiations may be started with the purpose of obtaining transfer of the property in the name of G.E.L. Church.

As you know I have already spent considerable amour of money to protect the property from one who had already started pulling down the Church inorder to convert it into a Cinema hall and then to repair it. The Gossner Mission has also spent through your good office good amount of maney. Th time is now ripe for steps can be taken to move the Church of Scotland to act upon the promise they made to Rev. Ishida. Kindly do the needful and oblige.

With kind regards,

Yours sincerely,

We have only challenged their right to sell it when we have been worshipping ~~there~~ there. We will continue to worship in this Church at all cost. The Church of Scotland cannot sell the property to any one other than the G.E.L.Church through L.W.F.

You have negotiated with the Church of Scotland with considerable success and I have full faith that you will succeed in every effort for the glory of our Lord Jesus Christ.

We shall never allow the place of worship to go for Cinema. We shall fight to the uttermost that the Church may remain a Church. I am sure you are aware of the Indian sentiment, once a place has been a place of worship it must remain so. I hape you will visit us ~~at~~ at your next stay in India and will preach in our Church.

Subject: Wellesly Square Church - your letter of 19th July - Ref. No. 551/66

Dear Brother Bage,

I herewith like to acknowledge receipt of your copy of a letter sent to Rev. Devadas of 19th July 1966. I like to tell you the following after I also talked the matter over again with Brother Montag during his short stay at Stuttgart yesterday.

1. The destiny of Wellesly Square Church now depends on the judgement of the court. As long as no decision has been reached by the Judges in this case now pending for quite a long time, I think that nobody can take any measures.

2. After judgement has been given, LWF and GELC have to come to an agreement as to whether LWF would be ready to establish a Lutheran Centre at Wellesly Square or not. On the other hand, GELC has to state whether she would be willing to allow LWF to put up a bigger Centre there, for it would be the GELC to which the property would belong after the court passed a positive decision and according to the statement of Pastor Devadas.

3. Consequently, clear financial and personnel plans could be worked out at the Headquarter in Geneva in accordance with the GELC in Ranchi.

4. One of the most urgent tasks would, then, be the repair of the Church. It would be good if a detailed estimate were put up on the costs of the repair in the meantime, though a final decision has not been reached by the court. For I think that a sum of Rs. 5000,-- is just nothing in this connection. In short: It would be good to have exact plans and estimates on it, but the real work of repairing the roof etc. has to wait until a final judgement has been given by the court.

5. After the matter has been settled finally, - we do not want to forget telling you this - the Gossner Mission would be ready to make a contribution to the costs of the repair of the Church, which would, then, be the property of the Gossner Church / Ranchi.

I do hope that you as well as Pastor Devadas will understand our point of view.

Sub:- Rennovation of Wellesly Square Church.

Dear Brother Devadas,

With reference to your letter of July 9, 1966 showing the estimate of amount needed for the rennovation of Wellesley Square Church in Calcutta, I have to state that I do feel the urgency for the repair of the above mentioned Church, particularly the need for stopping the leackage of water through the middle at the top because this puts the building in immediate danger. On the other hand I have to tell you that the K.S.S. has no fund which could be immediately touched for the above mentioned purpose. The Planning Commission Money has already been alloted for different works in the Anchals. The only way to try to find out the necessary amount for the above mentioned repair is to request the Gossner Mission, but we cannot know definitely asto whether they would give us some money for this immediately and if they give what the amount will be like.

Under the circumstance I advice that you calculate on a sum of Rs. 5000/- to be primarily spent for taking up the most urgent work. This amount you try to find out from some sources and please also keep the detail account of its expenditure. In the mean while I am writing to Dr. Berg stating in detail about the condition of the Wellesley Square Church.

With kind regards.

Dear Dr. Berg,

Enclosed please find copy of letter sent to Dr. Bage regarding Wellesley Square Church. The position at the moment is that no judgement has been given in the case now pending for Judges decision. This makes it very difficult for the LWF to continue its negotiations with the Church of Scotland, as you know we discussed this point during your stay in Calcutta and it was decided then that we have no other alternative but to await such judgement. However there are some essential repairs which must be made to the roof of Wellesley Square Church, and if these are not undertaken very shortly the Church can become dangerous for people to worship in, in that case the West Bengal State Government may even decide to confiscate the property and declare it unsafe.

You will see from the letter to Dr. Bage that it is my opinion that the GEL Church must accept more responsibility for the Church in Wellesley Square if they are going to consider themselves responsible for the property there, after all the LWF have been pressing me to ask Pastor Devadoss to sign the declaration as a commissioner of oath relinquishing all his rights to the property of the Church in Wellesley Square in the favour of the GEL Church. It is further my opinion that an official application

./.

should be made by the GEL Church to either the LWF or Gossner Mssion for any funds required to do any temporary maintenance.

Please note that the paragraph in the letter to Dr. Bage concerning an appeal in the case of Pastor Devadoss versus the Church of Scotland has nothing at all to do with the case now awaiting the decision of the High Court Judge.

Dear Dr. Bage,

Pastor Devadoss visited me in my office this morning and showed me a letter from his Solicitors asking for an advance of Rs. 500.- so that an appeal can be made in the case of Devadoss versus Church of Scotland. Pastor Devadoss also asked me for an advance of money to enable him to make some temporary repairs on the roof of the Church in Wellesley Square which is apparently leaking very badly.

It is my opinion that such requests from Pastor Devadoss should not come to me here in Calcutta, but should go directly to the GEL Church in Ranchi who should take the necessary action if they so desired to pass such requests to the LWF in Geneva. There is also a possibility of providing Pastor Devadoss some money from the planning commission funds for the repair to the roof. In such cases the GEL Church could possibly make an application to Dr. Berg in Berlin who may be able to take such moneys from the second part of the 10 year plan.

May I suggest that you get in touch with Pastor Devadoss as soon as possible and clear up these points with him.

Kind greetings.

Lieber Bruder Montag !

Betr.: Wellesley Square Church, Calcutta

Herzlichen Dank für Ihre beiden Briefe vom 14. Februar 1966.

Was soll ich zu dem ganzen Briefwechsel sagen ? ! Auch ich bin erstaunt, daß LWF mich nicht gleich durch Kopie von seinem Standpunkt unterrichtet hat und Sie es erst tun mußten. Es ist gut, daß Sie es taten und auch monierten. Ich billige Ihr Schreiben nach Genf hin in jeder Weise:

a) Daß Sie Rev. Devadas nicht ohne ein Wort persönlicher, brüderlicher Verteidigung und Inschutznahme ließen, wie immer Genf in den bevorstehenden Verhandlungen mit den Schotten sich zu ihm stellen mag,

b) Daß Sie aber Ihr Votum nicht so dezidiert abgaben, daß es die beabsichtigten Bemühungen von LWF in Edinburgh stört.

Nun wird in dem ganzen Drama, das es wirklich geworden ist, wohl erst ein neuer Akt aufgeblättert, wenn der court in Kalkutta - so oder so - seine Entscheidung gefällt haben wird. Sie werden mich sicher schnellstens über das Ergebnis orientieren. Schön jedenfalls ist, daß wir dem wackeren Streiter an der Wellesley Road unsere Verbundenheit durch die finanzielle Beihilfe bekundet haben.

Dear Dr. Berg,

Enclosed please find copies of a letter received from Pastor Ishida, Lutheran World Federation, together with my answer to that letter.

I do not know why a copy of the L.W.F. letter was not sent to Berlin, but I think that my comments at the end of my reply have pointed this fact out.

Yours sincerely,

Robert Montag.

For the attention of Revd. Y. Ishida.

Dear Pastor Ishida,

Subject: Wellesley Square Church, Calcutta.

I have received your confidential letter dated 25th January 1966, and will make the following comments on the three paragraphs contained in this letter:-

1. At this stage I cannot possibly see how you can give an assurance to the Church of Scotland that Pastor Devadas will not"enter the scene". He is already very much a part of this scene by virtue of the fact that at the time of writing your letter the Church of Scotland were still conducting a Court case against him. With regards to the assurance about the charácter of the Christian body which will in future run the property, I think that the Gossner Church, together with the F.E.L.C.I. should be a good enough assurance that they are capable of running a Christian church.

2. Although at present day market standards, Rs2.5 lakhs for such a property can be considered reasonable, and I do not think it would be a mistake on the part of the L.W.F. to negotiate on this basis, my own private and personal opinion is it shows very little Christian spirit from Church to Church.

3. I cannot agree with you more that the future status and work of Pastor Devadas will become the problem of the G.E.L. Church should your negotiations bear fruit. You have quite rightly gained the impression that my sympathies lie with Pastor Devadas, my attempts of defence, however, is not directed to Pastor Devadas, but to the principles which he is following. The fact that the relationship between the Church of Scotland and Pastor Devadas is bad, does not sway my opinion to put the blame for this bad relationship solely on the Pastor. However, no good purpose will be served in clearing up this matter if you were to take any such attitude in your negotiations with the Church of Scotland, therefore I agree with your remarks that the whole matter be left in your hands on this subject.

February 12th, 1966.

It is my duty to point out to you that the Court case in Calcutta came to a close at the end of this week, I have not yet had the result and neither will I expect to have it for at least two to three weeks, which is the calculated time that the Judge is expected to take to give his verdict, there is every possibility that Pastor Devadas can win this case in as much as the verdict can be that he be proclaimed a sitting tenant in the church and be allowed to conduct worship for his congregation there. I do not know how far such a situation would affect your negotiations with the Church of Scotland, to me such a verdict, if it should come, would put a different light on the amount demanded by the Church of Scotland for the sale of the property. I am sending a copy of your letter and this letter to Dr. Berg, Gossner Mission, Berlin, you are aware that he is intensely interested in this case.

We are still without news as to the sex of the addition to the Ishida family! It would be very nice to hear from you on this point. In the meantime may I take this opportunity of congratulating you and your wife for the new additionato the family.

With best wishes and Christian greetings.

Sincerely yours.

CONFIDENTIAL.

Mr.R.Montag, Financial Advisor,
Gossner Evangelical Lutheran Church,
Ranchi, Bihar. India.

Dear Mr. Montag,

I know you have been waiting for a word from me about our negotiations with regard to the Wellesley Square property in Calcutta. After I returned from my trip at the end of last year I immediately arranged an appointment with Dr. King of the Church of Scotland. I went on January 17th to Edinburgh to pay him a visit, and we talked at length about the matter of the property. He felt very strongly about the case, and told me how the Church of Scotland had been viewing the attitude of Mr. Devadas. He stressed, however, that the Church of Scotland was eager to bring this long-debated matter to an end.

I write today to share the conclusions of our first conversation. I can put these in three points:

1. After their experience with Mr. Devadas, the Church of Scotland will want some assurance from us concerning the character of the Christian body which will in the future own the property and administer the work there. I think this point will be the foundation for our future negotiations because, as you can imagine, if Mr. Devadas enters the scene we cannot proceed in settling the matter.

2. The Church of Scotland is willing to sell the property to us Lutherans at a reasonable price. Unofficially Dr. King intimated that the cost would be around 2.5 lac (rs) This amount will be, of course, subject to our future negotiation.

3. The Church of Scotland is naturally very much concerned with the future status and work of Mr.Devadas, due to their unfortunate relationship with him for the

last decade. This I think is now the concern of the G.E.L.C. because he is a member of the Church's ministerium.

Dr. Bage has given us a letter asking that we negotiate on behalf of the G.E.L.C. with the Church of Scotland for a settlement of this matter. We can therefore assure the Church of Scotland that the ownership and responsibility will be with the G.E.L.C. Furthermore, we can add that in the future, the Lutherans are hoping to build a Church center at that place.

As to the amount of money that the Church of Scotland might demand, it seems to me to be a little high, although the commercial price for the property will be enormous. I think we have to be ready to pay this amount somehow.

As for the third point, I know you are eager to defend him, but for the sake of settling the case you have to realise that simply defending Devadas does not solve the case. The relationship between the Church of Scotland and Mr. Devadas has been very bad, and you cannot change the picture in one day. If Mr. Devadas continues to enter the scene, I am afraid our negotiations with the Church of Scotland will not make any progress. Dr. King also agrees with us that we should stop the court case as soon as possible, and we will try our best to do this. May I therefore suggest that you now leave this whole matter with us to talk to the Head Office of the Church of Scotland in Edinburgh, the result of which will, I am sure, stop the case. At this stage I cannot provide you with any further information, but you will be hearing from us about the developments of our conversations.

With best wishes,

Yours sincerely,
sgd. Yoshiro Ishida.

drawsheets, towelling etc., they make material for school uniform and pyjamas. They came First in November 1966 in an "All India Craft Exhibition" and were awarded First Class Certificates for their weaving and cane work. There is also a great demand for staple and cotton mats made by the blind folk. In the cane section we make and sell cane chairs, tables, baskets and morhas. The knitting section make cardigans, pullovers etc and there are embroidered towels and bags also are made for sale.

Please do come and see for yourself what the blind folk can do.

Visitors are always welcome during school hours and orders are much appreciated.

We are anxious to expand and develop this school, and to increase the intake of blind students and full-time blind workers. We have many projects in view, but our most urgent needs are a double storey building to accommodate all the Industrial section and a show room and storeroom with an entrance from the main road. But in order to carry out our various schemes we need financial help. **Most Blind students come from very poor homes and some are orphans.** They are handicapped in many ways, we too, are handicapped in not having sufficient funds to help more blind children to exchange a life of helplessness for one of useful activity.

Will you please therefore help us to help the blind ?

All donations will be gratefully received and acknowledged.

Cheques etc. should be made payable to "St. Michael's School for the Blind" and all correspondence should be addressed to the Superintendent, St. Michael's School for the Blind, P. O. Box 1, Ranchi 1, Bihar/India.

Dear Sirm

It was indeed a great pleasure to have met you the other day and I am more than grateful to you for taking the trouble to come over to the blind school and to have given me an opportunity of explaining the various projects we have in mind in order to improve, expand abd develope our work amongst the blind here in Ranchi.

I am sure you will agree that there is a great need for such an institution as ours and if only we can carry out the various projects, we could then accept more blind children to earn their own livelihood, be independent and be worthy citizens of their country.

Please find enclosed a copy of what was intended to be written on the application form as per your request.

Trusting you have had a talk with Schwerk of Fudi and will look forward to meeting you both in the near future.

Many, many thanks for your very kind help and advice.

Sub. Particulars and details of the above School for the Blind.

The following has been submitted for your information.

1. St. Michael's School for the Blind,
Post Box. No.1.
Ranchi.1.
Bihar.

2. The Right Rev. S.A.B.D.Hans B.A. Dip.Ed.D.D. is the Chairman of the School Managing Committee. Mr.T.Laver, is the Superintendent and Secretary. The school is ma/naged by the Diocesan of Chota Nagpur, and therefore is a Mission School.

3. This school was established in 1898. It was founded for the purpose of educating and the training of Blind boys and girls of school age. There is also an Industrial Section where we have a number of adult blind people learning weaving, cane work, knitting and embroidery (Please find enclosed a recent leaflet giving you more detailed information about the school)

4. The children are educated up to standard 7 and then appear for the public entrance examination and if successful they attend our ordinary sighted secondary school, otherwise they continue to become more proficient in craft work, as mentioned above.

5. The school is officially recognised by the Government It is open to blind students of school age of any caste or Creed.

6. The fees are normally Rps.25 per month for hostel only, and there is officially no school fees. We do have a number of orphans, and desperately poor children, who cannot afford to pay hostel charges.

7. There are 23 boys and 21 girls, making a total of 44 now in the school. With extra building our total intake should be at least 84. In the Industrial Section there are 32 people.

8. Accommodation is at present insufficient.

9. Special features - We have a music master, who teaches music to the blind students each week. We have a number of outdoor play ground equipment. We have a good braille library, and are very found of playing football. You will be interested to learn that in November last year the school entered the All India Handicrafts Exhibition and came first, and were awarded First Class Certificates.

Application for assistance from Brot Fur Die Welt.

1. Industrial buildings, office, showroom and storeroom, staff quarters, extension to Female quarters, and a small house for the night guard.

2. The proposed projects will be built on the school compound, at Ranchi, Bihar, which is in the heart of the Aboriginal Tribal Area. (These tribals are backward economically and educationally and Bihar is a declared famine stricken state.

3. The Bihar state of India.

4. This application is being submitted by the Rt.Rev.S.A.D.B.Hans, Bishop of Chota Nagpur, Bishop's Ledge, P.O.Box.1 Ranchi 1. Bihar, India, on behalf of the Diocesan Council of ChotaNagpur. The Proposed projects and plans have been approved by the School M. Managing Committee, the Diocesan Education Board and the Standing Committee of the Diocesan Council.

5. The Bishop of Chota Nagpur as mentioned above is the legal representative of the Diocese of Chota Nagpur.

6. Sponsored by the Church of India under the leadership of the Bishop of Chota Nagpur.

7. To erect a double storey building to accommodate the whole of our Industrial section which consists of weaving, cane work, knitting, mat-making and embroidery work which at present is situated in different parts of the school compound, and therefore not easy to supervise. Further, we wish to expand and develope this work amongst the blind and this proposed project would enable us to have more hand looms than we have at present.

   Reasons for wishing to expand.

   1. There are great numbers of blind people in the town, and we would then be ina position to accept more of them in the Industrial Section. which would make more blind people independent and self supporting by earning their own livelihoo
   2. A special point is that Ranchi town is increasing its population rapidly, and at present it has more than 200,000 inhabitants.
   3. St. Michael's School is the only Christian Institution that trains the blind in the area.
   4. There is a great demand for the articles made by the Blind, at present we receive more orders than we can cope with. Our weaving and cane section came first in an "All India Exhibition" and were awarded First Class Certificates.

   This building would be a permanent and pucca building, size to be 134 feet and 6 inches in length which includes the stair hall 31½ ft in width including the front varanda. The ground floor would be one main hall to accommodate our present thirteen looms and would hold an extra seven hand looms. The upper storey would consist of four rooms, one room for cane work, a storeroom for cane, one room for knitting and the storage of knitted goods, one for mat making and embroidery. The materials for this building can be obtained locally.

   No new personel would be required as there is already a complete staff to cope but it would be greatly appreciated if we could obtain the services of the Lutheran architect Mr.Schwerck of G.E.L. Church, Fudi, Dt. Ranchi, Director of the Technical Training Centre to give advise.

   Please find attached more details relating to this project.

8. Cost to be Rp.1,77,608/- Please find attached details of estimate.

Gossner Mission

Gossner Mission

a. This estimate covers the total expenditure of erecting a double storey building to accommodate the whole of our industrial section which is necessary in order to expand our work amongst the blind people.

b.

c. If project is sanctioned the financial aid to be received could be paid direct to the Bishop or the Diocesan Treasurer of the Diocese of Chota Nagpur

d. There would be no operating costs.

e. As above.

f. We are in great need of a showroom in which to display the articles made by the blind, a storeroom in which to keep the articles and an office, this building would be erected near the main entrance which has only recently been opened.

This project will cost Rps.38,000. At present whatever donations we receive is being put aside for this purpose.

In view of this, it would be greatly appreciated if "Brot fur die Welt" would kindly donate sufficient finance to meet the whole cost of the project now being submitted.

or, we would be grateful if "Brot die Welt" could furnish sufficient funds to build the showroom, storeroom and office, the money now being saved would then be devoted to the first project, the erecting of a double storey building.

or with thatever contribution "Brot fur die Welt' likes to make, would form the beginning of a fund for the purpose of erecting a double storey building as previously mentioned.

With reference to project No.2, this would mean that the present office which is also used as a storeroom, would become an assembly room for the whole school which is greatly needed.

9. We would like to start on either of these projects as soon as the necessary finance can be found. Both projects are urgent, as it will be impossible to expand or develope our work amongst the blind until they are darried out.

A.B. and C depend on raising the necessary finance, once this has been established, then the work will be commenced immediately.

10.

11. Oxfam have been approached, but they are willing to help with other projects of the Institution.

12. Attached herewith please find fuller details as to the major project and its advantages for the expanding and developing of our work amongst the blind.

22. PROPOSED NEW BUILDING

Gossner Mission

St. Michael's School for the Blind, Ranchi.

Industrial Section

1967 proposed new project of erecting a two story building to house the entire industrial section of our school which consists of weaving, caning and embroidry, also knitting.

Present

We have 13 looms for weaving, these looms are situated some distance apart in two seperate buildings, (See plan Nos. 1 and 12). These are small and at present overcrowded, and not very suitable .
Further, it is very difficult for the weaving master to have everything under his direct control and supervision.
The caning section occupies two buildings (see plan Nos. 20 and 11). Again these building are far from being suitable and being so small the students find it difficult to do their work, as all the cane is also stored in the same building No.11.
The cane master also finds great difficulty in being able to control and supervise this work which is in seperate buildings and quite a distance apart.
The present knitting section is held in the girls' dormitory owing to lack of suitable accommodation.

Proposed new building

1. The proposed new building would be 123'8" in length and 31'6" in width.
2. It would consist of two story's.
   a. The ground floor would be like one big hall covering the entire length of the building.
   b. This weaving hall would accommodate our 13 looms which vary in sizes.
   c. It would also accommodate an extra 7 looms, making a total in all of 20 looms.
   d. This would mean we would be in a position to accept seven extra blind people in this section.
   e. Also rather important is the fact that all the weaving could be under the direct control and supervision of the weaving master who would be in a much better position to see at a glance the work under his control.
   f. We would be in a position to employ a few extra blind people to be full time spinners.
   g. At present there is quite a demand, and if this new project comes into being,it would mean more blind people being able to earn their living.
   h. There would be no difficulty in finding a market for our produce.
3. The first floor above the weaving hall would consist of fourx rooms as shown on the plan , they would be as follows:-
   a. One room for the actual storage of cane.
   b. Another room would be for the actual cane work.
   c. The third room would be for the storage of the finished articles.
      At present my spare bedroom is being used for this purpose , and rather difficult whenever I have a guest.
   d. The fourth room would be for knitting and embroidry, the same room would also store completed articles, room for built in cupboards to keep wool etc which are at present kept at great inconvenience in the office.
      At present such knitting is being done in the girl's dormitory which is not very satisfactory.
4. The verandah on the ground floor would be used for spinning and on the first floor the actual school students would be tought their cane work on this verandah which would be more satisfactory.

Gossner Mission

St. Michael's School for the Blind. Ranchi

Summary of benefits derived if the projects are acceptable

First I would like to mention that the projects and plans now being submitted have been officially approved of by the Managing Committee of the school, and by the Education Board and Standing Committee of the Diocese of Chotanagpur.
Should these proposed new buildings be erected, it would mean:-

I. 7 extra new looms could be installed.
2. Therefore more blind people could be accepted and be in a position to earn their own living.
3. Also extra blind people could be employed as full time spinners, at present only school children are doing the spinning.
4. The weaving section now being in one building, the weavingmaster would be able to personally supervise and control the work being done by the blind. At present, it is possible for a blind person to make a mistake, and the weaving master being some distance away in another building and not being in a position to supervise and correct the mistake, the blind person would naturally continue to make without the necessary correction the same mistake.
5. The room now being used in the main building No I would revert to what it was orginally intended, ie a classroom, and as I am planning to extend and increase the number of blind students in this school, extra classrooms would be necessary . At present some of the classrooms, or rather, what should be classrooms are now being used for weaving or cane work, and also some of the classes are combined which is very unsatisfactory and we are most anxious to have the classes seperated, each having its own classroom, whereas now dormitories are being used as classrooms also the Hostel verandahs.
6. Room No I2 on the plan where there are five looms being operated. Theselooms would now be housed in the new building to be erected, thus this No I2 building would become vacant.
At present some of the male cane workers are living in the boys dormitories which in itself is not only unsatisfactory but also undesirable especially as some of the cane workers are teenagers and elderly people. This building could be repaired and made decent, and so such people as mentioned in the para above could be accommodated in this building, thus making more room in the dormitory for new students whom we hope to accept and would certainly be more satisfactory.
7. Building No II would also become vacant when the caning section is transferred to the newly proposed building.
This building also would become vacant and if repaired the present bachelor staff now occupying building No I0 on the plan on the plan should be accommodated in building No I1.
8. At present the Hostel Warden and his wife are occupying the centre room of the main boys dormitory as shown on the plan. Building No I6 now being vacant, after being repaired etc could be occupied by the Warden and his wife and would still be within easy reach of the students should anything happen to the students in the night and would still be in a position to supervise the Hostel and control the students.
9. The open cane shed No 20 on the plan, when the new building is erected could be made into a suitable place where parents or Guardians would be permitted to interview and meet their children or wards, and with suitable seating accodation the students also could use as a small recreation centre for talking or reading. At present they have no such place for them to sit or talk, read or where parents or guadians can meet their children except on the dormitory verandah.

By reading the above it will be quite clear how important it is to erect the proposed new buildings in order to expand and develope our work amongst the blind and the immense advantages that would be gained all round if the proposed building is erected. We hope and pray that the necessary finance will be found for this proposed new project.

The S.P.G. Blind School,
Anglican Compound,
RANCHI.

Dear Friends,

It was a very great pleasure for me to visit your Blind School on Sunday, March 20, and see the very important work you are doing amongst the blind people of Chotanagpur. I also took note that amongst these people are members of the GEL Church.

It is a privilege for me to carry out my promise and contribute a one-time gift to the value of approximately Rs. 2,000.00, Mr. Montag will pay to you on my instructions Rs. 1,000.00 in cash, and will send a typewriter for the use of the blind people, which is valued at approximately Rs. 1,000.00. For the future I will bear in mind any assistance which I can possibly give.

I would like to take this opportunity of wishing Miss Leslie God's blessings in the continuation of the wonderful work done by Mr. Messer, I hope she will find great satisfaction in her work amongst the blind people.

Sincerely Yours,

Dr. C. Berg

Notes on Development and expansion of the St.Michael's School for the Blind, Ranchi.

---

1. Necessity for expansion of present buildings.

The School has at present sixty blind people of all ages - and these blind folk are divided up as follows:

(a)	Students reading up to 7th class	29
(b)	Students " in St.Paul's High School, Ranchi for Matric.	1
(c)	Craft training	30

School Section - there are 7 classes, i.e. K.G. upwards to 7th standard, although the School is recognised by Government only up to 5th standard.

There are only two classrooms, and the other classes are held in the hostels, or wherever suitable, therefore another five classrooms should be considered as a necessity.

"A" An appendix is attached, and from this you will see the present layout of the main block, and it is suggested that by rearranging the rooms, we need only build three classrooms.

Craft Section. - We are have present five sections under the heading of 'Industrial work'

(1) Knitting.
(2) Embroidery.
(3) Tailoring
(4) Cane work.
(5) Weaving.

Nos. 4, cane work, and 5 weaving, are our largest industries, and there is a necessity to expand these to cope with demand. The cane section is without any specal section, and the cane workers are doing their work in the open, in all weathers.

"B" Attached also is a plan to build a section for cane and weaving, and this can be done economically at Rs (appendix B)

---

2. Necessity for Development.

i. To develope the present Blind School, it has been suggested that sighted students from the 4th class to the 7th class inclusive, be considered, in classes of 20 sighted children, and a maximum of 10 blind students, who would be boarders in the present hostels.

ii. Classes 1 to 3 inclusive should be for blind students only, - this being the time when a firm grounding in braille reading, writing and arithmetic is given and should be mastered by the child.

iii. Staff: We teaching staff at present employed here are able, and qualified to teach both sighted and blind students. We have four teachers and another in training.
Our requirements would be - two more teachers fully trained if sighted/blind pupils were integrated.

iv Staff quarters. At present the staff accommodation is very poor, and almost non-existent - the hostel master has a room on the end of the hostel block, for he and his wife. Therefore to take on more staff, we would need quarters for some of them to become resident. A modern block of flats should be considered, and would consist of four flats in a block - at present day rates this block of four would cost about Rs80,000. (See apendix C)

Gossner Mission

3. Teacher Training.

The present Teacher Training Colleges for Men and Women in Ranchi, are willing to incorporate the syllabus for teaching training set out for the blind, into their present syllabus.

The incorporation of this teacher training scheme for the blind, would mean that Ranchi would be a pilot project for the area to show that integrated education was possible.

If the xxxxxx aforementioned scheme for integration were to be put into operation, then possibly in time the character of the present Blind School would alter,. The present set up were slowly change into more of an industrial training-cum-workshop for the blind, rehabilitating blind people of all ages to become useful citizens. This of course, is something that will take a very long time, possibly 20 years, by which time the capital invested would begin to show results.

Important

Even if the integrated scheme were not acceptable, or practicable there would still be a very urgent need for classrooms and quarters etc. as at present it can be seen that there is insufficient room for classes etc.

NB. At the last census of school-going age children in the area, there was an approximate number of 1,000 blind children, we can only take in 70 of these children as boarders here in Ranchi.

Gossner Mission

3. Teacher training.

The present Teacher Training College for men and women in Ranchi are willing to incorporate the syllabus for teaching the blind, for the blind, into their present syllabus.

The incorporation of this teacher training scheme for the blind, would mean that Ranchi would be a pilot project for the area to show that integrated education was possible.

If this xxxxxx aforementioned scheme for integration were to be put into operation, then possibly in time the character of the present Blind School would alter. The present set up was simply change into modern industrial training-cum-workshop for the blind, probably letting blind people of all ages to become useful citizens. This is of course, is something that will take a very long time, probably 20 years, by which time the capital invested would begin to show results.

Important

Even if this integrated scheme were not acceptable, or practicable there would still be a very urgent need for classrooms and quarters etc. as at present it can be seen that there is insufficient room or classes etc.

N.B. At the last census of school-going age children in the area, there was an approximate number of 1,000 blind children, we can only take in 70 of these children as boarders here in Ranchi.

Subject: CDS P 16 - Bethesda Girls' Middle School

Dear President Aind,

Thank you very much for your letter Nr. 57/67/PA-85, together with the questionnaire and a drawing, which reached us on November 23, 1967.

We have been looking th-rough the material, but still do not have a clear picture of your needs and plans.

There is the Bethesda Middle School. We understand that it was founded by the Gossner Mission (when?), and has been operating as a lower primary school until ? , when it was upgraded to a middle school in ? and now has too many applications and not enough space. Please fill in the attached Form B with regard to this existing school.

If we see it correctly, then there are two reasons for this new request:
1. the present facilities are not sufficient
2. Government requests that standards 5 and 6 be moved out from lower secondary schools.

But - Bethesda Middle School is a primary school plus middle school stanrds 4 - 7 ? So you need new classroom space for these four forms that have to move out? But then this means that the present school again is only a primary school? Would you gradually want to build a new school with 2o classrooms for looo studnents? Would you please carefully fill in the attached Form A with regard to population numbers etc. and Form C with regard to your plans.

Please, send us a siteplan on the existing facilities and let us know in which state theye are. Have you received help for their renovation or expansion in the last years? Is the Bethesda Womens's Training Center on the same compound?

Gossner Mission

Gossner
Mission

Please send a general site-plan, and mark the existing buildings, the future ones, and send us a statement from which the ownership is confirmed. How do you calculate the operating expenses of $ 100,--? Does not the Government pay full expenses? Do you have enough teachers, and could we please have the curriculum.

These seem to be many questions for a relatively small grant, but we trust that you will understand that we must have a clear picture.

With best regards, and all our good wishes for a blessed Christmas and a happy New Year,

Sincerely yours,

Ref: 146 Construction of Hostel Building for Bethesda Women's Training School.

Dear Mr. Knutson

I want to report to you that the construction of the Bethesda Women's Training Hostel Building is now almost complete, save and except the necessary furniture and fittings have to be done. I am enclosing a set of Photographs to show you how the building looks like. I would be grateful if you would kindly forward some copies of the Photographs to the Donors that is "Latherhjaelpen" and tell them how grateful we are to the people of Sweden for their genesous help to the Indian Community in Chotanagpur.

I am also enclosing a copy of the Final Bill showing the total cost involved in the construction of the hostel. The bill will show that the amount has exceeded by a sum of Rs. 10,222/- over against the estimated cost of Rs. 48,861.75. We had already told you due to little variations in the original plans the cost would exceed by about Rs. 5,000/-, which we agreed to pay ourselves out of Local collections, but instead of Rs. 5,000/- in the Final Report an amount of Rs. 10,000/- has exceeded mainly because we had to raise the plinth level with Size-stones in consideration of the Level of the ground.

Gossner Mission

(Continued)

Item wise cost in plastering and brick work has exceeded, as would appear from the bill itself, and the comparative statement enclosed herewith. We have yet to find out how we could liquidate this excess amount.

We are planning to open this building for actual use in December. The building will be formally inaugurated on December, 10. When Bishop R.B. Manikam, president of the F.E.L.C.I comes to Ranchi, He will be requested to inaugurate it. We would be very much like to share this occasion with one of the Representatives of the L.W.F, but it seems it would not be posible. But we would like to express our grateful thanks to the C.D.S, L.W.F and to the people of Sweden and the "Lutherhjaepen" for making it possible to give as a building which would be used for the service of the community at large. The students and staff of our institution join us in sending their greetings to evrybody connected with the fulfillment of this project.

With Christian greetings of the advent.

Very Sincerely.

Re.: CDS 146 - Hostel for Bethesda Women's Training School

Dear Miss Bhengra,

Thank you very much for your letter of April 29, 1967 with which you also sent us two sets of the plan and a copy of the estimates. We have forwarded this material to the donor agency and we are happy to be able to confirm that Lutherhjaelpen agrees with the changes as outlined in accordance with your request.

We are sending you a check for an amount of

$ 4,000.--

which is 50 % of the sum approved. Kindly send us an acknowledgement of receipt in duplicate.

Before we are able to make another transfer we would need an accounting for the funds spent. However, we like you to bear in mind that transfers take a couple of weeks and that you should not exhaust the fund completely before you ask for another amount.

With best regards,

Yours sincerely,

Dear Mr. Knutson,

I am in receipt of your letter of April 24, and I am very sorry to find that you have not received my letter of April 3.with two sets of Plan and estimate.

In the estimate of the new Plan you will note that the amount is more than the sanctioned amount as prepared by Mr.K.Schwerk.But according to the present exchange valuation the amount sanctioned for hostel comes to Rs.43,000/-and thus the difference of Rs.5,000/- is still there.

As I had stated in my previous letter,the deviation in the Plan is quite indispensable from technical point of view and as a result of which we had to change our Plan and estimate. And although in my letter of April 3,.I had written for some adjustment, I would like to re-state that we would strictly adhere to the original budget of $5,890.The difference in the cost of building will be met out of Local contributions.

I would therefore request you to kindly explain this situation to the donors and arrange for earlier remittance of the money.We intend to take up the work immediately.

I am enclosing two sets of Plan and True Copy of estimate.

With best regards.

Re: CDS 146 - Hostel for Bethesda Women's Training School

Dear Miss Bhengra,

I received your very kind letter of February 16 together with the proposed plan.

I note that you together with Mr. Schwerk are proposing a change from the original plan of building the hostel on the first floor. You state that the approved budget will be adhered to. In order for us to get the proper approval of the donor agency, would you kindly send us estimates in duplicate showing how the new hostel will be constructed within the original budget. Also kindly send us one additional set of plans. Once we have the approval of the donor agency we will be able to give you the go-ahead to start the project.

You realize that we have to have the actual estimates approved so that as the project is implemented we will have some budget to go by as you send in your progress reports. We hope to hear from you soon.

Very sincerely yours,

Gossner Bethesda School

To

Pastor Seeberg,
Mission Inspector,
Gossner Mission,
Berlin.

Respected Sir,

We on behalf of the Head Quarters Congregation G.E.L. Church Ranchi, beg to submit the following informations:-

That, the G.E.L. Church in its Head-Quarters at Ranchi has one Gossner H. E.School (Boys).

In addition to this School the Headquarters Congregation at Ranchi has of its own upper Primary School recently handed over by the K.S.S. G.E.L. Church, Ranchi. The management Committee of the above School after taking necessary consultation from the Congregation upgraded the upper Primary into Middle standand under the nomenclature of the Gossner Boys' middle School. The reasons for upgradation are enumerated below:-

1. The existing H.E.School is not able to provide seats to the school going children.
2. This school is situated in the heart of the city surrounded by non-christian population.
3. The numbers of the students from all communities are increasing every year due to industrialisation of the areas and we have to cater to the educational needs of the population.

But we are very much handicapped in our expansion project due to paucity of fund. We are raising subscriptions for this and estimated collection is Rs. 5000/-- from the general public. With this amount the building construction has been started but due to shortage of fund we have not been able to complete it.

The total cost of the proposed Gossner Boys M.E. School is Rs. 30,000-00. The estimates along with the plan duly certified by the Engineer submitted for your perusal.

..... P.T.O.

We are therefore sending an appeal to our Christian brothers abroad through you for getting some financial assistance which would enable us to fulfill our project which we consider as very important for a city congregation like ours.

We shall be much thankful to you for extending your co-operation in the welfare of our school children.

Yours brothers in Christ.

Re: CDS 146 - Hostel for Bethesda Womens Training School

Dear Dr. Bage,

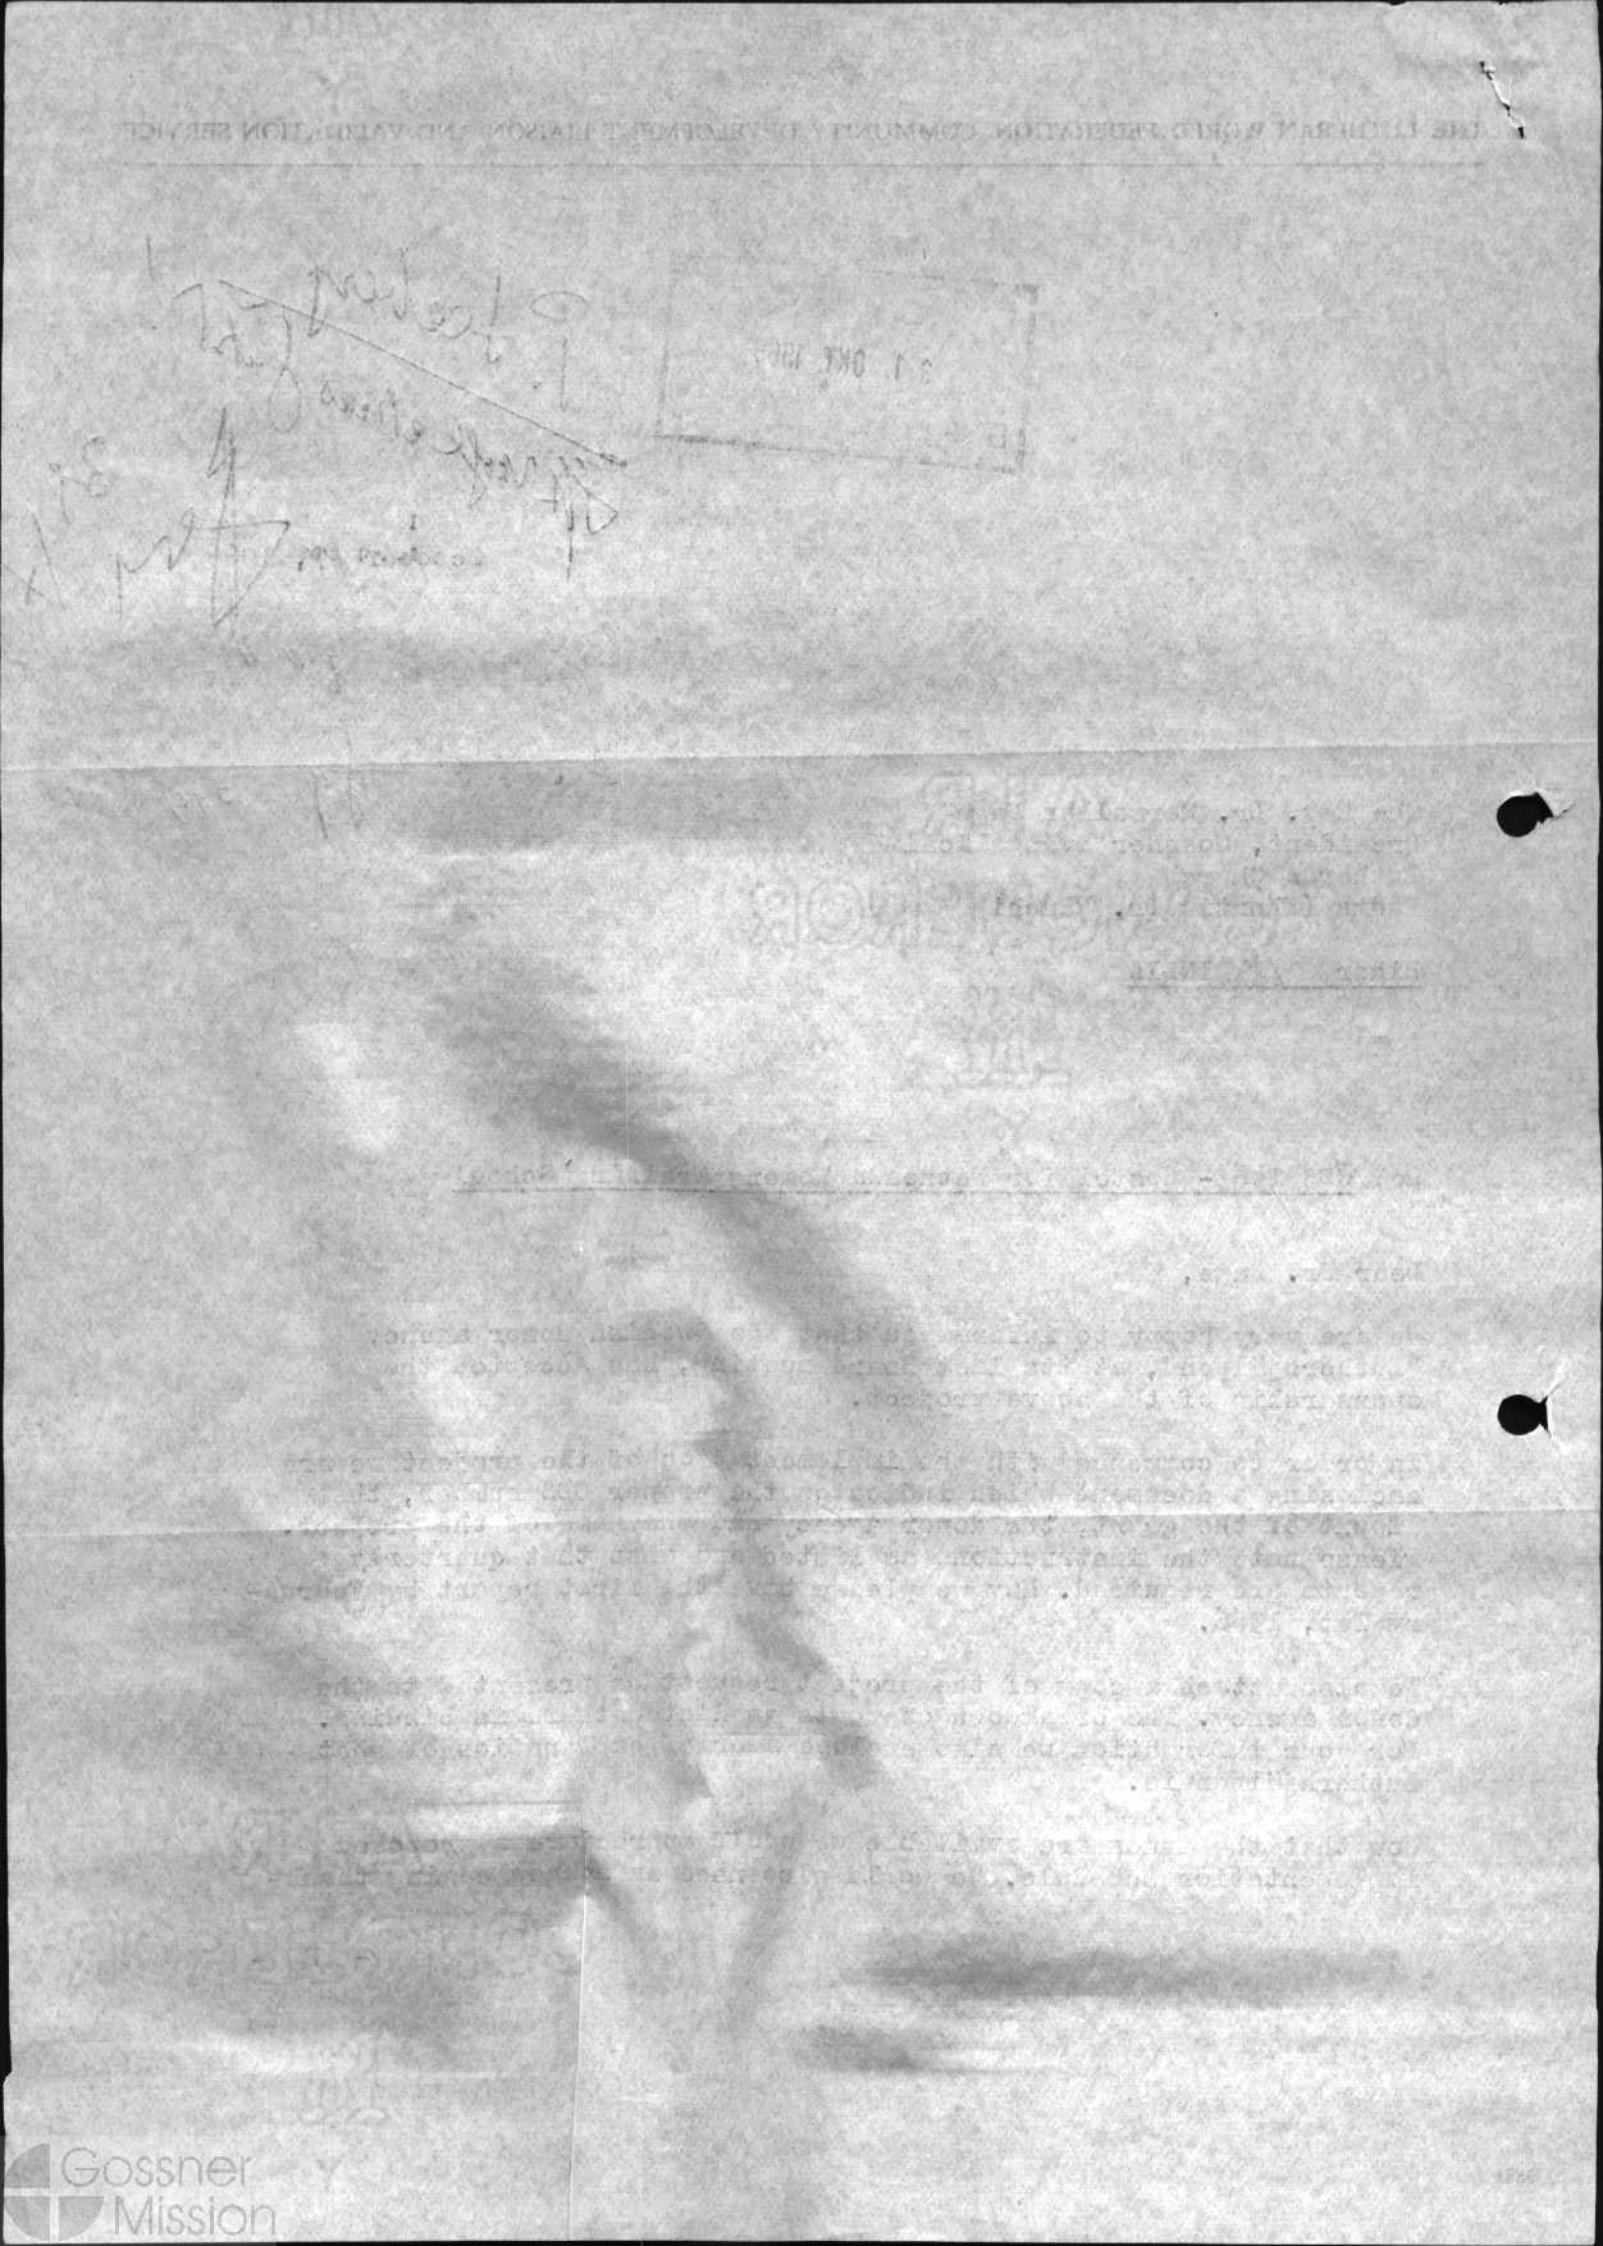

We are very happy to inform you that the Swedish donor agency "Lutherhjälpen", at its last Board meeting, has accepted the sponsorship of the above project.

In order to commence with the implementation of the project we are enclosing a document which indicates the proper CDS number, the amount of the grant, the donor agency and the name of the project. Please note the instructions as listed and also that quarterly reports are required. May we please have the first report by February 1st, 1966.

We also attach a copy of the project request as presented to the donor agency. The breakdown of costs as listed there is binding. For your information we also enclose a brief explanation of what Lutherhjälpen is.

Now that the funds are available we would appreciate a proposed implementation schedule. We would also need an acknowledging thank-
